Divided by a Common Language Christopher Davies,2007-09-26 This guide to the language differences between the United States and United Kingdom is “a fascinating collection full of all kinds of surprises” (Minneapolis Star Tribune). Taxi rank . . . toad in the hole . . . dustman . . . fancy dress . . . American visitors to London (or viewers of British TV shows) might be confused by these terms. But most Britons would be equally puzzled by words like caboose, bleachers, and busboy. In *Divided by a Common Language*, Christopher Davies explains these expressions and discusses the many differences in pronunciation, spelling, and vocabulary between British and American English. He compares the customs, manners, and practical details of daily life in the United Kingdom and the United States, and American readers will enjoy his account of American culture as seen through an Englishman’s eyes. Davies tops it off with an amusing list of expressions that sound innocent enough in one country but make quite the opposite impression in the other. Two large glossaries help travelers translate from one variety of English to the other, and additional lists explain the distinctive words of Australia, New Zealand, and South Africa. This delightful book is the ideal companion for travelers—or anyone who enjoys the many nuances of language.

DK Eyewitness Books: Amphibian Barry Clarke,2005-09-05 Frogs, toads, newts, salamanders, and the rare caecilians come in a stunning array of colors, shapes, sizes, and habitats. They live both in water and on land and move in a variety of ways from swimming to hopping and even flying. With a series of specially commissioned photographs, *DK Eyewitness Books: Amphibian* takes a close look at the fascinating natural history of these creatures from the bright green, red-eyed tree frogs to dull, burrowing, wormlike caecilians; from startling black and yellow fire salamanders to tiny transparent glass frogs. The most trusted nonfiction series on the market, *Eyewitness Books* provide an in-depth, comprehensive look at their subjects with a unique integration of words and pictures.

Venus on the Half-Shell Philip José Farmer,2024-05-14 Disaster sends a man across the universe in search of answers to life’s big questions in this humorous classic adventure by a Science Fiction Grand Master. When a massive flood wipes out Earth and spoils his date, lone survivor Simon Wagstaff finds refuge in an abandoned Chinese spaceship, the Hwang Ho. Accompanied by three new companions—a dog, an owl, and a beautiful robot—and his electric banjo, Wagstaff sets off on an extraterrestrial adventure. He travels from planet to planet, seeking the definitive answer to the ultimate question: Why are we created if only to suffer and die? Of course, after he drinks an elixir granting him eternal life, the real question is what to do for the rest of eternity after he answers his first question . . . “Lively and inventive and goes by faster than a holiday weekend.” —The Washington Post “A comedy of sexual mores, an
