Tom Cotter's Best Barn-Find Collector Car Tales Tom

Cotter, 2018-09-04 Tom Cotter is the best-known barn-find collector-car expert working today. Tom Cotter's Best Barn-Find Collector Car Tales pulls together his best barn find stories from America and around the globe. Tom Cotter bought his first barn find some 50 years ago and has never looked back. Over the proceeding decades, he has continued to unearth automotive gems, some of which reside in his garage and others found just for the pleasure of the hunt. Tom's passion for automotive archaeology has made him a nexus for other barn finders, whose stories he has collected for more than 20 years. He's further expanded the scope of his passion as host for The Barn Find Hunter, a Hagertys-sponsored webcast with over 20 episodes now available. Tom Cotter's Best Barn-Find Collector Car Tales pulls together the very best stories from Cotter's previous books and adds several new tales, all of which are presented in this handsome hardcover edition. From Shelby Cobras, to classic Duesenbergs, to Harley hoards and lost supercars, Cotter brings to light the most amazing, outrageous, and unexpected finds he and his barn-finding brethren have discovered.

The NextGen Guide to Car Collecting Robert C.

Yeager, 2022-10-25 Satisfy your dream collector-car desires with this one-stop reference for starting or expanding your collection beyond traditional classics and muscle cars. Focusing on the interests and needs of Generation X and Millennial car collectors, The NextGen Guide to Car Collecting offers a concise history of car collecting to present day, guidance on car buying and living the car-collector life, and an overview of collector cars with a focus on cars built from the 1970s through the 1990s while also touching on more contemporary cars. Chapters highlight Japanese, American, and European cars, particularly those models that have experienced the greatest growth in collector

interest over the past decade. The NextGen Guide to Car Collecting explores the many ways the Internet and social media have changed the classic car marketplace. You'll learn how to buy a classic car online without suffering buyer's remorse, as well as the four critical keys to a happy collector-vehicle relationship: 1) possessing discretionary cash for the initial purchase; 2) obtaining a thorough knowledge of the car and its ownership; 3) the critical pre-purchase inspection; and 4) access to a work space. You'll also find out why the popularity of late twentieth-century specialty cars will continue to grow (think increasing electronic complication and the still-large number of enthusiasts for whom "self-driving" means driving themselves) and explore the attributes that makes these cars desirable collector vehicles. In addition, the book looks at the significant increases in quality and reliability of post-1970s machines and how that impacts their collectibility. Finally, learn why expectations that your newfound classic could outlast our current crop of lithium-ion-dependent electric cars may not be unrealistic: recent developments like ride-hailing and sharing services; expanded public transit; rental bikes and scooters; and garage condos and other storage options could actually extend the life of your "new" classic permitting you to truly tailor the use of your classics. Whether your collection requires a one-stall garage or a pole barn, the practical, useful information and keen perspective of The NextGen Guide to Car Collecting will ensure you pull this volume from your shelf time and again.

Barrett-Jackson Larry Edsall, 2006-11-15 Tom Barrett had a

1933 Cadillac V-16 Town Car he wanted to sell; Russ Jackson came to see it. How this simple meeting between two car buffs in Scottsdale, Arizona, in 1960 started what would someday be the most prestigious collector car auction in the world is the story told in Barrett-Jackson: The World's Greatest Collector Car Event. Highlighting some of the most important collector cars ever offered, and featuring photographs from Barrett-Jackson's extensive collection, this book follows the unfolding of a lifelong friendship and partnership—and the building of a brilliant tradition. From the 1967 fund-raiser Fiesta del los Auto Elegance to the first classic car auction in 1971, from the trend- (and record-) setting events that made their name to the high-tech, family-run enterprise Barrett-Jackson has become, the book chronicles a legend built on a mutual passion—an American success story founded on that most American of icons, the classic car. Broadcast on SpeedTV for 33 hours in 2005, the 35th annual Barrett-Jackson auction was more than an auction of the world's finest cars - it's become a media sensation, with great ratings and repeat airings over the past year. This book is an incredible collectible for anyone who loves collector cars - from the one-of-a-kind prototype concept cars that command millions, to cars with an amazing celebrity pedigree, to the rarest original condition muscle cars hot today - it's all here. Author Larry Edsall interviewed the Barretts and the Jacksons and combed through their archives to create a stunning tribute to the people and cars behind the world's top car event.

