

Crime

T. J. English

Comic Book Crime Nickie D. Phillips, Staci Strobl, 2013-07-15 Superman, Batman, Daredevil, and Wonder Woman are iconic cultural figures that embody values of order, fairness, justice, and retribution. Comic Book Crime digs deep into these and other celebrated characters, providing a comprehensive understanding of crime and justice in contemporary American comic books. This is a world where justice is delivered, where heroes save ordinary citizens from certain doom, where evil is easily identified and thwarted by powers far greater than mere mortals could possess. Nickie Phillips and Staci Strobl explore these representations and show that comic books, as a historically important American cultural medium, participate in both reflecting and shaping an American ideological identity that is often focused on ideas of the apocalypse, utopia, retribution, and nationalism. Through an analysis of approximately 200 comic books sold from 2002 to 2010, as well as several years of immersion in comic book fan culture, Phillips and Strobl reveal the kinds of themes and plots popular comics feature in a post-9/11 context. They discuss heroes' calculations of "deathworthiness," or who should be killed in meting out justice, and how these judgments have as much to do with the hero's character as they do with the actions of the villains. This fascinating volume also analyzes how class, race, ethnicity, gender, and sexual orientation are used to construct difference for both the heroes and the villains in ways that are both conservative and progressive. Engaging,

sharp, and insightful, Comic Book Crime is a fresh take on the very meaning of truth, justice, and the American way. Instructor's Guide

The Crime Book DK, 2021-02-02 Investigate 100 of the world's most notorious crimes, including the Great Train Robbery, the Lindbergh kidnapping, and the murders of serial killer Jeffrey Dahmer. Were the perpetrators delusional, opportunist, or truly evil? Find out what really happened and how the cases were solved. Discover conmen with sheer verve, such as Victor Lustig who sold the Eiffel Tower to scrap dealers in 1925, adrenaline-fuelled escapes, and mind-bending exploits of pirates, kidnappers, and drug cartels. The Crime Book demystifies malware, cybercrimes, and Ponzi schemes and sets out the terrifying ploys of mass murderers from 16th-century Elizabeth Báthory who drained young girls' blood to the more recent exploits of Rosemary and Fred West. Like a virus, crime mutates and adapts. The Crime Book explains how pivotal moments in history opened up new opportunities for criminals, such as the smuggling of alcohol during the American Prohibition era. It also charts developments in justice and forensics including the Innocence Project, which used DNA testing to exonerate wrongly convicted convicts. It examines how the forces of law and order have fought back against crime, explaining ingenious sting operations such as tracking down the jewel thief Bill Mason and the final capture of murderer Ted Bundy. With a foreword from bestselling crime author Cathy Scott, *The Crime Book* is an enthralling introduction to humanity's darker side. Series Overview: Big Ideas Simply Explained series

uses creative design and innovative graphics, along with straightforward and engaging writing, to make complex subjects easier to understand. These award-winning books provide just the information needed for students, families, or anyone interested in concise, thought-provoking refreshers on a single subject.

Tear Me Apart J.T. Ellison, 2018-08-28 The follow-up to her critically acclaimed *Lie to Me*, J.T. Ellison's *Tear Me Apart* is the powerful story of a mother willing to do anything to protect her daughter even as their carefully constructed world unravels around them. One moment will change their lives forever... Competitive skier Mindy Wright is a superstar in the making until a spectacular downhill crash threatens not just her racing career but her life. During surgery, doctors discover she's suffering from a severe form of leukemia, and a stem cell transplant is her only hope. But when her parents are tested, a frightening truth emerges. Mindy is not their daughter. Who knows the answers? The race to save Mindy's life means unraveling years of lies. Was she accidentally switched at birth or is there something more sinister at play? The search for the truth will tear a family apart...and someone is going to deadly extremes to protect the family's deepest secrets. With vivid movement through time, *Tear Me Apart* examines the impact layer after layer of lies and betrayal has on two families, the secrets they guard, and the desperate fight to hide the darkness within. Don't miss *It's One of Us*, the next page-turning thriller from New York Times bestselling author

J.T. Ellison!

