Sona Movsesian didn't wake up one day and decide to become the World's Worst Assistant. Achieving such greatness is a gradual process—one that starts with long hours and hard work before it eventually descends into sneaking low-dosage edibles into your lunch and napping on your boss's couch. With a foreword from Conan O'Brien, The World's Worst Assistant is populated with hysterical black-and-white illustrations, comics, and more. It's a mixture of how-tos (like How to Nap at Work and How to Watch TV at Your Desk), tips for becoming untouchable (like memorizing social security and credit card numbers and endearing yourself to friends and family), and incredible personal stories from Sona's twelve years spent working for Conan that put their adorable closeness and professional dysfunction on display. In these pages, Sona will explain her descent from eager, hard-working, ambitious, detail-orientated assistant to self-awarded title-holder for the worst in history. This book is irresistible fun you'll want to give to every young professional in your life. The War for Late Night Bill Carter,2010-11-04 Bill Carter, executive producer of CNN's docuseries The Story of Late Night and host of the Behind the Desk: Story of Late Night podcast, details the chaotic transition of The Tonight Show from host Jay Leno to Conan O'Brien—and back again. In 2010, NBC's CEO Jeff Zucker, had it all worked out when he moved Jay Leno from behind the desk at The Tonight Show, and handed the reins over to Conan O'Brien. But his decision was a spectacular failure. Ratings plummeted, affiliates were enraged—and when Zucker tried to put everything back the way it was, that plan backfired as well. No one is more uniquely suited to document the story of a late-night travesty than veteran media reporter and bestselling author, Bill Carter. In candid detail, he charts the vortex that sucked in not just Leno and O'Brien—but also Letterman, Stewart, Fallon, Kimmel, and Ferguson—as frantic agents and network executives tried to manage a tectonic shift in television's most beloved institution.

Working Robert A. Caro, 2019-04-09 "One of the great reporters of our time and probably the greatest biographer." —The Sunday Times (London) From the two-time Pulitzer Prize-winning author of *The Power Broker* and *The Years of Lyndon Johnson*: an unprecedented gathering of vivid, candid, deeply moving recollections about his experiences researching and writing his acclaimed books. Now in paperback, Robert Caro gives us a glimpse into his own life and work in these evocatively written, personal pieces. He describes what it was like to interview the mighty Robert Moses and to begin discovering the extent of the political power Moses wielded; the combination of discouragement and exhilaration he felt confronting the vast holdings of the Lyndon B. Johnson Library in Austin, Texas; his encounters with witnesses, including longtime residents wrenchingly displaced by the construction of Moses' Cross-Bronx Expressway and Lady Bird Johnson acknowledging the beauty and influence of one of LBJ's mistresses. He gratefully remembers how, after years of working in solitude, he found a writers' community at the New York Public Library, and details the ways he goes about planning and composing his books. Caro recalls the moments at which he came to understand that he wanted to write not just about the men who wielded power but about the people and the politics that were shaped by that power. And he talks about the importance to him of the writing itself, of how he tries to infuse it with a sense of place and mood to bring characters and situations to life on the page. Taken together, these reminiscences—some previously published, some written expressly for this book—bring into focus the passion, the wry self-deprecation, and the integrity with which this brilliant historian has always approached his work. To understand more about Robert Caro's research, see the Sony Pictures Classic documentary "Turn Every Page."

Conan O'Brien has been transformed from the high school student newspaper editor to the optimistic Harvard grad who headed out west in search for writing gigs in the entertainment industry, and finally to the public figure who was able to effectively leverage his writing talents to become a TV show host who easily connects to the audiences both on stage and at home. EXCERPT FROM THE BOOK Conan O'Brien's road to fame began gradually after working for several years as a TV writer and moving on to become a TV show host. While on a writers' strike from *Saturday Night Live* following the 1987-88 season, O'Brien put on an improvisational comedy revue called *Happy Happy Good Show* with fellow SNL writers Bob Odenkirk and Robert Smigel in Chicago. In 1989, O'Brien and other SNL writers received an Emmy Award for Outstanding Writing in a Comedy or Variety Series. Moreover, O'Brien occasionally appeared as an extra in sketches, like many SNL writers. Among his most notable appearances was as a doorman in a sketch in which Tom Hanks was inducted into the SNL "Five-Timers Club" for hosting his fifth episode. Another important milestone of O'Brien's career was his stint as a writer and producer for *The Simpsons* from 1991 to 1993. He was an active producer during seasons 4 and 5 (1992-93), as he would frequently contribute to scripts as well as come up with story ideas, plot points, and jokes. The style of the show's comedy during this period was also influenced by his sensibilities; for example, the episode "Marge vs. the Monorail" was cited by several former writers as the turning point in the show's history where more absurd and visual comedy became acceptable. In his Harvard Class Day speech, O'Brien credited *The Simpsons* with pulling him out of his career slump Buy a copy to keep reading!

