The Omega Book Boxed Set Andrea

Domanski,2015-05-11 The Omega Group has one purpose: to protect mankind from preternatural and supernatural threats. After all, it takes one to know one, right? Crossfire (Book 1) For her eighteenth birthday, Mirissa Colson receives a package from the mother who abandoned her over a decade ago. The family secret it reveals transforms her life from trying on prom dresses to battling an ancient race of demons. Thanks, Mom. Her nineteenth brings forth an even more treacherous foe--one maniacal demi-god bent on ruling the world. So much for dating. build upon. When she's called on to save the world--literally--Mirissa finds she has a lot more in her arsenal than just a mean roundhouse kick. Burgeoning powers she previously thought impossible, like controlling the elements and sensory expansion, give her some confidence. But when she's thrust into a world teeming with preternatural beings, Mirissa finds herself outmatched and outgunned. Greco (Book 1.5) When Greco's long-estranged mother vanishes, he must face more than just his own personal demons. Ruthless mercenaries, inept crooks, and deeply buried secrets abound while Greco and Mirissa push their relationship to the brink in a search for answers. Todd Howard Wendi Sierra, 2020-12-24 The newest addition to our Influential Video Game Designers series explores the work of Todd Howard, executive producer at Bethesda Studios, known for how he consistently pushes the boundaries of open-world gaming and player agency. Howard's games create worlds in which players can design their own characters and tell their own stories. While many games tell the story of the game's main character, Todd

Howard's worldbuilding approach to game design focuses more on telling the story of the game's world, whether it be the high fantasy environments of the Elder Scrolls series or the post-apocalyptic wasteland of the Fallout series. This focus on sculpting the world allows for remarkable amounts of player freedom and choice in an expansive game environment by creating a landscape rich with open opportunity. Drawing on both academic discussions of narrative, world design, and game design, as well as on officially released interviews, speeches, and presentations given by Howard and other designers at Bethesda Games, Wendi Sierra highlights three core areas set Howard's design perspective apart from other designers: micronarratives, iterative design, and the sharing of design tools. Taken as a whole, these three elements demonstrate how Howard has used a worldbuilding perspective to shape his games. In doing so, he has impacted not only Bethesda Studios, but also the landscape of game design itself.

Being Dragonborn Mike Piero, Marc A.

Ouellette, 2021-09-28 The Elder Scrolls V: Skyrim is one of the bestselling and most influential video games of the past decade. From the return of world-threatening dragons to an ongoing civil war, the province of Skyrim is rich with adventure, lore, magic, history, and stunning vistas. Beyond its visual spectacle alone, Skyrim is an exemplary gameworld that reproduces out-of-game realities, controversies, and histories for its players. Being Dragonborn, then, comes to signify a host of ethical and ideological choices for the player, both inside and outside the gameworld. These essays show how playing Skyrim, in many ways, is akin to playing 21st century America with its various crises, conflicts, divisions, and inequalities. Topics covered include racial inequality and white supremacy, gender construction and misogyny, the politics of modding, rhetorics of gameplay, and narrative features.

The Gnostic Luciferian New Age Babylon Revisited
Gregory Lessing Garrett, 2019-09-30 The Gnostic Luciferian New Age Utopia will be based upon a Mystery Babylon re-visitation of tolerance for all behaviors narcissistically self-indulgent, sexually perverse, psychoactively induced, and sinfully decadent, with self-worship and self-adulation as the highest pinnacle of religious zeal. Additionally, utilizing the trickery and artifice of an Alien Antichrist Messiah Deception, the Luciferian Elite seek to obliterate Christianity and replace it with a Gnostic Pantheistic Cosmogenesis narrative, where Ancient Aliens are our true genetic origins, and Cosmic Evolution, with Mankind in tow, is the Grand Design of the Universe. Since this is a very real situation which effects all the world in the direst sort of way, the contents of this book are relevant to all citizens of the world. This book bravely explores the various guises that this repackaged Babylonian Gnostic Luciferianism has taken and how it got to this point, as well as offers answers to this nefarious situation.
