Crisis of Command Stuart Scheller, 2022-09-06 Wall Street Journal Bestseller USA Today Bestseller Publishers Weekly Bestseller As Seen on Tucker Carlson Combat-decorated Marine officer Stuart Scheller speaks out against the debacle of the Afghan pullout as the culmination of a decades-long and still-ongoing betrayal of military members by top leadership, from generals to the commander in chief, comes to light. Lieutenant Colonel Stuart Scheller was the perfect Marine. Battle tested. A leader. Decorated for valor. Yet when the United States acted like the Keystone Cops in a panicked haphazard exit from Afghanistan for political reasons, Scheller spoke out, and the generals lashed out. In fact, they jailed him to keep him quiet, claiming he lost the “trust and confidence” bestowed upon him by the Marines. When the faith and trust is exactly what our generals and even our commander-in-chief betrayed by exercising such reckless and derelict policies. Now Scheller is free from the shackles of the Marine Corps and can speak his mind. And in *Crisis of Command*, that he does. He holds our generals’ feet to the fire. The same generals who play frivolously with the lives of our service men and women for political gain. The same general who lied to political leaders to further their own agendas and careers. Stuart Scheller is here to say that the buck stops here. Accountability starts now. It’s time to demand accountability and stand up for our military. In this book, Stuart Scheller shows us how.

Shooter Sgt. Jack Coughlin, Casey Kuhlman, Donald A. Davis, 2007-04-01 The phenomenal New York Times bestseller *Shooter* captures a professional sniper's life, both on the battlefield--where he has racked up more than 60 confirmed kills--and off. Jack Coughlin is the Marine Corps' top-ranked sniper, the man who personally brings America's military muscle to the enemy's front door. In twenty years of active service, he has accumulated one of the most impressive records in the Corps, ranging through many of the world's hot spots. During Operation Iraqi Freedom alone, he recorded at least thirty-six kills, thirteen of them in a single twenty-four-hour period. In *Shooter*, Coughlin has written a highly personal story about his deadly craft, taking readers deep inside an invisible society that is off-limits to outsiders. This is not a heroic battlefield memoir, but the careful study of an exceptional man as he carries forward one of the deadliest legacies in the U.S. military.

Being Colonized Jan Vansina, 2010-03-18 What was it like to be colonized by foreigners? Highlighting a region in central Congo, in the center of sub-Saharan Africa, *Being Colonized* places Africans at the heart of the story. In a richly textured history that will appeal to general readers and students as well as to scholars, the distinguished historian Jan Vansina offers not just accounts of colonial administrators, missionaries, and traders, but the varied voices of a colonized people. Vansina uncovers the history revealed in local news, customs, gossip, and even dreams, as related by African villagers through archival documents, material culture, and oral interviews. Vansina's case study of the colonial experience is the realm of Kuba, a kingdom in Congo about the size of New Jersey—and two-thirds the size of its colonial master, Belgium. The experience of its inhabitants is the story of colonialism, from its earliest manifestations to its tumultuous end. What happened in Kuba happened to varying degrees throughout Africa and other colonized regions: racism, economic exploitation, indirect rule, Christian conversion, modernization, disease and healing, and transformations in gender relations. The Kuba, like others, took their own active part in history, responding to the changes and calamities that colonization set in motion. Vansina follows the region's inhabitants from the late nineteenth century to the middle of the twentieth century, when a new elite emerged on the eve of Congo's dramatic passage to independence.

The Freedom Fighter Murat Haner, 2017-09-11 The ability of terrorist groups to inflict death and destruction has markedly increased with technological advances in the areas of communication, transportation, and weapon capability. Using these new tools and networks, terrorists now seek to

inflict mass casualties worldwide. Given these realities, it is essential to research the factors that underlie a terrorist group's origins, grievances, and demands. Such insights might help others respond more effectively to insurgencies, especially when military campaigns to capture or kill every terrorist have proven unsuccessful. *The Freedom Fighter: A Terrorist's Own Story* explores why so many Kurdish people—especially young adults—join the Kurdistan Workers' Party (PKK) and conduct terrorist acts. Inspired by the ground-breaking classic, *The Jack-Roller: A Delinquent Boy's Own Story*, by Clifford R. Shaw, the author explores the issue of radicalization into terrorist organizations through the life-history method, enabling a PKK terrorist—or “freedom fighter”—to tell his story. Over a five-month period, the author interviewed “Deniz,” a high-level PKK terrorist in a Turkish prison, who during his time in the PKK rose from the lowest level to near the top in terms of terrorist operations. This riveting life history, told in Deniz's own words, provides unique insights into why someone becomes a “freedom fighter” and what such a life entails. The account provides extensive information on the PKK, including the group's recruitment, ideological and military training, armed strategies, internal structures and code of ethics, treatment of women, and goals for peace. Deniz's story not only explains why more Kurdish “freedom fighters” will be recruited to engage in terrorist acts, but also facilitates understanding of how “normal people” can become involved in conflict and organizations that are designated as “terrorist groups.” A foreword by renowned criminologist Francis T. Cullen helps contextualize the material. This book will interest students of criminology, terrorism/counterterrorism, political violence, and security.