Howard Stern Comes Again Howard Stern, 2019-05-14 Rock stars and rap gods. Comedy legends and A-list actors. Supermodels and centerfolds. Moguls and mobsters. A president. Over his unrivaled four-decade career in radio, Howard Stern has interviewed thousands of personalities—discussing sex, relationships, money, fame, spirituality, and success with the boldest of bold-faced names. But which interviews are his favorites? It's one of the questions he gets asked most frequently. *Howard Stern Comes Again* delivers his answer. This book is a feast of conversation and more, as between the lines Stern offers his definitive autobiography—a magnum opus of confession and personal exploration. Tracy Morgan opens up about his near-fatal car crash. Lady Gaga divulges her history with cocaine. Madonna reminisces on her relationship with Tupac Shakur. Bill Murray waxes philosophical on the purpose of life. Jerry Seinfeld offers a master class on comedy. Harvey Weinstein denies the existence of the so-called casting couch. An impressive array of creative visionaries weigh in on what Stern calls "the climb"—the stories of how they struggled and eventually prevailed. As he writes in the introduction, "If you're having trouble finding motivation in life and you're looking for that extra kick in the ass, you will find it in these pages." Interspersed throughout are rare selections from the *Howard Stern Show* archives with Donald Trump that depict his own climb: transforming from Manhattan tabloid fixture to reality TV star to president of the United States. Stern also tells of his Moby Dick-like quest to land an interview with Hillary Clinton in the run-up to the 2016 election—one of many newly written revelations from the author. He speaks with extraordinary candor about a variety of subjects, including his overwhelming insecurity early in his career, his revolutionary move from terrestrial radio to SiriusXM, and his belief in the power of psychotherapy. As Stern insightfully notes in the introduction: "The interviews collected here represent my best work and show my personal evolution. But they don't just show my evolution. Gathered together like this, they show the evolution of popular culture over the past quarter century."

The Late Shift Bill Carter, 2019-10-15 When beloved host Johnny Carson announced his retirement after thirty years on *The Tonight Show*, millions of Americans mourned. But inside the television industry, the news ignited a battle between two amazing talents - Jay Leno and David Letterman - who both yearned to occupy the departing legend's chair. For NBC, it would be a decision with millions of dollars at stake. Soon these two comedians with strikingly different styles, who had once shared a friendship as they worked the clubs together, would be engaged in a fierce competition for the prize--

Rad American History A-Z Kate Schatz, 2020-03-03 From the New York Times bestselling team behind *Rad American Women A-Z* comes an illustrated collection of radical and transformative political, social, and cultural movements in American history. "An engaging, fascinating, and necessary book that speaks truth to power."—Congresswoman Barbara Lee In *Rad American History A-Z*, each letter of the alphabet tells the story of a significant moment in America's progressive history—one that isn't always covered in history classes: A is for Alcatraz, and the Native occupation of 1969;

C is for the Combahee River Raid, a Civil War action planned in part by Union spy Harriet Tubman; Z is for Zuccotti Park, and the Occupy movement that briefly took over the world. Paired with dynamic paper-cut art by Miriam Klein Stahl, the entries by Kate Schatz explore several centuries of politics, culture, art, activism, and liberation, including radical librarians, Supreme Court cases, courageous youth, punk rocker grrrls, Southern quilts, and modern witches. In addition to the twenty-six core stories, short sidebars expand the discussion, and dictionary-style lists refer readers to additional key moments. So while F is for Federal Theater Project, a New Deal-era program that employed thousands of artists, F is also for Freedom Rides and First Amendment. E is for Earth First!, but also for Endangered Species Act and Equal Rights Amendment. There are tales of triumph, resilience, creation, and hope. Each engaging, fact-filled narrative illustrates an eye-opening moment that shows us how we got to now--and what we need to know about our histories to create a just and sustainable future. Advance praise for Rad American History A-Z "I wish I'd had Rad American History A-Z when I was growing up; it's a book I hope to read to my children one day. In such chaotic political times, this is a critical tool for young people to know how change happens, and to know that they, too, can make change happen. This book belongs on all library shelves as a transformative approach to history as we know it."--Alicia Garza, cofounder of Black Lives Matter Global Network

Assassination Vacation Sarah Vowell, 2005-04-04 New York Times bestselling author of *The Wordy Shipmates* and contributor to NPR's *This American Life* Sarah Vowell embarks on a road trip to sites of political violence, from Washington DC to Alaska, to better understand our nation's ever-evolving political system and history. Sarah Vowell exposes the glorious conundrums of American history and culture with wit, probity, and an irreverent sense of humor. With *Assassination Vacation*, she takes us on a road trip like no other—a journey to the pit stops of American political murder and through the myriad ways they have been used for fun and profit, for political and cultural advantage. From Buffalo to Alaska, Washington to the Dry Tortugas, Vowell visits locations immortalized and influenced by the spilling of politically important blood, reporting as she goes with her trademark blend of wisecracking humor, remarkable honesty, and thought-provoking criticism. We learn about the jinx that was Robert Todd Lincoln (present at the assassinations of Presidents Lincoln, Garfield, and McKinley) and witness the politicking that went into the making of the Lincoln Memorial. The resulting narrative is much more than an entertaining and informative travelogue—it is the disturbing and fascinating story of how American death has been manipulated by popular culture, including literature, architecture, sculpture, and—the author's favorite—historical tourism. Though the themes of loss and violence are explored and we make detours to see how the Republican Party became the Republican Party, there are all kinds of lighter diversions along the way into the lives of the three presidents and their assassins, including mummies, show tunes, mean-spirited totem poles, and a nineteenth-century biblical sex cult.
