A Trio of Zen Buddhist Stories Albert
Shansky,2011-03-28 So there you have it; three
tragic stories, two ending in death, all three of
an existential mode. What does it all mean? Is
one's life guided by some supernatural force? Or
is it the individual's Karma which is the driving
force of our actions? According to karma theory
every action has a consequence which will come to
fruition in either this or a future life; thus
morally good acts will have positive consequences,
whereas bad acts will produce negative results.