Annotation copyright by Book News, Inc., Portland, OR
Crime in the United States ,2002

Punishment Without Crime Alexandra Natapoff,2018-12-31 A revelatory account of the misdemeanor machine that unjustly brands millions of Americans as criminals. Punishment Without Crime offers an urgent new interpretation of inequality and injustice in America by examining the paradigmatic American offense: the lowly misdemeanor. Based on extensive original research, legal scholar Alexandra Natapoff reveals the inner workings of a massive petty offense system that produces over 13 million cases each year. People arrested for minor crimes are swept through courts where defendants often lack lawyers, judges process cases in mere minutes, and nearly everyone pleads guilty. This misdemeanor machine starts punishing people long before they are convicted; it punishes the innocent; and it punishes conduct that never should have been a crime. As a result, vast numbers of Americans -- most of them poor and people of color -- are stigmatized as criminals, impoverished through fines and fees, and stripped of drivers' licenses, jobs, and housing.

For too long, misdemeanors have been ignored. But they are crucial to understanding our punitive criminal system and our widening economic and racial divides. A Publishers Weekly Best Book of 2018

Burned Edward Humes, 2019-01-08 Was a monstrous killer brought to justice or an innocent mother condemned? On an April night in 1989, Jo Ann Parks survived a house fire that claimed the lives of her three small children. Though the fire at first seemed a tragic accident, investigators soon reported finding evidence proving that Parks had sabotaged wiring, set several fires herself, and even barricade her four-year-old son inside a closet to prevent his escape. Though she insisted she did nothing wrong, Jo Ann Parks received a life sentence without parole based on the power of forensic fire science that convincingly proved her guilt. But more than a quarter century later, a revolution in the science of fire has exposed many of the incontrovertible truths of 1989 as guesswork in disguise. The California Innocence Project is challenging Parks's conviction and the so-called science behind it, claiming that false assumptions and outright bias convicted an innocent mother of a crime that never actually happened. If Parks is exonerated, she could well be the Patient Zero in an epidemic of overturned guilty verdicts—but only if she wins. Can prosecutors dredge up enough evidence and roadblocks to make sure Jo Ann Parks dies in prison? No matter how her last-ditch effort for freedom turns out, the scenes of betrayal, ruin, and hope will leave readers longing for justice we can trust.

The Second Pulp Crime MEGAPACK® Mack Reynolds, Fletcher Flora, Will F. Jenkins, Rufus King, Talmage Powell, 2016-07-18 Here is a selection of tales that fit the pulp crime theme to perfection. A Rage To Kill And Other True Cases: Ann Rule, 2001-01-18 Acclaimed for her devastatingly accurate insight (The New York Times Book Review) into the criminal mind, Ann Rule has chronicled the most fascinating cases of our time in her bestselling Crime Files series. For this sixth stunning collection, Rule has culled from her private files the most-asked-about homicide cases -- riveting accounts of seemingly normal men and women who are compelled by a murderous rage to suddenly lash out at innocent victims. Torn from the headlines, here is the case that shocked a nation: the Seattle city bus ride that turned to mayhem and murder at the hands of a gunman. Ann Rule unmaskes the forces that drove quiet, clean-cut Silas Cool to shoot the driver, causing the bus to plunge off the Aurora Bridge into an apartment building. The catastrophe left three dead -- including Cool -- and dozens injured. While the scene unfolds as in a terrifying movie, Rule finds very real answers to the haunting question how could this happen? -- and expertly constructs the unseen chain of events that resulted in an explosive and shattering tragedy. Included here are nine other sensational cases that illuminate Rule's unique and authoritative view of the human psyche gone temporarily berserk. No one can match Rule's meticulous research, or reveal the motives to murder in such explicit and chilling detail. You may think you know who is safe and who is dangerous; in *A Rage to Kill*, Ann Rule frighteningly shows that none of us are truly protected from the flashes of

irrational violence that can erupt from the killers among us.

Less Crime for Bonnie James Arrington, 2005-11 Born near Frankfurt, Kentucky, Bonnie Sue Raymond wants to leave the farm behind and go to beauty school. After studying for and receiving her GED, Bonnie promptly boards a bus to Indianapolis for training, working nights at a taxi company to save money. Bonnie immediately notices the contrast between the farm in Kentucky and the urban jungle known as the city. Law enforcement personnel seem to be helpful, but there is little reduction in the crime rate. Bonnie finds out firsthand just how dangerous the streets can be when her intriguing new gentleman friend is shot in a burglary attempt during one of his taxi shifts. Following this harsh blow, a devastated Bonnie is given supernatural powers to reduce the crime rate around the world. She wonders what it would be like to live in a community with no murder, arson, carjacking, theft, or fraud. Bonnie gives fair warning via the media that justice is about to be served unless criminals turn themselves in to the authorities. Most of those wanted are repeat offenders who wouldn't dare think of turning themselves in to the police, but perhaps Bonnie can remedy the situation. But can vigilante justice elude the FBI?

