Creature Hunter Shea,2018-09-06 'It's much more than most creature features, it has heart and thought, and a superb, head-on horror conclusion. The best Hunter Shea I've read so far and by more than a little.' - Eddie Generous (Unnerving Magazine) The monsters live inside of Kate Woodson. Chronic pain and a host of autoimmune diseases have robbed her of a normal, happy life. Her husband Andrew's surprise of their dream Maine lake cottage for the summer is the gift of a lifetime. It's beautiful, remote, idyllic, a place to heal. But they are not alone. Something is in the woods, screeching in the darkness, banging on the house, leaving animals for dead. designers and concept artists provide a groundbreaking and unique insight into their creative processes and practices.

Creature Feature David M. Mannes, 2011-02 In the tradition of old drive-in movies and scary monster flicks, Creature Feature presents two nail-biting, spine-tingling tales about a mythical sea monster and a mysterious flying creature that terrorize the residents of two separate communities. When Professor Gabriel Ross and his wife, Margaret, leave for a romantic holiday in Kelowna, British Columbia, they have no idea that they are about to come face-to-face with a legendary lake monster. As Ogopogo continues its terrifying assault on the resort community, the body count climbs. After Gabe joins forces with cryptozoologist Roger Knapp, the Rosses' vacation unexpectedly turns into a horrifying hunting expedition and they are the prey. It is 1957 when the quiet town of Greenbridge, Ohio, suddenly finds itself terrorized by a mysterious flying creature with glowing red eyes. Fighting waves of panic amongst the town's residents, Deputy Sheriff Mike Sampson and two air force officers attempt to find the creature. Only time will tell if Sampson's search will be successful in enough time to save his son from danger. As two communities take matters into their own hands, no one anticipates the power of the creatures as they

wreak havoc on anyone who stands in their way.

Ratha's Creature Clare Bell, 2014-04-01 One brave feline, exiled from her clan, must fight to survive in this PEN Award-winning author's epic fantasy adventure about a tribe of prehistoric cats. Twenty-five million years in the past, a clan of sentient, prehistoric big cats called "the Named" have their own language, traditions, and law. Led by Meoran, the Named herd horses and deer for food. They keep order and peace, fending off predatory raiders—the UnNamed—from all sides. But, the battle has taken its toll, and the Named are skirting the edge of survival. Much to the displeasure of Meoran, a young female named Ratha discovers a powerful defense against the UnNamed. She calls it "the Red Tongue," and it is a creature of incredible power. Red Tongue is fire, a force of both life and destruction that must be at once nurtured and tamed. Sensing that Ratha's mastery of fire threatens his power, Meoran banishes her from the clan. As she travels out amongst the savage UnNamed, Ratha learns about both them and herself. But, her tribe needs her. Can she return? Will the Named survive constant attacks without the Red Tongue? Will the power of the Red Tongue change the clan forever? Acclaimed author Clare Bell crafts a serious coming-of-age story

filled with adventure, triumph, and heartbreak. Perfect for readers of Jean M. Auel's *The Clan of the Cave Bear*, *Ratha's Creature* will have readers hooked and clamoring for more stories of these big, noble cats.

Principles of Creature Design Terry Whitlatch, 2015 Designing a captivating creature simply for it to exist against a white background and going no further is a purely academic exercise. Designing a creature that can survive in a world, interact with its own and other species, and go on to make an impact, is designing with intent. This is the end goal of creature design and what you will witness in this latest book from industry expert Terry Whitlatch. With decades of experience in the entertainment industry, developing creatures for *Star Wars: Episode 1 -- The Phantom Menace* and *Beowulf*, among other films, Whitlatch offers an abundance of valuable advice throughout the *Principles of Creature Design*. For Whitlatch, there's not limit to what can be imagined with an open mind, though the journey may not always be an easy one. It's what she calls Chasing the unicorn. We will surely enjoy joining her on her journey, filled with creatures so vivid, whimsical, and elaborate that we will wish -- or wonder -- if they are real.--

The Creature Department Robert Paul Weston, 2013-11-05

Stunning. . . . a bit like if you took Charlie and the Chocolate Factory and Monsters Inc. and shoved them in a TARDIS.—Buzzfeed It's a tentacled, inventive, gooey, world in there. . . . Elliot Von Doppler and his friend Leslie think nothing ever happens in Bickleburgh, except inside the gleaming headquarters of DENKi-3000—the world's eighth-largest electronics factory. Beneath the glass towers and glittering skywalks, there's a rambling old mansion from which all the company's amazing inventions spring forth. And no one except Uncle Archie knows what's behind the second-to-last door at the end of the hall. Until Elliot and Leslie are invited to take a glimpse inside. They find stooped, troll-like creatures with jutting jaws and broken teeth. Tiny winged things that sparkle as they fly. And huge, hulking, hairy nonhumans (with horns). It is unlike anything they've ever seen. But when Chuck Brickweather threatens to shut down the DENKi-3000 factory if a new product isn't presented soon, the creatures know they are in danger. And when Uncle Archie vanishes, it's up to Elliot, Leslie, and every one of the unusual, er, "employees" to create an invention so astonishing it will save the Creature Department.

Dear Creature Jonathan Case,2016-10-11 Deep beneath the waves, a creature named Grue defies his nature, no longer wanting to eat lusty beachgoers, no matter how their hormones call to him. Grue discovers love after finding Shakespeare's plays in cola bottles. When his first attempt at companionship in the world above ends . . . poorly, Grue searches for the person who cast the plays into the sea. What he finds is love in the arms of Giulietta-but with his wicked past catching up to him, Grue must decide if becoming a new man means ignoring the monster he was. Rising from a brine of drive-in pulp and gentle poetry, award winner Jonathan Case's brand-new hardcover edition of his debut graphic novel *Dear Creature* is the love story you never imagined! Praise for a

Creatures Crissy Van Meter, 2020-01-07 “[A] kaleidoscopic narrative . . . Tenacious, wildly original, and full of insight.” —San Francisco Chronicle “An alluring, atmospheric debut.” —People A Belletrist Book Club Pick A Most Anticipated Book of the Year Entertainment Weekly • The Millions • Bustle On the eve of Evangeline’s wedding on Winter Island, the groom may be lost at sea, a dead whale is trapped in the harbor, and Evie’s mostly absent mother has shown up out of the blue. From there, in this mesmerizing, provocative debut, the narrative flows back and forth through time as Evie reckons with her complicated upbringing—a weed-dealing, charming but neglectful father, a wild-child best friend—in this lush land off the coast of Southern California. With wit, love, and bracing flashes of anger, *Creatures* probes the complexities of family and abandonment, guilt and forgiveness, betrayal and grief—and exerts a pull as strong as the tides.