Barn Find Road Trip Tom Cotter, 2015-09-28 Great collector cars are still out there--just waiting to be found! Sadly, there is very little reality in reality TV. That wouldn't be so bad except for the fact that these shows are the only TV shows for the barn-find collector car aficionado. Barn Find Road Trip is the antidote to all the manufactured collector reality shows. It's a real-world, barn-find banzai run in which auto archaeologist Tom Cotter, his car collector pal Brian Barr, and photographer Michael Alan Ross embarked on a 14-day collector-car-seeking adventure with no predetermined destinations. It's barn-find freestyle! Roaming the Southeast, they documented their day-to-day car search in photos and through stories and interviews. This trip is absolutely real

and the same kind of junket any gearhead with the skills, knowledge, and time can undertake. Cotter and company hit the road in Cotter's 1939 Ford Woody, the kind of car that opened doors and started the conversations that revealed where interesting cars were squirreled away. The result? The discovery of over 1,000 collector cars and some of the most amazing barn-find stories Cotter has yet unearthed, all accompanied by Ross' evocative photography. If you love stories of automotive adventure, this is the book for you!

Classic Car DK,2023-04-11 When I see an Alfa Romeo, I lift my hat. Henry Ford Few things ignite such reverence as a classic car. With more than 250 iconic models from the 1940s to the 1980s, photographed from every angle, this title is a glorious celebration of the stars in the classic car firmament. Edited by award-winning automotive journalist Giles Chapman, *Classic Car* brings you the story of more than 20 great marques, including household names Bentley, Mercedes, Ferrari, Cadillac, and Aston Martin. Its lavish photography reveals every detail in close-ups of models that range from the 1940s giant two-ton Daimler DE36, which ferried royals about in style, through to sleek Ferraris from the 1980s capable of smashing the 200mph barrier. It puts you in the driving seat of such icons as the Chevrolet Corvette, the Ford Thunderbird, and the Mercedes 300SL and brings you the designers of these amazing machines and the story of their manufacturers. Whether you dream of owning one of these super-cool cars or you are a collector already, *Classic Car* is set to become a treasured favorite.

Motor City Barn Finds Tom Cotter,2017-06-01 Tom Cotter returns to troll through Detroit and discover long forgotten classics in *Motor City Barn Finds*. You won't believe some of the rides he finds. Detroit has been America's Motor City for decades. It's home to Ford, General Motors, and Chrysler, as well as numerous auto industry companies and specialty and speed shops. At the same time, it's the poster child for urban blight and

dysfunction. It's truly a city of contrasts, which presented challenges and opportunities in equal measure to barn finder Tom Cotter. In *Motor City Barn Finds*, Cotter plies his trade in a locale rich with automotive history. Detroit's lost cars are abandoned in empty lots, resident in decrepit buildings, squirreled away in garages, and stashed in historic wrecking yards. Behind the wheel of his classic 1939 Ford Woodie, Cotter trolls the back streets and neighborhoods of this historic city looking for lost automotive gems accompanied by photographer Michael Alan Ross. As America's Motor City, Detroit is an emotional and historical mecca for car enthusiasts, capable of drawing hundreds of thousands of car people for events like Woodward Dream Cruise and attracting design-forward companies like Shinola. At the same time, it's intimidating to navigate, with numerous dodgy neighborhoods and risky abandoned factory sites. Add it all together and you have fascinating and intriguing opportunities to dig for barn-find gold.

Car Collecting Steve Linden, 2008-03-15 In today's market, Businessweek recently remarked, "it's hard to get hurt buying a good collector car. If you do your homework, buy the right car, and enjoy it sensibly, you'll maximize the return on your investment." This book is aimed at making just such a rewarding purchase possible. For anyone considering buying a collector car, whether for profit or pleasure, veteran appraiser and restorer Steve Linden clearly outlines the pitfalls to avoid, rules to follow, factors to consider, and terms and procedures to know. His book provides an introduction to the process of buying a collector car, with sections looking at the special issues that arise before, during, and after a purchase, as well as a chapter devoted to general questions. Choosing and locating the right model, budgeting, purchasing at auctions (on-line, local, and out-of-state), insuring, restoring, and maintaining; Linden addresses all of these topics in an expert and accessible way. His book also contains helpful checklists--covering questions for sellers,

documentation, and inspections--as well as a glossary and a complete appendix of resources. The result is a unique and invaluable reference, one that no prospective collector should be without. See Motorbooks author Steve Linden interviewed by Jay Leno on JayLenosGarage.com:
