

# Crane

Steve Grooms

**The Paper Crane** Molly Bang, 1987-07-15 Business returns to a once prosperous restaurant when a mysterious stranger pays for his meal with a magical paper crane that comes alive and dances.

**The Crane** , 2003 In an ever-expanding city, one young man claims the job of his dreams, operator of the tallest crane around. Since others envy his position, he never leaves his crane, always eager for the day-and work-to begin. As the seasons pass, man and machine almost become one. The crane was a giant with iron sinews, and the craneman was its heart. Then people begin to hoard their goods, grinning ravens multiply throughout the land, and war is at hand. But the craneman never falters, remaining at his post even when the land is flooded, ready for reconstruction to begin.

**A Chorus of Cranes** Paul A. Johnsgard, 2020-01-27 A look at the natural history, biology, and conservation issues faced by cranes in North America, featuring beautiful photos. Accompanied by the stunning photography of Thomas D. Mangelsen, *A Chorus of Cranes* details the natural history, biology, and conservation issues surrounding the abundant sandhill crane and the endangered whooping crane in North America. Author Paul A. Johnsgard, one of the leading authorities on cranes and crane biology, describes the fascinating social behaviors, beautiful natural habitats, and grueling seasonal migrations that have stirred the hearts of people as far back as medieval times and garnered the crane a place in folklore and mythology across continents. Johnsgard has substantially updated and significantly expanded his 1991 work *Crane Music*, incorporating new information on the biology and status of these two North American cranes and providing abbreviated summaries on the other thirteen crane species of the world. The stories of these birds and their contrasting fates provide an instructive and moving history of bird conservation in North America. *A Chorus of Cranes* is a gorgeous and invaluable resource for crane enthusiasts, birders, natural historians, and conservationists alike. The University Press of Colorado gratefully acknowledges the generous support of the Iain Nicholson Audubon Center at Rowe Sanctuary, Audubon Nebraska, Ron and Judy Parks, Wagon Tongue Creek Farm, and the Trull Foundation toward the publication of this book. "In this glorious book, Paul Johnsgard and Tom Mangelsen have captured the very essence of these ancient birds—their beauty, grace of movement, and fascinating lives. It is a must for crane lovers, birders, and all who love the natural world." —Jane Goodall "Johnsgard is the world's leading synthesizer of our knowledge of birds and the presenter of such varied and complex information to both professional and lay audiences. He has made an enormous contribution to our planet . . . In his latest book, *A Chorus of Cranes*, the splendor of Johnsgard's lyrical style is matched by incomparable images from one of the world's best-known photographers, and fellow Nebraskan, Tom Mangelsen." —George Archibald, Co-Founder and Senior Conservationist, International Crane Foundation

**Crane Music** Paul A. Johnsgard, 1998-02-01 Graced with illustrations by the author, *Crane Music* introduces the two North American crane species. The sandhill, most often seen, is within easy reach of bird-watchers in the center of the continent. Less visible is the whooping crane, struggling back from near extinction. Paul Johnsgard follows these elegant birds through a year's cycle, describing their seasonal migrations, natural habitats, breeding biology, call patterns—angelic to the bird-lover's ear—and

fascinating dancing. The largest and most spectacular migratory concentration of cranes happens each spring when the Platte River valley becomes the staging ground for an amazing gathering of four hundred thousand to five hundred thousand sandhills en route from the South to the Arctic tundra. Johnsgard describes this incredible event as well as memorable personal encounters with the cranes. His knowledge of them transcends natural history, covering their importance in religion and mythology.

#### **Crane Valve World ,1911**

*What Can a Crane Pick Up?* Rebecca Kai Dotlich, 2014-09 Illustrations and rhyming text show that a crane can lift anything from a load of steel to a cow.

*Crane Handbook* D. E. Dickie, 2013-10-22 Crane Handbook offers extensive advice on how to properly handle a crane. The handbook highlights various safety requirements and rules. The aim of the book is to improve the readers' crane operating skills, which could eventually make the book a standard working guide for training operators. The handbook first reminds the readers that the machine should be carefully tested by a regulatory board before use. The text then notes that choosing the right crane for a particular job is vital and explains why this is the case. It then discusses how well-equipped and durable the crane should be. The next chapters talk about the crane's operating controls; each control is identified and explained. The book lists the requirements that the crane must meet, while the final chapters explore proper set-up, maintenance, and precautions. The text is a very helpful reference for crane operators, owners, and contractors and could be of interest to casual readers as well.

