**The War Magician** David Fisher,2023-04-18 Based on an extraordinary true story and soon to be a major film produced by and starring Benedict Cumberbatch, The War Magician is the remarkable tale of the man who used the powers of illusion to fight the Nazis—and created the most remarkable feat of legerdemain since the Trojan Horse. How an Illusionist Changed the Course of World War II When England went to war against Hitler in 1939, it mobilized its entire military and industrial resources. But there was no place in that vast army for legendary stage magician Jasper Maskelyne, whose family was renowned for creating modern theatrical illusions. Maskelyne was determined to fight the Nazis using his only weapon: he intended to apply the techniques of popular magic to the battlefield. Initially ignored and ridiculed by the staid military leadership, he eventually cajoled his way into the Camouflage Section and was sent to the western desert, where he created a new type of warfare. With his small group of artists, the Magic Gang, Maskelyne designed and developed ingenious weapons, then tricked the Desert Fox, General Rommel, and his fabled Afrika Korps into believing there were tanks and battleships where there were none, concealed the Suez Canal, and even successfully “moved” Alexandria harbor. But it required all his skills to pull off perhaps the largest and most complex magic trick in history. As General Bernard Montgomery told Maskelyne on the eve of the Battle of El Alamein, “The entire war will turn on what happens here. What I am about to ask you to do is impossible. It can’t be done, but it must be done. I hope you’ve brought your magic wand with you.” This is the fact-based story of the illusion that won the war in the desert.

The Cinema of Stephanie Rothman Alicia Kozma,2022-10-17 The rare woman director working in second wave exploitation, Stephanie Rothman (b. 1936) directed seven successful feature films, served as the vice president of an independent film company, and was the first woman to win the Directors Guild of America’s student filmmaking prize. Despite these career accomplishments, Rothman retired into relative obscurity. In *The Cinema of Stephanie Rothman: Radical Acts in Filmmaking*, author Alicia Kozma uses Rothman’s career as an in-depth case study, intertwining historical, archival, industrial, and filmic analysis to grapple with the past, present, and future of women’s filmmaking labor in Hollywood. Understanding second wave exploitation filmmaking as a transitory space for the industrial development of contemporary Hollywood that also opened up opportunities for women practitioners, Kozma argues that understudied film production cycles provide untapped spaces for discovering women’s directorial work. The professional career and filmography of Rothman exemplify this claim. Rothman also serves as an apt example for connecting the structure of film histories to the persistent strictures of rhetorical language used to mark women filmmakers and their labor. Kozma traces these imbrications across historical archives. Adopting a diverse methodological approach, *The Cinema of Stephanie Rothman* shines a needed spotlight on the problems and successes of the memorialization of women’s directorial labor, connecting historical and contemporary patterns of gendered labor disparity in the film industry. This book is simultaneously the first in-depth scholarly consideration of Rothman, the debut of the most substantive archival materials collected on Rothman, and a feminist political intervention into the construction of film histories.

**Tashlinesque** Ethan de Seife,2012-03-01 Frank Tashlin (1913–1972) was a supremely gifted satirist and visual stylist who made an indelible mark on 1950s Hollywood and American popular culture—first as a talented animator working on Looney Tunes cartoons, then as muse to film stars Jerry Lewis, Bob Hope, and Jayne Mansfield. Yet his name is not especially well known today. Long regarded as an anomaly or curiosity, Tashlin is finally given his due in this career-spanning survey. *Tashlinesque* considers the director’s films in the contexts of Hollywood censorship, animation history, and the development of the genre of comedy in American film, with particular emphasis on the sex, satire, and visual flair that comprised Tashlin’s distinctive artistic and comedic style. Through close readings and pointed analyses of Tashlin’s large and fascinating body of work, Ethan de Seife offers fresh insights into such classic films as *Will Success Spoil Rock Hunter?*, *The Girl Can’t Help It*, *Artists and Models*, *The Disorderly Orderly*, and *Son of Paleface*, as well as numerous Warner Bros. cartoons starring Porky Pig, among others. This is an important rediscovery of a highly unusual and truly hilarious American artist. Includes a complete filmography.