56 Days Catherine Ryan Howard, 2021-08-17 A New York Times Best Thriller of 2021 A Washington Post Best Thriller of 2021 A New York Public Library Best Book of the Year An Amazon Editors' Pick "'Bloody good.'" –The New York Times "'Timely, surprising, emotionally alive, this is about as good as suspense

fiction gets.' '—Washington Post No one even knew they were together. Now one of them is dead. 56 DAYS AGO Ciara and Oliver meet in a supermarket queue in Dublin and start dating the same week COVID-19 reaches Irish shores. 35 DAYS AGO When lockdown threatens to keep them apart, Oliver suggests they move in together. Ciara sees a unique opportunity for a relationship to flourish without the scrutiny of family and friends. Oliver sees a chance to hide who—and what—he really is. TODAY Detectives arrive at Oliver's apartment to discover a decomposing body inside. Can they determine what really happened, or has lockdown created an opportunity for someone to commit the perfect crime?

The Crime Junkie's Guide to Criminal Law Jim Silver, 2007-12-30

Historically, prime-time television has devoted at least one-third of its programming to crime. The extreme popularity of crime shows continues unabated. From Law & Order to CSI, Americans are riveted by crime TV. Court TV and other cable channels produce true crime series, too, that take viewers through both current crimes and trials and cold cases. Yet, despite efforts in these shows to depict real investigative and legal techniques, chances are, viewers have questions about criminal procedure, legal issues, and related concerns. For instance, why do police get angry when a suspect just asks for a lawyer? Or, what's the difference between being an accomplice to a crime and being a conspirator? The Crime Junkie's Guide to Criminal Law is written specifically for the millions of crime junkies who make up the

audiences for the variety of crime dramas, both real and fictional, that blaze across our screens night after night. The news media know that crime is inherently interesting because it involves things we all understand – like passion, greed, revenge and the urge to make very close friends in prison. Television broadcasts and major magazines drip with salacious details about the infamous evildoings of the moment. From the sports to the style sections, newspaper headlines scream out reports of the latest celebrity picked up for one transgression or another. This one-of-a-kind book is an indispensable guide to criminal law that uses actual trials alongside plots and characters from popular television shows to illustrate criminal law issues like degrees of murder, the defense of intoxication, search warrants, insanity pleas, and the purposes of various pretrial hearings. Silver offers a concise, informative, and entertaining explanation of everything readers need to know to truly appreciate crime stories (real and fictional) and understand how criminal law really works.

American Gangsters T. J. English, 2018-02-13 Enter a world where money, muscle, and murder reign with three true crime books from the New York Times–bestselling author and Edgar Award finalist. Whitey’s Payback: In this collection of sixteen stories culled from his journalism career, author T. J. English reveals the violent world of crime with in-depth pieces on everything from old-school mobsters to corrupt federal agents—including the most feared gangster in Boston history (and secret FBI informant), James “Whitey” Bulger,

who vanished for sixteen years before finally being brought to justice. "Hard-hitting reporting." –Anthony Bruno, author of *The Iceman* *The Westies*: They were the gang even the Mafia thought twice about fighting—a gang of young, wild Irishmen led by cold-blooded Jimmy Coonan and his loyal gunman Mickey Featherstone who ruled Hell's Kitchen with a bloody fist. Their savagery gave them power, but their quick rise would eventually lead to betrayal and their ultimate downfall in this tale of vengeance, ambition, and the last of the Irish Mob in New York. "A harrowing account of big city crime." –Library Journal *Born to Kill*: This Edgar Award finalist chronicles the rise and fall of the infamous Born to Kill gang, a group of young Vietnamese men raised in the wasteland left by American bombs and napalm who came to New York's Chinatown to make a new life, but instead brought death in their wake. Told from the perspective of one gang member who wanted more than a life of bloodshed and testified against his brethren, *Born to Kill* is a shocking account of the American Dream gone nightmarishly wrong. "Hard-hitting . . .torrid and fascinating." –The Austin Chronicle

Axman Came from Hell and Other Southern Keven McQueen, 2011-08-17 In the 1880s, a serial killer terrorized Austin, Texas, setting a pattern for the many who followed him. In the 1890s, an Atlanta boardinghouse resident shot several of his fellow boarders. These and other true crime stories, spanning from Texas to West Virginia, are interesting and historically significant as opposed to depressing or lurid.

