Crossing the Mirage - Passing through Youth BS Murthy,2013-02-15 If passing through youth was like crossing the mirage of life for Chandra and Nithya, it proved to be chasing the mirage of love for Sathya and Prema though for plain Vasavi, Chandra's pitiable sibling, it was the end of the road. As life brings Chandra, who suffers from an inferiority complex for his perceived ugliness, and Nithya, who was bogged down being jilted by Vasu, together, they script their fate of fulfillment. And as poetic justice would have it, Sathya, who caused Prema's heart burn, himself was led down the garden path by Kala, doing a Sathya on Sathya. Just not that, life has in store just deserts for Vasu owing to Nithya's retribution as he tries to stalk her. Besides, after many a fictional twist and turn, the way the story ends, challenges the perception that fact is stranger than fiction.

*The Christian Mirage* Alexander Cross,2023-11-24 WARNING: Reading this book will dramatically and permanently change the way you understand the Bible and how you see religion. For nineteen centuries, Satan has hidden the truth about God and the Bible to prevent people from having an eternity with God. His tool of choice is religion. Every religion you can name is a satanic deception created expressly to ruin mankind and keep people from God. Christianity is one such religion, affecting over 2.5 billion people. The Christian religion is not biblical and never was. Today, it offers its followers an assortment of out-of-context Bible words strung together to make the errant doctrines and concepts this religion chooses to believe, none having anything to do with what the Bible actually says. This book is unlike any you have ever read, as it contains information from the Bible you have never seen and will not find in Christianity, as well as what Christianity believes that you will not find in the Bible. It will open your eyes by removing the old, rusty bucket of religion Satan has held tightly over the truth since the time of the Apostle Paul.

**The Mirage** Matt Ruff,2012-02-07 A mind-bending novel in which an alternate history of 9/11 and its aftermath uncovers startling truths about America and the Middle East 11/9/2001: Christian fundamentalists hijack four jetliners. They fly two into the Tigris & Euphrates World Trade Towers in Baghdad, and a third into the Arab Defense Ministry in Riyadh. The fourth plane, believed to be bound for Mecca, is brought down by its passengers. The United Arab States declares a War on Terror. Arabian and Persian troops invade the Eastern Seaboard and establish a Green Zone in Washington, D.C. . . . Summer, 2009: Arab Homeland Security agent Mustafa al Baghdadi interrogates a captured suicide bomber. The prisoner claims that the world they are living in is a mirage—in the real world, America is a superpower, and the Arab states are just a collection of backward third-world countries. A search of the bomber's apartment turns up a copy of The New York Times, dated September 12, 2001, that appears to support his claim. Other captured terrorists have been telling the same story. The president wants answers, but Mustafa soon discovers he's not the only interested party. The gangster Saddam Hussein is conducting his own investigation. And the head of the Senate Intelligence Committee—a war hero named Osama bin Laden—will stop at nothing to hide the truth. As Mustafa and his colleagues venture deeper into the unsettling world of terrorism, politics, and espionage, they are confronted with questions without any rational answers, and the terrifying possibility that their world is not what it seems. Acclaimed novelist Matt Ruff has created a shadow world that is eerily recognizable but, at the same time, almost unimaginable. Gripping, subversive, and unexpectedly moving, *The Mirage* probes our deepest convictions and most arresting fears.

*The Clock Mirage* Joseph Mazur,2020-04-21 Named one of Book Riot's Six Great Nonfiction Books about Time: a tour of clocks throughout the centuries--from the sandglass to the telomere--that reveals the physical, biological, and social nature of time [A] mind-stretching book. . . . Skilfully written.--John Carey, Sunday Times (London) What is time? This question has fascinated philosophers, mathematicians, and scientists for thousands of years. Why does time seem to speed up with age? What is its connection with memory, anticipation, and sleep cycles? Award-winning author and mathematician Joseph Mazur provides an engaging exploration of how the understanding of time has evolved throughout human history and offers a compelling new vision, submitting that time lives within us. Our cells, he notes, have a temporal awareness, guided by environmental cues in sync with patterns of social interaction. Readers learn that, as a consequence of time's personal nature, a forty-eight-hour journey on the space shuttle can feel shorter than a six-hour trip on the Soyuz capsule, that the Amondawa of the Amazon do not have ages, and that time speeds up with fever and slows down when we feel in danger. With a narrative punctuated by personal stories of time's effects on truck drivers, Olympic racers, prisoners, and clockmakers, Mazur's journey is filled with fascinating insights into how our technologies, our bodies, and our attitudes can change our perceptions. Ultimately, time reveals itself as something that rides on the rhythms of our minds. *The Clock Mirage* presents an innovative perspective that will force us to rethink our relationship with time, and how best to use it.

Mirage Free Preview Clive Cussler,Jack Du Brul,2013-10-07 A free preview from MIRAGE by Clive Cussler and Jack Du Brul. The extraordinary new novel in the #1 New York Times—bestselling series from the grand master of adventure. In October 1943, a U.S. destroyer sailed out of Philadelphia and supposedly vanished, the result of a Navy experiment with electromagnetic radiation. The story was considered a hoax—but now Juan Cabrillo and his Oregon colleagues aren't so sure. There is talk of a new weapon soon to be auctioned, something very dangerous to America's interests, and the rumors link it to the great inventor Nikola Tesla, who was working with the Navy when he died in 1943. Was he responsible for the experiment? Are his notes in the hands of enemies? As Cabrillo races to find the truth, he discovers there is even more at stake than he could have imagined—but by the time he realizes it, he may already be too late.

