Stratification in Cultural Contexts Toshiaki Kimura,2013

Stratification in Cultural Contexts is a collection drawn from research results of the East Asian Division of the Center for the Study of Social Stratification and Inequality at Tohoku University. In this book, scholars who specialize in areas of East and Southeast Asia examine how the problem of stratification manifests itself in different cultural and historical contexts, discussing when and in what circumstances the problem of stratification has become more serious, and suggesting how the tension could be eased. The topics dealt with are diversified, from religion to economic concerns. The local wisdom of traditional societies is used to analyze inequality and stratification in cases such as the phenomenon of 'religious revival' following democratization in Mongolian society, the lives of 'slaves' under the Choson dynasty in Korea, and the role of warrior-class women in early-modern

Japan. This volume provides a strong step on the way to further studies of stratification and inequality in cultural contexts. (Series: Stratification and Inequality - Vol. 15)

Japan Encyclopedia Louis Fr  ric, Louis-Fr  d  ric, 2002

Knowing Japan and the Japanese better, Louis Fr  d  ric states in the introduction to this encyclopedia, is one of the necessities of modern life. The Japanese have a profound knowledge of every aspect and detail of Western societies. Unfortunately, we in the West cannot say the same about our knowledge of Japan. We tend to see Japan through a veil of exoticism, as a land of ancient customs and exquisite arts; or we view it as a powerful contributor to the global economy, the source of cutting-edge electronics and innovative management techniques. To go beyond these clich  s, we must begin to see how apparently contradictory aspects of modern Japanese culture spring from the country's evolution through more than two millennia of history. This richly detailed yet concise encyclopedia is a guide to the full range of Japanese history and civilization, from the dawn of its prehistory to today, providing clear and accessible information on society and institutions, commerce and industry, sciences, sports, and politics, with particular emphasis on religion, material culture, and the arts.

The volume is enhanced by maps and illustrations, along with a detailed chronology of more than 2,000 years of Japanese history and a comprehensive bibliography. Cross-references and an index help the reader trace themes from one article to the next. Japan Encyclopedia will be an indispensable one-volume reference for students, scholars, travelers, journalists, and anyone who wishes to learn more about the past and present of this great world civilization.

Sengoku Basara Yak Haibara,2013-02-19 During the Warring States Sengoku era of feudal Japan, mighty samurai armies battle all across the land of the rising sun. The sudden murder of the powerful lord Nobunaga has sparked a mad dash for power. Warlords from every kingdom have charged their soldiers into combat, each hoping to enact their own personal vision for the future of Japan. Sengoku Basara takes real Japanese historical events and figures, and makes them larger than life with dynamic character designs and all-out action.

Rethinking Japan Vol 2 Adriana Boscaro,Franco Gatti,Massimo Raveri,2018-12-07 These papers explore the debate over new directions in Japanese studies.

The Samurai's Daughter John J. Healey,2019-08-27 A tale of

personal discovery, familial obligations, and competing cultural expectations is at the heart of this exciting sequel to *The Samurai of Seville*. Soledad Maria, called Masako by her father, is a child of two worlds. Born in Seville in the seventeenth century, she is the daughter of a beloved Spanish lady and a fearsome samurai warrior sent to Spain as a member of one of the most intriguing cultural exchanges in history. After her mother's death, Soledad Maria and her father set out to return to Japan, though a journey across the world can never be without peril. Once they return, even their position in her father's home is not secure. As they try to stay one step ahead of those who would harm them, Soledad Maria finds herself grappling with not only the physical challenges of her many voyages, but with who she is, which legacy to claim—that of a proper Spanish lady or of a samurai—and which world she can really call home. *The Samurai's Daughter* is an essential and timeless story of accepting ourselves and finding our place in the world.

Sengoku Basara Yak Haibara, 2012 First published in Japan in 2007 by ASCII Media Works. -- Colophon.

They Need Nothing Robert Richmond Ellis, 2012-01-01 The first comprehensive study of Spanish writings on East and Southeast

Asia from the Spanish colonial period, *They Need Nothing* draws attention to many essential but understudied Spanish-language texts from this era. Robert Richmond Ellis provides an engaging, interdisciplinary examination of how these writings depict Asia and Asians as both similar to and different from Europe and Europeans, and details how East and Southeast Asians reacted to the Spanish presence in Asia. *They Need Nothing* highlights texts related to Japan, China, Cambodia, and the Philippines, beginning with Francis Xavier's observations of Japan in the mid-sixteenth century and ending with José Rizal's responses to the legacy of Spanish colonialism in the late nineteenth century. Ellis provides a groundbreaking expansion of the geographical and cultural contours of Hispanism that bridges the fields of European, Latin American, and Asian Studies.

