The Book of Dave Will Self, 2012-08-02 The Book of Dave is Booker-shortlisted author Will Self's dazzling sixth novel What if a demented London cabbie called Dave Rudman wrote a book to his estranged son to give him some fatherly advice? What if that book was buried in Hampstead and hundreds of years later, when rising sea levels have put London underwater, spawned a religion? What if one man decided to question life according to Dave? And what if Dave had indeed made a mistake? Shuttling between the recent past and a far-off future where England is terribly altered, The Book of Dave is a strange and troubling mirror held up to our times: disturbing, satirizing and vilifying who and what we think we are. At once a meditation upon the nature of received religion, a love story, a caustic satire of contemporary urban life and a historical detective story set in the far future - this compulsive novel will be enjoyed by readers everywhere, including fans of Martin Amis and Anthony Burgess's A Clockwork Orange. 'Vivid, visceral and breathtakingly ambitious, this is Self's best yet' GQ 'Mindboggling ... darkly hilarious ... A fascinating book' Evening Standard Will Self is the author of nine novels including Cock and Bull; My Idea of Fun; Great Apes; How the Dead Live; Dorian, an Imitation; The Book of Dave; The Butt; Walking to Hollywood and Umbrella, which was shortlisted for the Man Booker Prize. He has written five collections of shorter fiction and three novellas: The Quantity Theory of Insanity; Grey Area; License to Hug; The Sweet Smell of Psychosis; Design Faults in the Volvo 760 Turbo; Tough, Tough Toys for Tough, Tough Boys; Dr. Mukti and Other Tales of Woe and Liver: A Fictional Organ with a Surface Anatomy of Four Lobes. Self has also compiled a number of nonfiction works, including The Undivided Self: Selected Stories; Junk Mail; Perfidious Man; Sore Sites; Feeding Frenzy; Psychogeography; Psycho Too and The Unbearable Lightness of Being a Prawn Cracker.

Bill & Dave Michael Shawn Malone, 2007 The definitive history of Hewlett-Packard and its legendary founders, based on unprecedented access to private archives This is the most authoritative version ever of the most famous start-up story in business history. In 1938, working out of a small garage in Palo Alto, California, two young Stanford graduates named Bill Hewlett and Dave Packard built their first product, an audio oscillator. It was the start not only of a legendary company but of an entire way of life in Silicon Valley and, ultimately, our modern digital age. Others have written about the rise of Hewlett-Packard, including Packard himself in a bestselling memoir. But acclaimed journalist Michael S. Malone is the first to get the full story, based on unlimited and exclusive access to corporate and private archives, along with hundreds of employee interviews. Malone draws on his new material to show how some of the most influential products of our time were invented, and how a culture of innovation led HP to unparalleled success for decades. He also shows what was really behind the groundbreaking management philosophy 'the HP Way' that put people ahead of products or profits. There have been attempts in recent years to discredit the HP Way as soft and outdated. But Malone argues that the HP Way was a hard-nosed business philosophy that combined simple objectives, trust in employees to make the right choices, and ruthless self-appraisal. It created an innovative and ferociously competitive company 'arguably the world's greatest company. This business adventure story will be perfect for entrepreneurs, young managers, and students, not to mention the tens of thousands of current and former HP employees.

Dave Sue Hendra, 2013-02 Dave is BIG and gets stuck in his cat flap! How will he escape?

Bank of Dave Dave Fishwick, 2012-05-10 This is the real story that inspired the Netflix film, Bank of Dave. Dave Fishwick is a self-made, straight-talking man from Burnley who hates the banks. Fed up with never-ending tales of greed and corruption, he sets out to prove that there is a different way of doing things - by opening his own bank to help inject much-needed life into local businesses. In his bid to set up a simple, no-nonsense bank that actually cares about its customers, Dave plans to use hundreds of thousands of pounds of his own money. His enterprise will offer his customers a far better rate of interest than they get on the high street; he will lend to struggling local businesses that the banks don't want to know about; and he aims to bring the Bank of Dave into profit within 180 days. If he succeeds, he'll give whatever he makes to charity. If he fails, he'll make a terrible loss

and ruin his hard-earned reputation as a successful businessman. Can one man really take on the banking giants and make a real difference to local businesses and his community? Dave Fishwick certainly hopes so.

