Unlimited Replays William James Gibbons, 2018 This book explores the intersections of values and meanings in two types of replay: where video games meet classical music, and vice versa. From the bleeps and bloopers of 1980s arcades to the world's most prestigious concert halls, classical music and video games have a long history together. Medieval chant, classical symphonies, postminimalist film scores, and everything in between fill the soundtracks of many video games, while world-renowned orchestras frequently perform concerts of game music to sold-out audiences. Yet combining video games and classical music also presents a challenge to traditional cultural values around these media products. Classical music is frequently understood as high art, insulated from the whims of popular culture; video games, by contrast, are often regarded as pure entertainment, fundamentally incapable of crossing over into art. By delving into the shifting and often contradictory cultural

meanings that emerge when classical music meets video games, Unlimited Replays offers a new perspective on the possibilities and challenges of art in contemporary society. - William Gibbons is Assistant Professor of Musicology at Texas Christian University.

The Panopticon Jenni Fagan, 2013-07-23 Named one of Granta's Best of Young British Novelists Anais Hendricks, fifteen, is in the back of a police car. She is headed for the Panopticon, a home for chronic young offenders. She can't remember what's happened, but across town a policewoman lies in a coma and Anais is covered in blood. Raised in foster care from birth and moved through twenty-three placements before she even turned seven, Anais has been let down by just about every adult she has ever met. Now a counterculture outlaw, she knows that she can only rely on herself. And yet despite the parade of horrors visited upon her early life, she greets the world with the witty, fierce insight of a survivor. Anais finds a sense of belonging among the residents of the Panopticon—they form intense bonds, and she soon becomes part of an ad-hoc family. Together, they struggle against

the adults that keep them confined. But when she looks up at the watchtower that looms over the residents, Anais realizes her fate: She is an anonymous part of an experiment, and she always was. Now it seems that the experiment is closing in. Now with Extra Libris material, including a reader's guide and bonus content

Pimp Iceberg Slim, 2011-05-10 "[In *Pimp*], Iceberg Slim breaks down some of the coldest, capitalist concepts I've ever heard in my life." —Dave Chappelle, from his Netflix special *The Bird Revelation* *Pimp* sent shockwaves throughout the literary world when it published in 1969. Iceberg Slim's autobiographical novel offered readers a never-before-seen account of the sex trade, and an unforgettable look at the mores of Chicago's street life during the 1940s, 50s, and 60s. In the preface, Slim says it best, "In this book, I will take you, the reader, with me into the secret inner world of the pimp." An immersive experience unlike anything before it, *Pimp* would go on to sell millions of copies, with translations throughout the world. And it would have a profound impact upon generations of writers, entertainers, and filmmakers, making it the classic hustler's tale that never seems to go out of style.

Urban Grimshaw and The Shed Crew Bernard Hare, 2011-09-13 You're twelve years old. Your mother's a junkie and your father might as well be dead. You can't read or write, and you don't go to school. An average day means sitting round a bonfire with your mates smoking drugs, or stealing cars. Welcome to Urban's world. Bernard Hare was on society's margins, living on one of Leeds' roughest estates and with a liking for drink and drugs. So he knew what life in the underclass was like in '90s Britain. But even he was shocked when he met Urban, an illiterate, glue-sniffing twelve-year-

old. And through Urban he got to know the Shed Crew - an anarchic gang of kids between the ages of ten and fourteen; joy-riding, thieving runaways, who were no strangers to drugs or sex. Nearly all had been in care, but few adults really cared. Bernard decided to do what he could. He didn't know what he was letting himself in for.
