Quit Being A Bitch Chichi S Dango, III, 2020-06-16 This is the first journal in a series of journals by the shrewd and witty Chichi Dango. Growing up on his own in the harshest neighborhoods in the inner cities of the northeast, Dango has developed a keen understanding of the world and is here to pass on his knowledge and guide lost souls to the best version of themselves. Chichi gets to the point with a few lines then has the journal keeper fill the pages with entries so what emerges at the end is no short of the complete transformation of a dehydrated caterpillar into a glorious monarch. He also suggests that the title alone is enough to deliver the point and the journal keeper may carry the blank pages around as a reminder of the task at hand.

**Dingo Dango** Jay Horne, 2020-03-05 Mason has been getting a taste of real living while visiting his aunt and uncle Down Under. Don't mind the shiner. Just a boxing match with a kangaroo. They're friends now. Mason finds that, in Australia, there are a lot of things scarier than catching an STD from a koala. Like, snakes, for instance. But, Uncle says, the poisonous spiders keep those in check.

*Crisis Style* Michael Dango, 2021 In this expansive and provocative new work, Michael Dango theorizes how aesthetic style manages crisis--and why taking crisis seriously means taking aesthetics seriously. Detoxing, filtering, bingeing, and ghosting: these are four actions that have come to define how people deal with the stress of living in a world that seems in permanent crisis. As Dango argues, they can also be used to describe contemporary art and literature. Employing what he calls promiscuous archives, Dango traverses media and re-shuffles literary and art historical genealogies to make his case. The book discusses social media filters alongside the minimalism of Donald Judd and La Monte Young and the television shows *The West Wing* and *True Detective*. It reflects on the modernist cuisine of Ferran Adrià and

the fashion design of Issey Miyake. And, it dissects writing by JBarbara Browning, William S. Burroughs, Raymond Carver, Mark Danielewski, Jennifer Egan, Tao Lin, David Mitchell, Joyce Carol Oates, Mary Robison, Zadie Smith. Unpacking how the styles of these works detox, filter, binge, or ghost their worlds, *Crisis Style* is at once a taxonomy of contemporary cultural production and a theorization of action in a world always in need of repair. Ultimately, Dango presents a compelling argument for why we need aesthetic theory to understand what we're doing in our world today.

**Reading the Obscene** Jordan Carroll, 2021-11-23 With *Reading the Obscene*, Jordan Carroll reveals new insights about the editors who fought the most famous anti-censorship battles of the twentieth century. While many critics have interpreted obscenity as a form of populist protest, *Reading the Obscene* shows that the editors who worked to dismantle censorship often catered to elite audiences composed primarily of white men in the professional-managerial class. As Carroll argues, transgressive editors, such as H. L. Mencken at the *Smart Set* and the *American Mercury*, William Gaines and Al Feldstein at *EC Comics*, Hugh Hefner at *Playboy*, Lawrence Ferlinghetti at *City Lights Books*, and Barney Rosset at *Grove Press*, taught their readers to approach even the most scandalizing texts with the same cold calculation and professional reserve they employed in their occupations. Along the way, these editors kicked off a middle-class sexual revolution in which white-collar professionals imagined they could control sexuality through management science. Obscenity is often presented as self-shattering and subversive, but with this provocative work Carroll calls into question some of the most sensational claims about obscenity, suggesting that when transgression becomes a sign of class distinction, we must abandon the idea that obscenity always overturns hierarchies and disrupts social order. ### **The Oxford Companion to Sugar and Sweets** ,2015-04-01

A sweet tooth is a powerful thing. Babies everywhere seem to smile when tasting sweetness for the first time, a trait inherited, perhaps, from our ancestors who foraged for sweet foods that were generally safer to eat than their bitter counterparts. But the science of sweet is only the beginning of a fascinating story, because it is not basic human need or simple biological impulse that prompts us to decorate elaborate wedding cakes, scoop ice cream into a cone, or drop sugar cubes into coffee. These are matters of culture and aesthetics, of history and society, and we might ask many other questions. Why do sweets feature so prominently in children's literature? When was sugar called a spice? And how did chocolate evolve from an ancient drink to a modern candy bar? The Oxford Companion to Sugar and Sweets explores these questions and more through the collective knowledge of 265 expert contributors, from food historians to chemists, restaurateurs to cookbook writers, neuroscientists to pastry chefs. The Companion takes readers around the globe and throughout time, affording glimpses deep into the brain as well as stratospheric flights into the world of sugar-crafted fantasies. More than just a compendium of pastries, candies, ices, preserves, and confections, this reference work reveals how the human proclivity for sweet has brought richness to our language, our art, and, of course, our gastronomy. In nearly 600 entries, beginning with à la mode and ending with the Italian trifle known as zuppa inglese, the Companion traces sugar's journey from a rare luxury to a ubiquitous commodity. In between, readers will learn about numerous sweeteners (as well-known as agave nectar and as obscure as castoreum, or beaver extract), the evolution of the dessert course, the production of chocolate, and the neurological,

psychological, and cultural responses to sweetness. The Companion also delves into the darker side of sugar, from its ties to colonialism and slavery to its addictive qualities. Celebrating sugar while acknowledging its complex history, The Oxford Companion to Sugar and Sweets is the definitive guide to one of humankind's greatest sources of pleasure. Like kids in a candy shop, fans of sugar (and aren't we all?) will enjoy perusing the wondrous variety to be found in this volume.

**Media Across Borders** Andrea Esser, Iain Robert Smith, Miguel Á. Bernal-Merino, 2016-01-29 What happened when *Sesame Street* and *Big Brother* were adapted for African audiences? Or when video games *Final Fantasy* and *Assassin's Creed* were localized for the Spanish market? Or when *Sherlock Holmes* was transformed into a talking dog for the Japanese animation *Sherlock Hound*? Bringing together leading international scholars working on localization in television, film and video games, *Media Across Borders* is a pioneering study of the myriad

ways in which media content is adapted for different markets and across cultural borders. Contributors examine significant localization trends and practices such as: audiovisual translation and transcreation, dubbing and subtitling, international franchising, film remakes, TV format adaptation and video game localization. Drawing together insights from across the audiovisual sector, this volume provides a number of innovative models for interrogating the international flow of media. By paying specific attention to the diverse ways in which cultural products are adapted across markets, this collection offers important new perspectives and theoretical frameworks for studying localization processes in the audiovisual sector. For further resources, please see the Media Across Borders group website ([www.mediaacrossborders.com](http://www.mediaacrossborders.com)), which hosts a 'localization' bibliography; links to relevant companies, institutions and publications, as well as conference papers and workshop summaries.