The Encyclopedia of Sexism in American Films Salvador Jimenez Murguía, Erica Joan Dymond, Kristina Fennelly, 2019-12-15 The treatment—and mistreatment—of women throughout history continues to be a necessary topic of discussion, in order for progress to be made and equality to be achieved. While current articles and books expose troubling truths of the gender divide, modern cinema continues to provide problematic depictions of such behavior—with a few heartening exceptions. The Encyclopedia of Sexism in American Films closely examines the many, pervasive forms of sexism in contemporary productions—from clueless comedies to superhero blockbusters. In more than 130 entries, this volume explores a number of cinematic grievances including: the objectification of women's bodies the limited character types available for female performers the lack of sexual diversity on the screen the limited range of desirable traits for female performers the use of gratuitous sex the narrow focus on heteronormative depictions of courtship and romance The films discussed here include *As Good as It Gets* (1999), *Beauty and The Beast* (2017), *The Devil Wears Prada* (2006), *Do the Right Thing* (1989), *Easy A* (2010), *The Forty-Year-Old Virgin* (2005), *Hidden Figures* (2016), *Lost in Translation* (2003), *Mulholland Drive* (2001), *Showgirls* (1995), *The Silence of the Lambs* (1991), *Star Wars* (1977), *Thelma & Louise* (1991), *Tootsie* (1982), *The Witches of Eastwick* (1987), and *9 to 5* (1980). By digging deeply into more insidious forms of sexual/gender discrimination, this book illuminates one more aspect of women's lives that deserves to be understood. Offering insights and analysis from more than fifty contributors, *The Encyclopedia of Sexism in American Films* will appeal to scholars of cinema, gender studies, women's studies, and cultural history.

*Monsters and Monstrosity in Media: Reflections on Vulnerability* Yeojin Kim, Shane Carreon, 2024-04-16 As monstrous bodies on-screen signal a wide range of subversive destabilization of the notions of identity and community, this anthology asks what meanings monsters and monstrosity convey in relation to our recent circumstances shaped by neoliberalism and the pandemic that have led to the intensified tightening of border controls by nation-states, the intensive categorization of (un)identifiable bodies, and subsequent forms of isolations and detachments imposed by social distancing and the rapid transition of sociality from reality to virtual reality. Presenting various thinkings along the lines of the body and its representations as cultural text, together with popular or recent media productions showing various bodies deemed to be monstrous as they either cross conventionally held borders or stay in liminal spaces such as between human-animal, human-machine, virtual bodies-corporeal flesh, living-death, and other permeable borders, this volume looks into the on-screen constructions of the monster and monstrosity not only as they represent notions of difference, perceived (non)belongings, and disruptions of traditional identity markers, but also as they either conceal various vulnerabilities or implicitly endorse violence towards the labeled Other.

Secrets of the Force Edward Gross, Mark A. Altman, 2021-07-13 From the authors of *The Fifty-Year Mission* and *So Say We All*, comes the first and only comprehensive oral history of the Star Wars movie franchise. For the past four decades, no film saga has touched the world in the way that Star Wars has, capturing the imaginations of filmgoers and filmmakers alike. Now, for the first time ever, Edward Gross and Mark A. Altman, the bestselling authors of *The Fifty-Year Mission*, are telling the entire story of this blockbuster franchise from the very beginning in a single exhaustive volume. Featuring the commentaries of hundreds of actors and filmmakers involved with and impacted by Star Wars, as well as writers, commentators, critics, executives, authors, film historians, toy experts and many more, *Secrets of the Force*, will reveal all in Altman and Gross's critically acclaimed oral history format from the birth of the original film through the latest sequels and the new television series.

*The Myth Awakens* Ken Derry, John C. Lyden, 2018-09-13 The trailers for *Star Wars: The Force Awakens* made a strong impression on fans. Many were excited by what they saw as a return to the spirit of George Lucas's 1977 creation. Others—including several white supremacy groups—were upset and offended by key differences, most notably the shift away from a blond, blue-eyed, male protagonist. When the film was finally released, reactions similarly seemed to hinge on whether or not *The Force Awakens* renewed the “mythic” aspects of the original trilogy in ways that fans approved of. *The Myth Awakens* examines the religious implications of this phenomenon, considering the ways in which myth can function to reinforce “traditional” social and political values. In their analyses the authors of this book reflect on fan responses in relation to various elements of (and changes to) the Star Wars canon—including toys, video games, and novels, as well as several of the films. They do so using a variety of critical tools, drawing from studies of gender, race, psychology, politics, authority, music, ritual, and memory.

**The Value Gap** Courtney Brannon Donoghue, 2023-08-08 How female directors, producers, and writers navigate the challenges and barriers facing female-driven projects at each stage of filmmaking in contemporary Hollywood. Conversations about gender equity in the workplace accelerated in the 2010s, with debates inside Hollywood

specifically pointing to broader systemic problems of employment disparities and exploitative labor practices. Compounded by the devastating #MeToo revelations, these problems led to a wide-scale call for change. The Value Gap traces female-driven filmmaking across development, financing, production, film festivals, marketing, and distribution, examining the realities facing women working in the industry during this transformative moment. Drawing from five years of extensive interviews with female producers, writers, and directors at different stages of their careers, Courtney Brannon Donoghue examines how Hollywood business cultures “value” female-driven projects as risky or not bankable. Industry claims that “movies targeting female audiences don’t make money” or “women can’t direct big-budget blockbusters” have long circulated to rationalize systemic gender inequities and have served to normalize studios prioritizing the white male-driven status quo. Through a critical media industry studies lens, The Value Gap challenges this pervasive logic with firsthand accounts of women actively navigating the male-dominated and conglomerate-owned industrial landscape.
