**I Am C-3PO - The Inside Story** Anthony Daniels, 2019-11-05 Gloriously witty, keen and spirited J.J. Abrams, Director of Star Wars: The Rise of Skywalker The odds of me ever writing a book were approximately... Oh, never mind. My golden companion worries about such things - I don't. I have indeed now written a book - telling my story, in my voice, not his - recognizing that our voices and our stories are inextricably intertwined. When Star Wars burst onto the big screen in 1977, an unfailingly polite golden droid called C-3PO captured imaginations around the globe. But C-3PO wasn't an amazing display of animatronics with a unique and unforgettable voiceover. Inside the metal costume was an actor named Anthony Daniels. In this deeply personal memoir, Anthony Daniels recounts his experiences of the epic cinematic adventure that has influenced pop culture for more than 40 years. For the very first time, he candidly describes his most intimate memories as the only actor to appear in every Star Wars film - from his first meeting with George Lucas to the final, emotional days on the set of Star Wars: The Rise of Skywalker. With a foreword by J.J. Abrams and never-before-seen photography, this book is a nostalgic look back at the Skywalker saga as it comes to a close. I Am C-

3PO: The Inside Story reveals Anthony Daniels' vulnerability, how he established his role and what he accomplished, and takes readers on a journey that just happens to start in a galaxy far, far away.

The Empire stands at the brink of total collapse. But they have saved their most heinous plan for last. First a plot is hatched that could destroy the New Republic in a bloodbath of genocide and civil war. Then comes the shocking news that Grand Admiral Thrawn--the most cunning and ruthless warlord in history--has apparently returned from the dead to lead the Empire to a long-propheisied victory. Facing incredible odds, Han and Leia begin a desperate race against time to prevent the New Republic from unraveling in the face of two inexplicable threats--one from within and one from without. Meanwhile, Luke teams up with Mara Jade, using the Force to track down a mysterious pirate ship with a crew of clones. Yet, perhaps most dangerous of all, are those who lurk in the shadows, orchestrating a dark plan that will turn the New Republic and the Empire into their playthings.

The Truce at Bakura: Star Wars Legends Kathy Tyers,1994-11-01 No sooner has Darth Vader's funeral pyre burned to ashes on Endor than the Alliance intercepts a call for help from a far-flung Imperial outpost. Bakura is on the edge of known space and the first to meet the Ssi-ruuk, cold-blooded reptilian invaders who, once allied with the now dead Emperor, are approaching Imperial space with only one goal; total domination. Princess Leia sees the mission as an opportunity to achieve a diplomatic victory for the Alliance. But it assumes even greater importance when a vision of Obi-Wan Kenobi appears to Luke Skywalker with the message that he must go to Bakura- or risk losing everything the Rebels have fought so desperately to achieve.

Sixteen-year-old Princess Leia Organa faces the most challenging task of her life so far: proving herself in the areas of body, mind, and heart to be formally named heir to the throne of Alderaan. She's taking rigorous survival courses, practicing politics, and spearheading relief missions to worlds under Imperial control. But Leia has worries beyond her claim to the crown. Her parents, Breha and

Bail, aren't acting like themselves lately; they are distant and preoccupied, seemingly more concerned with throwing dinner parties for their allies in the Senate than they are with their own daughter. Determined to uncover her parents' secrets, Leia starts down an increasingly dangerous path that puts her right under the watchful eye of the Empire. And when Leia discovers what her parents and their allies are planning behind closed doors, she finds herself facing what seems like an impossible choice: dedicate herself to the people of Alderaan (including the man she loves) or to the galaxy at large, which is in desperate need of a rebel hero...