Sam and Dave Dig a Hole Mac Barnett, 2014-10-14 A 2015 Caldecott Honor Book With perfect pacing, the multi-award-winning, New York Times best-selling team of Mac Barnett and Jon Klassen dig down for a deadpan tale full of visual humor. Sam and Dave are on a mission. A mission to find something spectacular. So they dig a hole. And they keep digging. And they find . . . nothing. Yet the day turns out to be pretty spectacular after all. Attentive readers will be rewarded with a rare treasure in this witty story of looking for the extraordinary — and finding it in a manner you'd never expect.

Dave Hill Doesn't Live Here Anymore Dave Hill, 2016-05-10 With his signature matter-of-fact humor, comedian and musician Dave Hill explores his increasingly close relationship with his recently widowed father in a series of painfully funny essays you will want to read again and again by the fire, at the beach, in a truck stop men's room, or just about anywhere. It's your call, really. These days, Dave has just the right amount of spare time to write books at home, preferably in his underwear, but things weren't always perfect. When he found himself pushing thirty while still living with his parents in Cleveland, unsuited for anything but what an "employment expert" vaguely called a career in "art, music, writing, or entertainment," he decided to visit some friends in New York for the weekend and never left. However, getting his life together wasn't as easy as he'd hoped, and even an illegally subletted, rent controlled fifth-floor walk-up studio apartment with a (for the most part) working toilet wasn't glamorous enough to erase the fact that his four siblings were all married with steady jobs and actual human offspring. And in recent years, Dave's father had grown tired of loaning him cash and living alone in the empty family home, neither of which made much sense to Dave, but whatever. Through the process of his father's eventual move to a retirement community, Dave and his dad bonded over the things in life that really matter: scorching-hot rock jams, the gluten allergy craze, eighteen-wheelers, Italian food (pizza and spaghetti), and whatever else could possibly be left after that. Meanwhile, Dave discovered his late-blooming manhood via experiences as disparate and dangerous as a visit to a remote Mexican prison, where he learned that people everywhere love the Eagles, and a martial arts class that pushed his resolve and his groin to their limit. In Dave Hill Doesn't Live Here Anymore, Hill's voice is sharp, carefree, laced with just the right amount of profanity, and he is—seemingly despite himself—deeply empathetic as he portrays a difficult time in his family's life and grows up just enough to realize that maybe he and his dad aren't so different after all.

Dave's Cave Frann Preston-Gannon, 2018-01-02 Dave loves his cave. The inside is decorated exactly the way he likes it. But what if there's a better cave out there? Dave needs to find out for himself. This humorous romp from a celebrated author-illustrator reminds readers that sometimes there's no place like home. Full color.

Dave's World Michael Cader, 2009-10-31 Letterman's fans are a dedicated bunch, ranging from Baby Boomers to young college students. His show has proven itself a worthy contender to the competition soundly beating out Arsenio Hall, Jay Leno, and the rest. This unauthorized companion book to Letterman's shows on NBC and CBS, offers a hip, unique, and hysterically funny guide that's packed with inside information. Over 100 photos.

Dave Barry Hits Below the Beltway Dave Barry, 2002-10-29 Just in time, Dave Barry supplies the wholly original, much needed history and guide to the new American politics and its three capitals, Washington, D.C., Austin, and South Florida. No surprise: it's hilarious. Understanding the urgent need for a deeply thoughtful balanced book to explain our national political process, Dave Barry has not even come close. Though he himself has covered many campaigns, run for President several times, and run for cover at the rainy inauguration of George W. Bush (the man will spare nothing for his art) Barry has instead outdone himself. Below the Beltway includes Barry's stirring account of how the United States was born, including his version of a properly rewritten Declaration (When in the course of human events it behooves us, the people, not to ask What can our country do for us, anyway?

but rather whether we have anything to fear except fear itself...)and a revised Constitution (Section II: The House of Representatives shall be composed of people who own at least two dark suits and have not been indicted recently.). Dave also cracks the income tax code, explains the growth(s) of government, congressional hearing difficulties, and the persistent rumors of the influence of capital in the Capitol. Among other civic contributions, his tour of Washington, D.C., should end school class trips forever.