Samurai Armour Trevor Absolon, 2017-11-30 For beauty, precision and strength, nothing has ever matched the combination of form and function found in the armour of the samurai. For a samurai, the consummate warrior, his suit of armour was so much more than 'just' protective equipment that could save his life in the heat of battle – it was the embodiment of his personality, social status and very soul. This volume, the first in a two-part series on

the armour of the samurai, traces first the history of the samurai themselves and then examines the history and evolution of the cuirass or dou, the armour protecting the samurai's chest. Drawing on over 20 years of research and technical work by Trevor Absolon, a leading expert, this is a complete study of this fundamental aspect of samurai armour construction. Illustrated throughout with photographs and diagrams, this is more than just a detailed technical exploration, it is a meditation on a process that was, and still is, nothing short of an art form.

Samurai Commanders (2) Stephen Turnbull, 2012-06-20 This second volume about Japan's samurai commanders covers the generals of the later years of the Age of the Warring States, a period when only the most able leaders survived. This was a time when the prowess of a commander was measured as much by his strategic and organizational abilities as by his individual fighting skills and he was expected to give as great a show of strength in the council chamber as on the battlefield. This book discusses the lives, battles and wider roles of talented commanders such as Oda Nobunaga and Toyotomi Hideyoshi great men who stood out prominently due to their elaborate suits of armour and helmets, their stunning personal heraldry and their great armies.

The Rough Guide to Japan: Travel Guide eBook Rough

Guides,2024-02-01 This Japan guidebook is perfect for independent travellers planning a longer trip. It features all of the must-see sights and a wide range of off-the-beaten-track places. It also provides detailed practical information on preparing for a trip and what to do on the ground. And this Japan travel guidebook is printed on paper from responsible sources, and verified to meet the FSC's strict environmental and social standards. This Japan guidebook covers: Tokyo (and around); Northern Honshu; Hokkaido; Central Honshu; Kyoto and Nara; Kansai; Western Honshu; Shikoku; Kyushu; Okinawa. Inside this Japan travel book, you'll find: A wide range of sights – Rough Guides experts have hand-picked places for travellers with different needs and desires: off-the-beaten-track adventures, family activities or chilled-out breaks Itinerary examples – created for different time frames or types of trip Practical information – how to get to Japan, all about public transport, food and drink, shopping, travelling with children, sports and outdoor activities, tips for travellers with disabilities and more Author picks and things not to miss in Japan – Ginkaku-ji Temple and Gardens, Kyoto; Nikko; Mount Fuji; Ryokan; Hiroshima's Peace Memorial Park; Roppongi at Night; Naoshima

Island; Hiking the Northern Alps; Yaeyama Islands, Okinawa;
Kaiyukan Aquarium Insider recommendations – tips on how to beat
the crowds, save time and money, and find the best local spots
When to go to Japan – high season, low season, climate
information and festivals Where to go – a clear introduction to
Japan with key places and a handy overview Extensive coverage
of regions, places and experiences – regional highlights, sights and
places for different types of travellers, with experiences matching
different needs Places to eat, drink and stay – hand-picked
restaurants, cafes, bars and hotels Practical info at each site –
hours of operation, websites, transit tips, charges Colour-coded
mapping – with keys and legends listing sites categorised as
highlights, eating, accommodation, shopping, drinking and nightlife
Background information for connoisseurs – history, culture, art,
architecture, film, books, religion, diversity Essential Japanese
dictionary and glossary of local terms Fully updated post-COVID-19
The guide provides a comprehensive and rich selection of places
to see and things to do in Japan, as well as great planning tools.
It's the perfect companion, both ahead of your trip and on the
ground.

Doomsday with My Dog, Vol. 4 Yu Ishihara, 2024-02-20 Haru

the Shiba Inu and his ever-so-slightly strange owner—the last human on Earth—continue their pleasant post-apocalyptic journey to wondrous new places with peculiar inhabitants!

Japanese Tea Ceremony A.L. Sadler, 2011-12-20 The tea ceremony—known as cha-no-yu, or literally hot water for tea—has touched nearly every aspect of Japanese life. First published in 1933 as *Cha-No-Yu, or The Japanese Tea Ceremony*, this classic remains the gold standard for books on the five-centuries-old tea ceremony, which is itself an epitome of Japanese civilization. Abundantly illustrated with drawings and photographs showing every aspect of the tea ceremony, this book takes readers on a complete tour of furniture and utensils, architecture and gardens, and numerous other features of cha-no-ya. Photos of tea bowls, teahouses and gardens reveal the exquisite artistry of the cult of tea. The Japanese Tea Ceremony is a fascinating exploration of one of Japan's greatest arts and details the importance of the tea ceremony's history and traditions, its historical tea masters and its physical manifestations. This book includes: Descriptions of the many disciplines contained within the broader framework of tea ceremony, including art, architecture, gardening and exquisite handicrafts The experiences of masters of the art over the

