No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. In the book, you'll find: Hands-on strategies for managing and improving your own school library Tactics for helping students walk on their own two feet and continue the reading habit after they've finished with your class Data from student surveys and end-of-year feedback that proves how well the Miller Method works The Book Whisperer includes a dynamite list of recommended kid lit that helps parents and teachers find the books that students really like to read.

*40 Single Gay* Jonathan Lee,2023-03-15 Join Jonathan on his fortieth year as he takes you through the highs and lows, the funny and the sad and the shockingly rude bits of being 40 Single Gay. Jonathan finds himself unexpectedly single after being dumped by his boyfriend, Adam, just one week before turning 40. Made worse it was whilst they were having sex! Stuck in grief he feels anger, hurt and betrayal, and unable to move on. 40 Single Gay depicts Jonathan's fortieth year as he reflects and unpicks his failed relationships to try and work out where it all went wrong whilst acknowledging the good times they had. He then shares the clichéd experiences of trying to improve his image as he re-enters (and over shares) the harsh and soul destroying world of dating and one nights stands. Over time, with therapy and self-reflection, and several holidays later, he soon realises that the path to happiness is not found in others, but within.

P-40 Warhawk vs Ki-43 Oscar Carl Molesworth,2012-11-20 Known for the distinctive 'sharkmouth' decoration on their noses, P-40 fighters first saw combat in China during World War II. Their most common adversary was the Japanese Nakajima Ki-43, nicknamed 'Oscar.' Carl Molesworth describes and explains the design and development of these two foes, the products of two vastly different philosophies of fighter design. The P-40 was heavily armed and sturdy with armour protection and self-sealing fuel tanks, but paid for this with the loss of speed and a sluggish performance at altitude. The Ki-43 was a rapier to the battleaxe P-40 and the Ki-43 was immensely nimble, though with less firepower and durability. This book examines these two different fighters, and the pilots who flew them over China, with an action-packed text, rare photographs and digital artwork.

**40 Days of Dating** Timothy Goodman, Jessica Walsh, 2015-01-20 “What would happen if Harry met Sally in the age of Tinder and Snapchat? . . . A field guide to Millennial dating in New York City” (New York Daily News). When New York-based graphic designers and long-time friends Timothy Goodman and Jessica Walsh found themselves single at the same time, they decided to try an experiment. The old adage says that it takes forty days to change a habit—could the same be said for love? So they agreed to date each other for forty days, record their experiences in questionnaires, photographs, videos, texts, and artworks, and post the material on a website they would create for this purpose. What began as a small experiment between two friends became an Internet sensation, drawing five million unique (and obsessed) visitors from around the globe to their site and their story. 40 Days of Dating: An Experiment is a beautifully designed, expanded look at the experiment and the results, including a great deal of material that never made it onto the site, such as who they were as friends and individuals before the forty days and who they have become since.
