The Cut Out Girl Bart van Es, 2018-08-14 COSTA BOOK OF THE YEAR AWARD WINNER "The hidden gem of the year . . . Sensational and gripping, and shedding light on some of the most urgent issues of our time, this was our unanimous winner." —Judges of the 2018 Costa Award The extraordinary true story of a young Jewish girl in Holland during World War II, who hides from the Nazis in the homes of an underground network of foster families, one of them the author's grandparents Bart van Es left Holland for England many years ago, but one story from his Dutch childhood never left him. It was a mystery of sorts: a young Jewish girl named Lientje had been taken in during the war by relatives and hidden from the Nazis, handed over by her parents, who understood the danger they were in all too well. The girl had been raised by her foster family as one of their own, but then, well after the war, there was a falling out, and they were no longer in touch. What was the girl's side of the story, Bart wondered? What really happened during the war, and after? So began an investigation that would consume Bart van Es's life, and change it. After some sleuthing, he learned that Lientje was now in her 80s and living in Amsterdam. Somewhat reluctantly, she agreed to meet him, and eventually they struck up a remarkable friendship, even a partnership. The Cut Out Girl braids together a powerful recreation of that intensely harrowing childhood story of Lientje's with the present-day account of Bart's efforts to piece that story together, including bringing some old ghosts back into the light. It is a story rich with contradictions. There is great bravery and generosity--first Lientje's parents, giving up their beloved daughter, and then the Dutch families who face great danger from the Nazi occupation for taking Lientje and other Jewish children in. And there are more mundane sacrifices a family under brutal occupation must make to provide for even the family they already have. But tidy Holland also must face a darker truth, namely that it was more cooperative in rounding up its Jews for the Nazis than any other Western European country; that is part of Lientje's story too. Her time in hiding was made much more terrifying by the energetic efforts of the local Dutch authorities, zealous accomplices in the mission of sending every Jew, man, woman and child, East to their extermination. And Lientje was not always particularly well treated, and sometimes, Bart learned, she was very badly treated indeed. The Cut Out Girl is an astonishment, a deeply moving reckoning with a young girl's struggle for survival during war, a story about the powerful love of foster families but also the powerful challenges, and about the ways our most painful experiences define us but also can be redefined, on a more honest level, even many years after the fact. A triumph of subtlety, decency and unflinching observation, The Cut Out Girl is a triumphant marriage of many keys of writing, ultimately blending them into an extraordinary new harmony, and a deeper truth.

Henri Matisse Karl D. Buchberg, Henri Matisse, Nicholas Cullinan, Jodi Hauptman, Samantha Friedman, Flavia Frigeri, Markus Gross (Conservator), Nicholas Serota, Stephan Lohrengel, 2014 Henri Matisse is one of the leading figures of modern art. His unparalleled cut-outs are among the most significant of any artist's late works. When ill health first prevented Matisse from painting, he began to cut into painted paper with scissors as his primary technique to make maquettes for a number of commissions, from books and stained glass window designs to tapestries and ceramics. Taking the form of a 'studio diary', the catalogue re-examines the cut-outs in terms of the methods and materials that Matisse used, and looks at the tensions in the works between finish and process; and drawings and colour.

Cut That Out DR.ME,2016-09-27 The most innovative uses of collage today, from 50 leading contemporary graphic designers across 15 different countries—including Hort, Mike Perry, Stefan Sagmeister, Matthew Cooper, and many others. Collage—a term coined by Picasso and Braque at the beginning of the twentieth century—is undergoing a vibrant resurgence, and it's not hard to see why. Destructive yet sustainable, digital and lo-fi, thriving on mass media and a sense of nostalgia—the catchphrases for collage are as contemporary as the bands that are using it on their record sleeves. New Yorker art critic Peter Schjeldahl calls it “The most consequential visual-art form of the twentieth century.” Today, designers are combining traditional techniques and methods with digital technology to encompass assemblage, photomontage, mixed-media installation, digital manipulation, and even tapestry and video to create truly dazzling work for personal projects, clients, and commercial campaigns alike. Curated by Ryan Doyle and Mark Edwards, who work together as the studio DR.ME, *Cut That Out* focuses on the compositions of 50 leading designers and studios for whom collage has been the key to creating vibrant, effective work—for clients from Beck to Coca-Cola; Target and The New York Times to Grimes, Tame Impala, Panda Bear, and Stella McCartney. In brief Q&As, the designers describe their individual techniques and processes, sources of inspiration, and thoughts on the medium. With fresh and diverse work copiously illustrated throughout, *Cut That Out* is a rich seam of inspiration to be mined by all students, graphic designers, and art aficionados who wish to explore the creative possibilities of collage in their work, showing how artists take advantage of the freedom inherent in collage to combine various media and methods in the search for something entirely unexpected, original, and wildly new.