**Mirage of Darkness** Ervin Mendlovitz,Noah Chapman,2020-08-08 *Mirage of Darkness* is the story of a man named Bracticus who lives in a world where people have been fitted with microchips that allow an all-powerful government to control their every move. Bracticus' world is divided both by wealth and race with the darker skinned and mixed member of their society being in the lower-class positions. Things are lifeless and robotic, and people are being kept in place by media propaganda, the police and religion. One day, Bracticus receives a message from his deceased Uncle Homic who alerts him that as a high ranking Party Member, Homic knows that the Party is poisoning the atmosphere and that action will result in the death of millions of lower class people. Determined to alert the masses, Bracticus becomes an enemy of the state on the run with a mission to take down the regime.

A Drink at the Mirage Michael J. Rosen,2014-07-14 Between the discovery that there is a design which only his poetry enables him to find as he confronts the world and the discovery that such a design is a snare, merely a means of keeping him from further discernment, Michael Rosen is wedged, is productively pinioned, [ should say, for it is just this pressure--of meaning discerned on one hand and of meaning distrusted on the other--which makes

the tension of these poems, a new version of the old wars between mind and body, memory and hope, self and surround. How tender and inclusive are Rosen's preoccupations, and how disabused his conclusions! One reads these playful, stricken poems with wonder--how will such ventures conclude, or even persist? What will happen next? Here is a poet who persuades us, as the saying goes, to stay tuned.--Richard Howard Originally published in 1985. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. **The Blind Shall See** Paul Arthur Bell, 2012-10-05 THE BLIND SHALL SEE This adventure/fantasy is an intellectuals delight concerning a Queen of fairies and her civilization seeking aid from the village of Morbidity that has captured the picture perfect ideal of how to live with one another. The vampire Honoree, and his brood that dwells in caves is tired of feeding on animals, yet must renew every full moon with the town of Morbidity a pact that they will not feed on any villager and drink the dark water of the blood of the sacrifice of a bull to seal the agreement. War looms on the outskirts of the village, that has known only peace, for their God Noram has betrayed them and the spirit of the trees they have relied on has becomes his lover. Intellectual arguments surface between the fairy queen and the elder sanctified one as to the best way to live a moral life that is not ripe with suffering. Power and ego surface as the dragon weeps tears for his army that they not go into battle against a race of perfect men, and the dragons god Amness pleads that the two armies surrender to one another before going into battle and surprisingly, they do. What is revealed at the surrender is that in just about every little thing they hated one another for, they possessed as well. The sanctified one reveals to the fairy queen, that only through surrender can a vision be realized, can reality be accurately witnessed, but to do this thing was often quite costly.

**Rancho Mirage** Aram Saroyan, 1993 The crime at the heart of Rancho Mirage, the murder of wealthy businessman Robert Sand at an exclusive residential country club near Palm Springs, is a study in complexity and moral ambiguity that cuts to the quick of fin de siecle America. The murder, the investigation that followed it - an investigation complicated by a bizarre series of reported rapes and abductions of the beautiful Mrs. Sand - and the eventual trial of Mrs. Sand for murder, make up one of the strangest and most telling true crime stories ever written. Andrea Claire was a single mother who had raised two boys and become a highly paid international call girl by the time she met the 68-year-old Robert Sand. Although she was portrayed as a money-hungry sociopath by the prosecuting attorney, there is considerable evidence that she was a borderline - and perhaps a multiple - personality: someone who, under conditions of extreme stress, can cross over into a psychotic state in which reality and fantasy, as well as right and wrong, can't be distinguished. Andrea Claire understood that her marriage to Robert Sand would not be an ordinary one, and that she would be expected to comply with his sexual demands. The extent of those demands - that she was in essence a sexual slave - turned out to be more than she had bargained for. A battered woman from the time of her first marriage at 15 to a man who had raped her, she married Sand believing she would at last achieve a secure lifestyle that would allow her to give up prostitution, a profession she had taken up because she couldn't hold a regular job. At what point does sex stop being sex and become an act of power? What happens if a man's every wish is a woman's command? Most men can understand Robert Sand; what makes him unique is that he was blessed and cursed with the resources and the will to live out his unbridled fantasies. A widower in his fifties named Joe Mims, who married Andrea Sand the day after she was indicted for murder, brings the story its strangest twist yet, and provides it with a climax that almost defies the imagination. **The Tower of Glass** Ivan Angelo, 2004 The five interlocking stories in The Tower Of Glass create a singular, powerful account of a nation in turmoil - and a prophetic warning about an oppressive government's need to control not just the society but the mind. Through symbolism, wry humour, and outrageous sexual frankness, Ivan Angelo tells of businessmen and whores, poor working people and Death Squads, truth and illusion, and methods of political manipulation and terror. From the gritty, bawdy story of Bete the Streetwalker to the Kafkaesque portrait of a prison made of glass, the fictional pieces demonstrate Angelo's masterful wordplay, and his ability to take formal and structural risks without a false step.