**The Crane Wife** CJ Hauser, 2023-06-27 A memoir in essays that expands on the viral sensation "The Crane Wife" with a frank and funny look at love, intimacy, and self in the twenty-first century. From friends and lovers to blood family and chosen family, this "elegant masterpiece" (Roxane Gay, New York Times bestselling author of *Hunger*) asks what more expansive definitions of love might offer us all. A BEST BOOK OF THE YEAR: TIME, THE GUARDIAN, GARDEN & GUN Hauser builds their life's inventory out of deconstructed personal narratives, resulting in a reading experience that's rich like a complicated dessert—not for wolfing down but for savoring in small bites. —The New York Times "Hauser's wry, introspective investigation of their assumptions about love will likely free readers to examine their own personal narratives as well ... 'The rare happy ending I appreciate is one that makes room for the whole painful fact of the world at the same time it offers the reader some joy,' they write. The Crane Wife embraces this philosophy again and again as Hauser excavates their past loves and losses, thoughtfully examines them and declares the pain of love to be worth the risk." —BookPage Ten days after calling off their wedding, CJ Hauser went on an expedition to Texas to study the whooping crane. After a week wading through the gulf, they realized they'd almost signed up to live someone else's life. Hauser releases themselves from traditional narratives of happiness and goes looking for ways of living that leave room for the unexpected, making plenty of mistakes along the way. They kiss Internet strangers and officiate at a wedding. They reread Rebecca in the house their boyfriend once shared with his ex-wife and rewind Katharine Hepburn in *The Philadelphia Story* to learn how not to lose yourself in a relationship. They think about Florence Nightingale at a robot convention and grief at John Belushi's rock and roll gravesite, and the

difference between those stories we're asked to hold versus those we choose to carry. Told with the late-night barstool directness of your wisest, most bighearted friend, *The Crane Wife* is a book for everyone whose life doesn't look the way they thought it would; for everyone learning to find joy in the not-knowing; for everyone trying, if sometimes failing, to build a new sort of life story, a new sort of family, a new sort of home, to live in.

The Cry of the Sandhill Crane Steve Grooms,1992 Discusses sandhill cranes, especially those along the Platte River in Nebraska. Contains an appendix with information on other cranes of the world.

*Eagle & Crane* Suzanne Rindell,2019-07-16 Two daredevil flyers and the young woman they both love lie at the heart of this mesmerizing novel about the Japanese internment during World War II, from the author of *The Other Typist* and *Three-Martini Lunch*. An epic love story set against a time of upheaval. –Adriana Trigiani Majestic. . . . Profoundly relevant in today's world. –Fiona Davis Louis Thorn and Harry Yamada are boyhood friends divided by family differences. But their childhood camaraderie reignites when they are convinced to perform death-defying tricks as Eagle & Crane in Earl Shaw's Flying Circus –until their mutual attraction to Shaw's stepdaughter, smart and beautiful Ava Brooks, complicates things anew. Then Pearl Harbor is bombed in December 1941 and Harry is imprisoned in a Japanese American internment camp. When a Shaw stunt plane crashes soon after Harry and his father leave the camp without permission, the two bodies discovered are assumed to be theirs. But the details don't add up, and no one involved seems willing to tell the truth. An absorbing mystery and story of love, *Eagle & Crane* explores race, family, and loyalty in a fraught era of American history. "Rindell joins the ranks of popular historical fiction authors Kristin Hannah and Kate Quinn with this fast-paced, gripping novel." –Library Journal (starred review)

Stephen Crane Kevin J. Hayes,2004 This work overviews Crane's achievement as an author, examining the many literary genres in which Crane wrote: newspaper journalism, novel, poetry, sketch, and short story.

*The Five Ancestors Book 4: Crane* Jeff Stone,2009-02-10 Hok, a crane-style Kung Fu master, is also a master at hiding. For the past 12 years, she has hidden the fact that she is a girl. Now her rogue brother, Ying, and his army have placed a huge price on her head. Fortunately, she manages to make it to Keifeng where she finds her mother and a round-eye with the very funny name of Charles. Together Hok and Charles start to make some sense of the magnitude of Ying's plans.

**The Hanging of the Crane** Henry Wadsworth Longfellow,1875

*Stephen Crane* John Berryman, 1982-10-01 This is the only biography by a leading American poet of the great American writer, Stephen Crane. John Berryman originally wrote this book in 1950 for the distinguished American Men of Letters series, and revised it twelve years later. This edition reproduces the later version. In *Stephen Crane*, Berryman assesses the writings and life of a man whose work has been one of the most powerful influences on modern writers. As Edmund Wilson said in *The New Yorker*, Mr. Berryman's work is an important one, and not merely because at the moment it stands alone...We are not likely soon to get anything better on the critical and psychological sides. It is Berryman's special insight into Crane as a poet that makes this book unique.

Fuel your quest for knowledge with *Authored by* is thought-provoking masterpiece, Dive into the World of **Crane** . This educational ebook, conveniently sized in PDF ( \*), is a gateway to personal growth and intellectual stimulation. Immerse yourself in the enriching content curated to cater to every eager mind. Download now and embark on a learning journey that promises to expand your horizons. .
