The Rifle Andrew Biggio,2021-06-01 It all started because of a rifle. The Rifle is an inspirational story and hero's journey of a 28-year-old U.S. Marine, Andrew Biggio, who returned home from combat in Afghanistan and Iraq, full of questions about the price of war. He found answers from those who survived the costliest war of all -- WWII veterans. It began when Biggio bought a 1945 M1 Garand Rifle, the most common rifle used in WWII, to honor his great uncle, a U.S. Army soldier who died on the hills of the

Italian countryside. When Biggio showed the gun to his neighbor, WWII veteran Corporal Joseph Drago, it unlocked memories Drago had kept unspoken for 50 years. On the spur of the moment, Biggio asked Drago to sign the rifle. Thus began this Marine's mission to find as many WWII veterans as he could, get their signatures on the rifle, and document their stories. For two years, Biggio traveled across the country to interview America's last-living WWII veterans. Each time he put the M1 Garand Rifle in their hands, their eyes lit up with memories triggered by holding the weapon that had been with them every step of the war. With each visit and every story told to Biggio, the veterans signed their names to the rifle. 96 signatures now cover that rifle, each a reminder of the price of war and the courage of our soldiers.

Night Dogs Kent Anderson,2018-11-13 Acclaimed crime writer Kent Anderson's fiercely authentic and deeply disturbing police novel, following a Vietnam veteran turned cop on the meanest streets of 1970s Portland, Oregon (Los Angeles Times). Two kinds of cops find their way to Portland's North Precinct:

those who are sent there for punishment, and those who come for the action. Officer Hanson is the second kind, a veteran who survived the war in Vietnam only to decide he wanted to keep fighting at home. Hanson knows war, and in this battle for the Portland streets, he fights not for the law but for his own code of justice. Yet Hanson can't outrun his memories of another, warmer battleground. A past he thought he'd left behind, that now threatens to overshadow his future. An enemy, this time close to home, is prying into his war record. Pulling down the shields that protect the darkest moments of that fevered time. Until another piece of his past surfaces, and Hanson risks his career, his sanity--even his life--for honor.

But this is no ordinary case of lactose larceny. When she and her former partner Kenji uncover a connection to an old intelligence operation, they realize Delphine could be framed for more than fromage. The only way to clear her name is to find the real culprit and solve both cases. But who is friend and who is foe? The one person she can trust is Detective Roland Magnusson—and he's less than thrilled to be on the case. Roland and Delphine must put their animosity aside to brave the Los Angeles cheese underground. And unless they can sniff out the true criminal soon, Delphine could lose more than her reputation. Chigger Hollow Ben Schneider, 2023-10-30 Though stressed by her irrational boss at a women's shelter,

Since authorities would misread Renée's fishy past, Sonya launches her own search-and-rescue attempt. Gunfights and motorbike chases ensue across a labyrinth of backwoods trails. One leads to an ominous valley not meant to be found—an enigma that will lower the odds of anyone leaving the Rockies alive. But Sonya is armed to the teeth and ready to face the darkest—and perhaps final—weekend of her life. Suspense and humor run as high as the body count in this offbeat, third installment of Ben Schneider's expertly crafted Chrome Mountain Saga.

Foundations of Sniper Marksmanship John C. Simpson,2019 This book is more weighted toward the marksmanship side of things. This is because it's important to establish a solid foundation of training in the classic marksmanship positions before you start to worry about tactical application. As described in the last few editions of the American Sniper Association Sniper Utilization Survey police snipers have made successful shots against bad guys from the prone, sitting, kneeling and standing positions. It's hoped that you are reading this because you want to prepare ahead of time to attend a Snipercraft Basic or Advanced Sniper Course, because that's the intended audience of this handbook; however this text will help prepare you for any good police sniper school.--Provided by publisher.

Smith & Wesson Hand Guns Roy C. McHenry,Walter F. Roper,2013-06-01 “The story of Smith &

Wesson handguns and their evolution is one of the hallowed tales of American firearms' history," according to the firearms writer Jim Casada. Anyone who collects Smith & Wessons or is simply interested in their backstory will cherish this book. Though originally published in 1945, more than half a century ago, Smith & Wesson Hand Guns remains the source for Smith & Wesson enthusiasts. It is an authoritative reference and has remained, for over five decades, the cornerstone upon which Smith & Wesson research rests. This work is foundational, supported by sixty-three detailed illustrations showing the handguns, the unique hammer mechanism, and facsimile reproductions of vintage advertising copy. The first twenty-four chapters of the book, which tell the story of Smith and Wesson and the development of Smith & Wesson handguns, are very informative. After the reader becomes familiar with Smith and Wesson's history together, as well as their creation of a business, illustrations exhibiting Smith & Wesson handguns will show rather than tell of their magnificence. Finally, descriptions of different caliber guns are given, where readers will gain invaluable information regarding Smith & Wesson handguns. For any Smith & Wesson enthusiast or collector, this work is impossible to put down.

Handgunner's Guide Chic Gaylord, 2000-11-01 In his day, Chic Gaylord was the top gun in the world of

combat shooting, enjoying a reputation as one of the fastest and most accurate shooters around. This Paladin collector's edition of Handgunner's Guide is a faithful reproduction of his 1960 classic that revolutionized the holster industry (even today Gaylord is considered the premiere designer of modern concealment holsters) and, to a great extent, changed the way we view tactics and techniques to survive and win a gunfight. Although some of the weapons discussed in this book are no longer available, a surprising amount of the information is still as tactically sound and relevant today as it was 40 years ago when used by a wide variety of U.S. federal and local law enforcement agencies and several European and Latin American countries to train their elite shooters. This release is intended to provide an accurate account of Chic Gaylord's genius and his craft and to perpetuate it for new generations of shooters.
