

Colonial Liner

United States Tariff Commission

Sailing to America James E. Knight, 1982
Describes the 1633 voyage of the ship Treadwell carrying Puritans and colonists from England to the New World.

The Colonial Clippers Basil Lubbock, 1921

The Colonial Merchantman Susan Constant, 1605
Brian Lavery, 1988

The Colonial Clippers Basil Lubbock, 2023-10-29
The Colonial Clippers by Basil Lubbock is a captivating exploration of the legendary sailing ships known as colonial clippers. Lubbock's meticulous research and vivid descriptions bring these historic vessels to life, offering readers a glimpse into the golden age of sailing. From their construction and design to their role in global trade, Lubbock covers various aspects of these majestic ships. This book is a treasure trove of maritime history and a must-read for anyone interested in the world of sailing and seafaring adventures.

The Old Fall River Line Roger Williams
McAdam, 1955

In Pursuit of Dorothie Donald Paul Upchurch, Lucy Daniels, 2018-06-21
Why did the first English explorers sent by Queen Elizabeth to America abandon the first colony in 1587? This book reveals clues to the mystery surrounding the ships and the settlements along the shores of the Outer Banks, North Carolina, during the birth of our nation. Sir Walter Raleigh organized explorations using his own ships and sent famous, skilled men like Ralph Lane, Thomas Harriot, and John White, who sailed the Inner Banks of North Carolina

looking for the best ports and resources. They mapped and searched for an inner coastal path to Chesapeake Bay and a trail to the Pacific, recording exchanges of information and goods with the Native Americans. Join author and historian Don Upchurch as he shares 20 years of research that began with the original narratives written by the first English colonists and captains who sailed our sounds and rivers. History abounds on these shores and may hide the decaying remains of the only ship left from the abandoned colony. Dorotheie.

Some Notes on Shipbuilding and Shipping in Colonial Virginia Cerinda W. Evans, 2014

Historic Events of Colonial Days Rupert Sargent Holland, 2015-10-13 The good ship Lyon had been sixty-seven days outward bound from the port of Bristol, in England, when she dropped anchor early in February, 1630, at Nantasket, near the entrance of Boston Harbor, in New England. The ship had met with many winter storms, and passengers and crew were glad to see the shores of Massachusetts. On the ninth of February the Lyon slipped through a field of drifting ice and came to anchor before the little settlement of Boston. On board the ship was a young man who was to play an exciting part in the story of the New World.

Historic Events of Colonial Days Rupert S. Holland, 2013-08-01 Early American history is brought to life in this thrilling collection of tales from the period surrounding the tumultuous birth of the nation. It's a must-read for history buffs, or for students seeking a much more enthralling take on topics like Puritanism,

pirates, witchcraft, and slave revolts that are often recounted in a dry, musty manner in textbooks.

On board the ship was a young man who was to play an exciting part in the story of the New World.

Liner Predominance in Transoceanic Shipping
Eugene Tyler Chamberlain,1927

A Postcard History of the Passenger Liner

Christopher Deakes, 2023-10-01 From around 1880, for almost a hundred years, shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes they travelled, their exotic destinations, and life onboard. These paintings, rich in imagination and atmosphere, appeared on postcards and posters of the day and were used to advertise the companies and their ships; and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner. In 1900, there were over thirty shipping companies operating passenger liners across the North Atlantic. Other oceans were similarly served. But now, with just a few exceptions, the companies and their liners have disappeared along with the art they once inspired. Little remains to recall this aspect of our maritime past except the postcards; and they tell an evocative story of the vanished world of elegant ships and leisurely travel, of social and political times much changed by the history of the past century. Here, brought vividly to life in more than 500 colourful postcards, are the ships on which so many of our predecessors sailed—as emigrants, soldiers, administrators, or simply as tourists—in days long past. These cards, which are now highly collectable, show how steamships developed over the years, but they are also a fine tribute to the artists who painted them. This volume also includes a glossary of some 170 illustrators, which forms an important reference section, and advice on collecting.

Colonial Clippers Lubbock Basil,1901

Ocean Liners Peter Newall,2018-01-30 "A truly comprehensive publication, running the gamut from the first Atlantic sail-enhanced steamers to today's remaining handful of combi-liners."
—Maritime Matters Before the advent of the jet age, ocean liners were the principal means of transport around the globe, and carried migrants and business people, soldiers and administrators, families, and lone travelers to every corner of the world. Though the ocean liner was born on the North Atlantic it soon spread to all the other oceans and in this new book the author addresses this huge global story. The account begins with Brunel's Great Eastern and the early Cunarders, but with the rise in nationalism and the growth in empires in the latter part of the 19th century, and the opening of the Suez Canal in 1869, the colonial powers of Spain, France, and Germany soon established shipping lines of their own, and transpacific routes were opened up by Japanese and American lines. The golden age between the two world wars witnessed huge growth in liner traffic to Africa, Australia and New Zealand, India, and the Far East, the French colonies, and the Dutch East and West Indies, but then, though there was a postwar revival, the breakup of empires and the arrival of mass air travel brought about the swan song of the liner. Employing more than 250 stunning photographs, the author describes not

just the ships and routes, but interweaves the technical and design developments, covering engines, electric light, navigation and safety, and accommodation. A truly unique and evocative book for merchant ship enthusiasts and historians.

The Fabulous Interiors of the Great Ocean Liners in Historic Photographs William H., Jr.

Miller, 2013-07-24 200 superb photographs capture exquisite interiors of world's great floating palaces – 1890s to 1980s: Titanic, Ile de France, Queen Elizabeth, United States, Europa, more.