Dave Barry is Not Making this Up Dave Barry,1994 Since Dave Barry writes about weird things, you might be tempted to think he has a weird brain. He does, of course, but that's not the whole explanation: A lot of the things he writes about -- exploding Pop-Tarts, for example -- are real. In fact, Dave's main job as a humor columnist -- aside from playing Stealth Fighter on his computer to avoid writing humor columns -- is to point out what is already funny in a world that is seriously bonkers. In Dave's world, amazing but true adventures occur every day, as the Pulitzer Prize-winning columnist investigates a ground-breaking anti-flatulence product recommended to him by a justice of the U.S. Supreme Court; the ecologically dangerous shellfish attacking women's undergarments; and the epidemic of snakes and woodland creatures currently appearing in people's toilets. Dave's bad song contest required him to read thousands of entries from people like you; now, people like you could have the pleasure of being badgered all the bad songs that badger Dave. Dave also participates in real-life form of investigative journalism that actually require him to leave the house: marching with the Lawn Rangers precision lawnmower drill team of Arcola, Illinois; playing lead guitar in an extremely mediocre rock band with Stephen King and other literary lights; and taking his little boat Buster from its happy berth in the Barry garage onto Miami's high seas, only to run it aground. He's even appeared in an episode of Dave's World, the CBS television show based on his real life -- only taller -- in which he bids for an air conditioner. Dave Barry Is Not Making This Up includes longer feature pieces by Dave in which many of the featured factshappen to be accurate. Now you can read Dave Barry on UFO thrillseekers and the Elvis lovers who hang out at Graceland -- all articles that show Dave at his best and smartest. Complete with illustrations by Pulitzer Prize-winning cartoonist Jeff MacNelly, Dave Barry is Not Making This Up brings you straight into the truly twisted center of Dave's world. On Buying His Son Sneakers: The salesperson's tone of voice carried the clear implication that he was going to call the Child Abuse Hotline if I didn't care enough, as a parent, to take out a second mortgage so I could purchase sufficient sneakerage for my son.... We need Congress to pass a law requiring the sneaker industry to return to the system we had when I was growing up, under which there was only one kind of sneakers, namely U.S. Keds, which were made from Army surplus tents and which cost about \$10, or roughly \$1 per pound. On Being Left-Handed: According to the researchers, left-handers die sooner than right-handers because they have more accidents. I know why this is: We read books backward...This saves us a lot of time with murder mysteries, but it's a bad habit when we're reading, say, the instructions for operating a barbecue grill, and we begin with Step 147: Ignite Gas. On The Uses Of Exploding Pop-Tarts: When we detected incoming missiles, we'd simply hold the toaster levers down via some method (possibly involving Tom and Roseanne Arnold) and within a few minutes Whoom the country would be surrounded by a protective wall of flames, and the missiles would either burn up or get knocked off course and detonate harmlessly in some place like New Jersey. On Readers' Reaction To The Bad Song Contest: Sometimes the voters were so angry that they weren't even sure of the name of the song they hated. There were votes against These Boots Are Made for Stomping; the Beach Boys' classic Carolina Girls; I'm Nothing But a Hound Dog; and Ain't No Woman Like the One-Eyed Gott.

Dave Barry's Complete Guide to Guys Dave Barry,2010-07-28 Dave Barry is one funny human. --San Francisco Examiner For thousands of years, women have asked themselves: What is the deal with guys, anyway? What are they thinking? The answer, of course, is: virtually nothing. Deep down inside, guys are extremely shallow. But that has not stopped Dave Barry from writing an entire book about them. If you're a guy--or if you're attempting to share a remote control with one--you need this book, because it deals frankly and semi-thoroughly with such important guy issues as:

Scratching The role of guys in world history, including the heretofore-unknown relationship between the discovery of North America and golf Why the average guy can remember who won the 1960 World Series, but not necessarily the names of all his children The Noogie Gene Why guys cannot simultaneously think and look at breasts Secret guy orgasm-delaying techniques, including the Margaret Thatcher Method Why guys prefer to believe that there is no such thing as a prostate And much, much more Whether you're a guy--or attempting to share a bathroom with one--Barry has some wacky words of wisdom for you. --USA Today

