

Czech

Jan Willem Bultje

Culture and Customs of the Czech Republic and Slovakia Craig Cravens,2006-08-30 The Czech Republic is a red-hot European destination, and the charms of Slovakia are slowly being discovered by Westerners as well. The two countries share fundamental similarities in language and culture, but they never really managed to create a common national Czechoslovak identity, after being merged in 1918 when the Austro-Hungarian Empire collapsed. With the lifting of the Iron Curtain in 1989 through the Velvet Revolution and the final breakup of Czechoslovakia in to two countries in 1993, this up-to-date, substantive insight is much needed. This volume overviews the current social, cultural, and political scene of both countries, so that general readers come away with a solid understanding of where the Czechs and Slovaks have been and where they are going. The land, people, and history chapter lays the groundwork for the rest of the narrative. In the chapter on religion and thought, the reasons for the widespread atheism of the Czechs and the contrasting religiosity of the Slovaks are explained. Both peoples are shown to have relaxed attitude toward life and a love of celebrations, with a strong beer culture. The state of women and family and feminism in the post-Soviet era is also discussed and readers will learn about the role of romance novels and the Czech Cosmopolitan. The literature chapter emphasizes the Czech sense of humor and the lack of translations of Slovakian works. The crises in journalism and cinema are other important topics. Finally, the strong traditions of theater and music, which have always been part of the Czech national consciousness, are seen to be as alive and vibrant as in any place in the world.

The Czech Republic Rick Fawn,2000 A study of the Czech Republic, tracing the practices initiated to achieve what is a strikingly difficult task - the creation of a normal, particular European society and nation. It seeks both to show and to interpret what the Czechs have wanted since 1989 but especially since 1993; for, as it is argued here, the Czech Republic is a new entity. The book does not hide a certain Czechophile disposition, but it is also critical of certain aspects of Czech life. The volume hopes to provide the contours of developments in the Czech Republic, to advance and substantiate certain observations, and to provide some indication of the literature available, while refraining from unduly burdening the reader with extensive referencing and parenthetical discussions.

Colloquial Czech James Naughton,2015-08-14 Colloquial Czech provides a step-by-step course in Czech as it is written and spoken today. Combining a user-friendly approach with a thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Czech in a broad range of situations. No prior knowledge of the language is required. Key features include: • progressive coverage of speaking, listening, reading and writing skills • structured, jargon-free explanations of grammar • an extensive range of focused and stimulating exercises • realistic and entertaining dialogues covering a broad variety of scenarios • useful vocabulary lists throughout the text • additional resources available at the back of the book, including a full answer key, a grammar summary and bilingual glossaries Balanced, comprehensive and rewarding, Colloquial Czech will be an indispensable resource both for independent learners and students taking courses in Czech. Audio material to accompany the course is available to download free in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

The Meaning of Czech History Tomáš Garrigue Masaryk,1974 Masaryk, the first president of Czechoslovakia, was a unique political leader whose speeches, lectures, newspaper articles, and historical essays greatly influenced his people. Although the Nazi and Communist regimes tried to suppress Masaryk's ideas, the Czech people have turned to them again and again after the nation regained a measure of freedom. Wellek brings together for the first time an English translation of Masaryk's writings that appeared between 1895 and 1910. Originally published 1974. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

Historical Dictionary of the Czech State Rick Fawn,Jiri Hochman,2009-11-19 Czechoslovakia has been at the center of some of the most difficult and tragic episodes of modern European history: its sacrifice to Nazi Germany at Munich; the Communist Coup of 1948; and the military crushing of the Prague Spring. It has also enacted momentous change almost magically, as in the peaceful overthrow of communism in 1989, and then the negotiated end to the country in 1992. Czechoslovak history has consequently produced enduring political metaphors for our times, such as the Velvet Revolution and Velvet Divorce. The second edition of the Historical Dictionary of the Czech State has been thoroughly updated and greatly expanded. Featuring a chronology, introductory essay, appendix, bibliography, and hundreds of cross-referenced dictionary entries, this detailed, authoritative reference provides understandings of the Czechs as a people; the territory they inhabit; their social, cultural, political, and economic developments throughout history; and interactions with their neighbors and the wider world.

There is No Czech Culture in Upper Hungary Lajos Steier,1920

The Coasts of Bohemia Derek Sayer,2020-06-30 In *The Winter's Tale*, Shakespeare gave the landlocked country of Bohemia a coastline—a famous and, to Czechs, typical example of foreigners' ignorance of the Czech homeland. Although the lands that were once the Kingdom of Bohemia lie at the heart of Europe, Czechs are usually encountered only in the margins of other people's stories. In *The Coasts of Bohemia*, Derek Sayer reverses this perspective. He presents a comprehensive and long-needed history of the Czech people that is also a remarkably original history of modern Europe, told from its uneasy center. Sayer shows that Bohemia has long been a theater of European conflict. It has been a cradle of Protestantism and a bulwark of the Counter-Reformation; an Austrian imperial province and a proudly Slavic national state; the most easterly democracy in Europe; and a westerly outlier of the Soviet bloc. The complexities of its location have given rise to profound (and often profoundly comic) reflections on the modern condition. Franz Kafka, Jaroslav Hasek, Karel Capek and Milan Kundera are all products of its spirit of place. Sayer describes how Bohemia's ambiguities and contradictions are those of Europe itself, and he considers the ironies of viewing Europe, the West, and modernity from the vantage point of a country that has been too often ignored. *The Coasts of Bohemia* draws on an enormous array of literary, musical, visual, and documentary sources ranging from banknotes to statues, museum displays to school textbooks, funeral orations to operatic stage-sets, murals in subway stations to censors' indexes of banned books. It brings us into intimate contact with the ever changing details of daily life—the street names and facades of buildings, the heroes figured on postage stamps—that have created and recreated a sense of what it is to be Czech. Sayer's sustained concern with questions of identity, memory, and power place the book at the heart of contemporary intellectual debate. It is an extraordinary story, beautifully told.