centuries Histories of the various schools and traditions of the art of tea

1636: Seas of Fortune Iver Cooper, 2013-12-16 A new addition to the multiple New York Times best-selling Ring of Fire series. After carving a place for itself in war-torn 17th century Europe, citizens of the modern town of Grantville, West Virginia, the up-timers and their allies take on continental America and the Japan! A cosmic catastrophe, the Ring of Fire, strands the West Virginia town of Grantville in the middle of Europe during the Thirty Years War. The repercussions of that event transform Europe and, in a few years, begin spreading across the world. By 1636, the Ring of Fire's impact is felt across two great oceans, the Atlantic and Pacific. Stretching Out: The United States of Europe seeks out resources -- oil, rubber and even aluminum ore -- to help it wage war against the foes of freedom. Daring pioneers cross the Atlantic and found a new colony on the Wild Coast of South America. The colonists hope that with the up-timers' support and knowledge they can prosper in the tropics without resort to Indian and African slavery. Then a slave ship visits the colony, seeking water.... and the colonists must make a fateful choice. Rising Sun: In 1633, the wave of change emanating from the Ring of Fire reaches Japan.

The Shogun is intrigued by samples of up-time technology, but it's a peek at what fate had in store for Japan in the old time line that has the greatest impact -- setting events in motion whose tremors are felt thousands of miles away and for years to come, as Japan pulls back from a policy of isolation and stakes out its own claim in the brave new world created by the Ring. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Eric Flint's Ring of Fire series: _This alternate history series is a landmark¼Booklist _[Eric] Flint's 1632 universe seems to be inspiring a whole new crop of gifted alternate historians.¼Booklist _ãreads like a technothriller set in the age of the Medicis¼Publishers Weekly

Spectacular Accumulation Morgan Pitelka, 2015-11-30 In *Spectacular Accumulation*, Morgan Pitelka investigates the significance of material culture and sociability in late sixteenth-century Japan, focusing in particular on the career and afterlife of Tokugawa Ieyasu (1543–1616), the founder of the Tokugawa shogunate. The story of Ieyasu illustrates the close ties between people, things, and politics and offers us insight into the role of material culture in the shift from medieval to early modern Japan and in shaping our knowledge of history. This innovative and

eloquent history of a transitional age in Japan reframes the relationship between culture and politics. Like the collection of *meibutsu*, or famous objects, exchanging hostages, collecting heads, and commanding massive armies were part of a strategy Pitelka calls spectacular accumulation, which profoundly affected the creation and character of Japan's early modern polity. Pitelka uses the notion of spectacular accumulation to contextualize the acquisition of art within a larger complex of practices aimed at establishing governmental authority, demonstrating military dominance, reifying hierarchy, and advertising wealth. He avoids the artificial distinction between cultural history and political history, arguing that the famed cultural efflorescence of these years was not subsidiary to the landscape of political conflict, but constitutive of it. Employing a wide range of thoroughly researched visual and material evidence, including letters, diaries, historical chronicles, and art, Pitelka links the increasing violence of civil and international war to the increasing importance of samurai social rituals and cultural practices. Moving from the Ashikaga palaces of Kyoto to the tea utensil collections of Ieyasu, from the exchange of military hostages to the gift-giving rituals of Oda Nobunaga and Toyotomi Hideyoshi, *Spectacular Accumulation* traces Japanese

military rulers' power plays over famous artworks as well as objectified human bodies.

Cool Japan Sumiko Kajiya, 2018-05-01 Written by local expert Sumiko Kajiya, *Cool Japan* explores the heart of Japanese culture and must-see places from a uniquely Japanese perspective. First, visit Kyoto, where you will discover 1,000 years of history, from the ancient love story the Tale of Genji to the traditional tea ceremony. Then head to Tokyo to experience Japan's cutting-edge capital, where the 21st-century kawaii culture collides with landmarks like the Kabuki-za Theater and the Imperial Palace. For a different perspective, venture outside the city to the serene towns of Tohoku, the region largely affected by the 2011 tsunami disaster. Informative, entertaining, and useful, this book is an ideal introduction for any traveler looking for a deeper understanding of Japanese culture, past and present.

Legends and Stories around the Japanese Sword 2 Markus Sesko,

The Japan Magazine , 1928

Decoding Date Masamune: Revealing the Captivating Potential of

Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "Date Masamune," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