The Power of Fun Nat Measley,Dave Raymond,2019-06-14 Dave Raymond was the original Phillie Phanatic. From 1978, when he first zipped up the green fur at Veteran's stadium, until his mascot retirement in 1994, Dave performed for millions of fans and celebrities from Philadelphia to Japan. With his performance career Dave designed, built and tested a process that created a million-dollar brand extension for the Philadelphia Phillies and helped him get through some of the hardest times in his life. He calls it The Power of Fun. These are his best stories about Being the Phanatic and what the big green guy taught him about how tapping in to the power of having fun will make you happier, healthier and more productive at home or at work. Read The Power of Fun, step into the green fur and Be the Phanatic for a few hours to learn how it can change your life!

Dave Barry Turns 50 Dave Barry,1998 And no, he's not going to whine about it. In fact, he's not going to dwell on the negative aspects of turning 50 at all, like the weight gain that results from merely watching food commercials, or that you discover random hairs sprouting from unexpected sectors of your body. Instead, Dave is going to make all of you out there under the half-century mark envious with a rundown of the advantages of turning 50. For instance, you know all those newspaper articles about Middle East turmoil you read because you think you should? Dave doesn't read 'em, because with his eyes he can't! And you know all that energy you expend trying to look and sound hip? Dave doesn't, because after 50 it's hopeless and he's through trying to be one of the Boyz N the Burbz. And Dave writes not only about being 50, but also about 50 years of inventions (Oreos, Silly Putty), arts (Howdy Doody, TV commercials), politics (the Cold War, the Cold War, and more of the Cold War), and other baby boomer nostalgia. So call Dave and let him know how much you're looking forward to reading Dave Barry Turns 50. But not right now--he's sleeping. Ten Signs That You Might Be Losing It 1. You tend to forget things. 2. When you drive your car, you notice that people yell at you a lot. Often, these people are lying on your hood. 3. On more than one occasion, while shaving, you have noticed that your razor seemed kind of dull. Upon closer examination, your razor turned out to be your toothbrush. 4. You're always searching for the right word or name. You'll be telling an anecdote, and you'll get stuck on a name, and you'll tell your listeners: You know! That guy! With the thing! He has that thing! Thatguy! And everybody will start trying to guess who you're talking about, as if you're playing charades, and finally, after ten minutes of this, it will turn out that the name you're trying to remember is: The Pope. By this time, of course, you have no recollection of the original anecdote. 5. You sometimes address your spouse as General Eisenhower. 6. You tend to forget things. 7. You sometimes wear a bathrobe to the office. 8. And it isn't your office. 9. It isn't your bathrobe, either. 10. You tend to forget things.

Jagodowski,David Pasquesi,Pam Victor,2015 Jagodowski and Pasquesi, award-winning master improvisers from Chicago's legendary comedy scene, are internationally known for their acclaimed, two-man longform show, TJ & Dave. [This is] their authoritative and entertaining look at techniques, principles, theory, and ideas behind their approach--Cover.

Dave Barry Is Not Taking This Sitting Down Dave Barry,2011-01-26 Pulitzer Prize-winning humorist Dave Barry is a pretty amiable guy. But lately, he's been getting a little worked up. What could make a mild-mannered man of words so hot under the collar? Well, a lot of things--like bad public art,

Internet millionaires, SUVs, Regis Philbin . . . and even bigger problems, like • The slower-than-deceased-livestock left-lane drivers who apparently believe that the right lane is sacred and must never come in direct contact with tires • The parent-misery quotient of last-minute school science fair projects • Day trading and other careers that never require you to take off your bathrobe • The plague of the low-flow toilets, which is so bad that even in Miami, where you can buy drugs just by opening your front door and yelling “Hey! I want some crack,” you can’t even sell your first born to get a normal-flushing toilet Dave Barry is not taking any of this sitting down. He’s going to stand up for the rights of all Americans against ridiculously named specialty “-chino” coffees and the IRS. Just as soon as he gets the darn toilet flushed.