The Czech Republic Jan Willem Bultje,2006 Colorful introduction to the people and history of the Czech Republic.

Through an Ethnic Prism Stephen M. Thomas (□),2021-11-08 This book meticulously recreates the most important episodes in Czech-German relations in what is now the Czech Republic. Drawing on extensive archival research, Stephen M. Thomas depicts the formation of the Czechoslovak Republic from the ruined Austro-Hungarian empire and examines political and public life between world wars via the ethnic rivalry between Germans and Czechs. He questions the nature, legitimacy and political viability of the nation state, and especially its relationship to ethnic minorities, such as the Slovaks. Confrontational nationalism and the use of ethnicity as a political tool are no less common today than they were in the 20th century. This book's radical contribution to studies of nationalism and ethnicity is that it juxtaposes German and Czech perspectives of power and oppression as part of the same story. This framework allows us to appreciate new complexities regarding the creation of Czechoslovakia and ponder them in 21st century terms.

A History of Czechs and Jews Martin Wein,2015-02-11 Was Israel founded by Czechoslovakia? A History of Czechs and Jews examines this question and the resulting findings are complex. Czechoslovakia did provide critical, secret military sponsorship to Israel around 1948, but this alliance was short-lived and terminated with the Prague Trial of 1952. Israel's Czech guns were German as much as Czech, and the Soviet

Union strongly encouraged Czechoslovakia’s help for Israel. Most importantly however, the Czechoslovak-Israeli military cooperation was only part of a much larger picture. Since the mid-1800s, Czechs and Jews have been systematically comparing themselves to each other in literature, music, politics, diplomacy, media, and historiography. A shared perception of similar fates of two small nations trapped between East and West, in constant existential danger, helped forge a Czech-Jewish national friendship amid periods of estrangement. Yet, this Czech-Jewish national friendship, an idea that can be traced from Masaryk and Kafka via Weizman and Ben Gurion to Havel and Netanyahu, was more myth than reality. Relations were often mixed and highly dependent on larger historical developments affecting Central Europe and the Middle East. As the Czech Republic emerges as Israel’s main EU ally, this book provides a timely analysis of this old-new alliance and is essential reading for students and scholars with an interest in History and Jewish Studies.

Czech American Timeline Miloslav Rechcigl Jr.,2013-09-13 Czech American Timeline chronicles important events bearing on Czech-American history, from the earliest known entry of a Czech on American soil to date. This comprehensive chronology depicts the dazzling epic history of Czech colonists, settlers, as well as early visitors, and their descendants, starting in 1519, with Hernn Corts soldier Johann Berger in Mexico, and in 1528, the Jchymov miners in Haiti, through the escapades of Bohemian Jesuits in Latin America in the 17th and 18th centuries, the Bohemian and Moravian pioneer settlers in New Amsterdam (New York) in the 17th century and the extraordinary mission work of Moravian Brethren in the 18th century, to the mass migration of Czechs from the Habsburg Empire in the second half of the 19th and the early part of the 20th centuries and the contemporary exodus of Czechs from Nazism and Communism. Historically, this is the first serious undertaking of its kind. This is an invaluable reference to all researchers and students of Czech-American history, as well as to professionals and amateurs of Czech-American genealogy, and to individuals interested in immigration and cultural history, in general.

Czech Village & New Bohemia: History in the Heartland Dave Rasdal,2016 Beginning in the 1870s, thousands of Bohemians flocked to Cedar Rapids in search of a better life. Czech immigrants courageously overcame the difficult conditions of the local packinghouse and the challenge of creating a new home. They maintained a strong cultural identity with Czech music, literature and an undying dedication to family. In the wake of a devastating flood in 2008, the people of Czech Village and New Bohemia re-imagined traditional principles to forge a remarkable resurgence toward a promising future. Author Dave Rasdal travels from the Charles Bridge to the Bridge of Lions in a celebration of Czech heritage and history in Cedar Rapids.

Czechoslovakia and the Czech Republic in World Politics Ladislav Cabada,Šárka Waisová,2011 The book focuses on the description and analysis of the historical formation of the Czechoslovak and Czech positions in the international system during the course of the 20th century. The first part of the book presents a brief outline of the history of Czechoslovak foreign policy between the First World War and the end of the Cold War. The authors focus on the key periods and turning points in the role of the small Central European state in the international system as well as on the significant actors formulating Czechoslovak foreign policy from the inside and influencing it from the outside. The second, analytical part of the book focuses on the key issues connected to the change of the position of Czechoslovakia and the Czech Republic after 1993 in world politics, and on the formulation of Czech foreign policy priorities and strategies in the globalized world after the end of bipolar confrontation. The authors analytically investigate the activities of the Czech Republic in (Central) European regional integration processes and the integration of the state in the global system of development cooperation. A great deal of attention is paid to the key political actors of the Czech foreign policy discussion and their impact on the formulation of foreign policy goals. Special attention is paid to the dilemmas of Czech foreign policy: the hesitation between the role of a small state and a medium power and also the span of Czech foreign policy between Atlanticism, anti-Americanism and Europeanization.

Czech/English, English/Czech Concise Dictionary Nina Trnka,1991 Provides English and Czech equivalent expressions for thousands of words and includes advice on pronunciation.

Selected Czech Tales ,1970

Czech Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Czech PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their

horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Czech PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Czech free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Czech Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Czech is one of the best book in our library for free trial. We provide copy of Czech in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Czech. Where to download Czech online for free? Are you looking for Czech PDF? This is definitely going to save you time and cash in something you should think about.
