**Darker than Night** Tom Henderson, 2006-10-03 ON A COLD, SNOWY NIGHT IN 1985, TWO MEN BEGGED FOR THEIR LIVES. In 1985, two 27-year-old friends left their suburban Detroit homes for a hunting trip in rural Michigan. When they did not return, their families and police suspected foul play. For 18 years, no one could prove a thing. Then, a relentless investigator got a witness to talk, and a horrifying story emerged. FOR NEARLY TWO DECADES, THEIR KILLERS WENT FREE. In 2003, this bizarre case hit the glare of the criminal justice system, as prosecutors charged two brothers, Raymond and Donald Duvall, with murder. With no bodies ever found, the case hinged on the testimony of one terrified witness who saw a bloody scene unfold-and who was still nearly too frightened to talk. THEN A WITNESS TOLD HER CHILLING STORY Now, the truth behind an 18-year-old mystery is revealed against the backdrop of an unusual, electrifyingly dramatic trial. Raymond and Donald Duvall bragged to friends that they killed their victims, chopped up their bodies and fed them to pigs. A Michigan jury soon had evidence of this brutally methodical execution-evidence that would lead a shocked courtroom through the heart of evil and beyond a shadow of a doubt.

Blue Darker Than Black Mike Jenne,2016-01-12 In the second book of the Blue Gemini trilogy, Air Force Majors Scott Ourecky and Drew Carson continue to fly highly classified missions to intercept and destroy suspect Soviet satellites. But after experiencing numerous close calls in orbit, the astronauts soon discover that not all perils reside in the sky. With his marriage already at risk because he cannot explain his frequent absences and strange activities to his wife, Ourecky learns that his unborn child may be in grave danger as a radiation consequence of his flights into space. Even as the Ourecky and Carson accumulate successful mission after successful mission in space, other crucial events occur much closer to home. Interservice rivalries reach new heights as a caustic but highly influential Navy admiral schemes to steal control of the Project from the Air Force. Realizing that a Soviet GRU agent is

operating in their midst, a shadowy team of counter-intelligence operatives scramble to shield the Project's secrets from discovery, leading to a confrontation that bears fatal consequences. As they train to accomplish more difficult missions against complicated targets, Ourecky and Carson are asked to volunteer to risk their lives one more time in an extremely hazardous rescue mission. The stakes are high; even as they leave the launch pad, there is no certainty that either man will return. **Magic as Metaphor in Anime** Dani Cavallaro, 2010-03-08 Since its inception as an art form, anime has engaged with themes, symbols and narrative strategies drawn from the realm of magic. In recent years, the medium has increasingly turned to magic specifically as a metaphor for a wide range of cultural, philosophical and psychological concerns. This book first examines a range of

Eastern and Western approaches to magic in anime, addressing magical thinking as an overarching concept which unites numerous titles despite their generic and tonal diversity. It then explores the collusion of anime and magic with reference to specific topics. A close study of cardinal titles is complemented by allusions to ancillary productions in order to situate the medium's fascination with magic within an appropriately broad historical context.

**Beyond Black** Hilary Mantel, 2006-04-18 Hailed as a writer of subtlety and depth, Hilary Mantel turns her dark genius on the world of psychics in this smart, unsettling novel (Joyce Carol Oates) A paragon of efficiency, Colette took the next natural step after finishing secretarial school by marrying a man who would do just fine. After a sobering, do-it-yourself divorce, Colette is at a loss for what to do next. Convinced that she is due an out-of-hand, life-affirming revelation, she strays into the realm of psychics and clairvoyants, hungry for a whisper to set her off in the right direction. At a psychic fair in Windsor she meets the charismatic Alison. Alison, the daughter of a prostitute, beleaguered during her childhood by the pressures of her connection to the spiritual world, lives in a different kind of solitude. She cannot escape the dead who speak to her, least of all the constant presence of Morris, her low-life spiritual guide. An expansive presence onstage, Alison at once feels her bond with Colette, inviting her to join her on the road as her personal assistant and companion. Troubles spiral out of control when the pair moves to a suburban wasteland in what was once the English countryside and take up with a spirit guide and his drowned therapist. It is not long before Alison's connection to the place beyond black threatens to uproot their lives forever. This is Hilary Mantel at her finest- insightful, darkly comic, unorthodox, and thrilling to read.

**Same Family, Different Colors** Lori L. Tharps, 2016-10-04 Weaving together personal stories, history, and analysis, Same Family, Different Colors explores the myriad ways skin-color politics affect family dynamics in the United States. Colorism and color bias—the preference for or presumed superiority of people based on the color of their skin—is a pervasive and damaging but rarely openly discussed phenomenon. In this unprecedented book, Lori L. Tharps explores the issue in African American, Latino, Asian American, and mixed-race families and communities by weaving together personal stories, history, and analysis. The result is a compelling portrait of the myriad ways skin-color politics affect family dynamics in the United States. Tharps, the mother of three mixed-race children with three distinct skin colors, uses her own family as a starting point to investigate how skin-color difference is dealt with. Her journey takes her across the country and into the lives of dozens of diverse individuals, all of whom have grappled with skin-color politics and speak candidly about experiences that sometimes scarred them. From a Latina woman who was told she

couldn't be in her best friend's wedding photos because her dark skin would "spoil" the pictures, to a light-skinned African American man who spent his entire childhood "trying to be Black," Tharps illuminates the complex and multifaceted ways that colorism affects our self-esteem and shapes our lives and relationships. Along with intimate and revealing stories, Tharps adds a historical overview and a contemporary cultural critique to contextualize how various communities and individuals navigate skin-color politics. Groundbreaking and urgent, *Same Family, Different Colors* is a solution-seeking journey to the heart of identity politics, so that this more subtle "cousin to racism," in the author's words, will be exposed and confronted.
