The Cutty Sark Story John Richardson,2014-08-01 The object of this ebook is to create a more vivid impression of an historic event which took place in May 1916 off the South African coast.

Cutty Sark Eric Kentley,2019-01-10 An updated and expanded edition to celebrate the 150th anniversary of this iconic ship. The narrative spans her construction at Dumbarton in 1869; her famous tea voyages as well as those with other cargoes; her career under a Portuguese flag; her subsequent return to the Thames, Greenwich; and the dramatic fire, painstaking restoration and glorious reopening in April 2012. The book has been developed from the outset with the Cutty Sark Trust and takes the form of a chronological career narrative but also presents detailed features on crew accounts, log entries, pieces on seamanship, ports and cargoes and broader tall ship culture as well as an opportunity to focus on artifacts and the fittings of the ship. This unique opportunity allows the first publication of specially commissioned photography created as part of, and subsequent to, the clipper's restoration as well as the findings of resulting research.

The Cutty Sark Pocket Manual National Maritime Museum,Arron Hewett,Louise Macfarlane,2018-02-22 Constructed on the Clyde in 1869 for the Jock Willis Shipping Line, Cutty Sark was one of the last tea clippers to be built and one of the fastest. Cutty Sark spent just a few years on the tea routes before the opening of the Suez Canal and the increasing use of steamships made clippers unprofitable on shorter routes. It was turned to the trade in wool from Australia, where for ten years she held the record time for a journey to Britain. After finishing her time in service as cargo ship, and then a training and cadet ship, it was transferred to permanent dry dock at Greenwich, London, for public display. This handy and illuminating pocket manual collates original documents to tell the fascinating story of how the legendary Cutty Sark was commissioned, her design and building, life on board and her notable journeys.

The Cutty Sark--A Kid's Guide to the Cutty Sark, Greenwich, UK Penelope Dyan,2014-02 The Cutty Sark is a British clipper ship. Built on the Clyde in 1869 for the Jock Willis shipping line, one of the last tea clippers to be built and one of the fastest. This ship was built at the end of a long period of design development that was unfortunately halted as sailing ships gave way to ships driven by steam propulsion. You see this ship used the power of the wind and gathered the wind in its sails to further its journey, The Cutty Sark was very badly damaged by fire on May 21, 2007 as it was under restoration. It was re-opened to the public on April 25, 2012, much to the delight of would be seafaring kids and adults. Take a look at the Cutty Sark from below and above through the lens of John D. Weigand. Practice reading skills through word recognition, word repetition and rhyme as you learn some fun facts and then get to work on some research of your own, The point of all these books by Dyan and Weigand is to make kids not only learn, but also to learn to think as well as to imagine. Award winning author, attorney and former teacher, Penelope Dyan loves kids, loves to learn herself and loves it when kids learn. There is a free music video that goes along with this book on YouTube on the Bellissimavideo YouTube channel to further enhance the learning process. The book is dedicated to a true seafaring soul.