Popular Crime Bill James, 2012-05-08 Originally published: 2011. With new addendum.

The Life of Crime: Detecting the History of Mysteries and their Creators Martin Edwards, 2022-05-26 In the first major history of crime fiction in fifty years, *The Life of Crime: Detecting the History of Mysteries and their Creators* traces the evolution of the genre from the eighteenth century to the present, offering brand-new perspective on the world's most popular form of fiction.

Crime Without Punishment John L. McClellan, 2019-07-23 The Rackets Committee of the United States Senate, of which Senator John L. McClellan was chairman, was engaged for more than five years in a bitter battle against criminals at all levels of our society, whether in labor unions or in great corporations, whether sleek, polished leaders of national crime syndicates or furtive, fly-by-night tinhorns who help their bosses extort upwards of fifty billion dollars annually from United States citizens. In this report of the committee's activities, Senator McClellan tells how some of the greatest labor unions in the nation were corrupted by conscienceless men, how racketeers prey upon honest businessmen, how criminal influences have become so widespread that they threaten the very future of our nation. In *Crime Without Punishment*, Senator McClellan takes his readers behind the scenes of the nationally televised hearings and shows how they were developed by a dedicated staff of top-notch investigators, formerly headed by the

committee's chief counsel, Robert F. Kennedy, who became Attorney General of the United States. The reader sees the full picture of James Hoffa and Dave Beck, of the mammoth Teamsters Union, of the invasion of racketeers into many other unions, of the operations of the nation's top-level gangsters in the fields of labor and management. This report of the committee's activities and findings does more, however, than tell a fascinating story: it sounds a warning to every citizen of the nation. It reveals in stark terms the national apathy which permits criminals to travel their evil pathways without stop or hindrance. It raises a question that must be answered: are the punishments, the penalties, to be exacted from the men who committed the crime—or must they be visited upon the entire nation? Crime Without Punishment is important, vital reading. "Pulls no punches—names names...from top to bottom of the crime hierarchy."—Miami Herald

True Crime Andrew Klavan, 1997-08-11 In the heat of the city, a man is out of time: speeding in a beat-up Ford Tempo, blasting easy-listening music. Reporter Steve Everett drinks too much, makes love to his boss's wife, and has just stumbled upon a shocking truth: a convicted killer is about to be executed for a crime he didn't commit. In the cold confines of Death Row, Frank Beachum is also out of time. Ready to say good-bye to the wife and child he loves and hello to the God he still believes in, Beachum knows he did not kill a convenience store clerk six years ago. But in a few hours—if Steve Everett can't find the evidence to stop it—a needle is going to pierce

Frank Beachum's skin. The killing machine is primed. The executioner is waiting. And so is the priest. Now the clock is ticking down and the race is on—between the reporter and his demons, between the system and its lethal flaws, between the last innocent man and society's ultimate crime. . . .

Crime Exploded, A Buck Taylor Novel Chuck Morgan, 2021-08-30 The excitement and celebration of Christmas morning is shattered when numerous explosions occur around the state of Colorado. With the evidence pointing towards multiple bombs and as the death toll rises, Colorado Bureau of Investigation agent Buck Taylor and his team are dispatched to several crime scenes. Sifting through the wreckage, it's up to them to determine if these bombings are the work of a mad bomber, terrorists, or home-grown extremists and if they are personal or politically motivated. And more importantly, will there be more? Making their jobs harder is an overzealous FBI agent with a personal agenda, who has taken over the investigations and will stop at nothing to prove he is right, and the evidence is wrong. In the end, he will put the lives of Buck's entire team in jeopardy as they follow the evidence towards several shocking conclusions.

Occasions of Sin John Martin Gehl, 2012-11-09 The central character: 29-year-old Puerto Rico-born Sgt.-Detective Margarita Moreno, who has joined the police force of a small Southern city after eight years as a police officer in the Bronx NY. Margarita and her friends -- Veronica, an African-American medical examiner; Penny, a young English girl interning as reporter with a

local newspaper; and Eric, a psychologist and ex-Catholic priest -- tangle with a Colombian drug cartel and bring down a corrupt Georgia police chief and foil a plan to develop a major drug route from South America to Atlanta. In the process, she and Eric discover that the two of them are soul mates. It's a story of murder, drugs, suicide, sin, redemption, and love.
