*Is There Life Outside The Box?* Peter Davison, 2016-10-16 His fans have spoken, but despite their requests, Peter Davison has gone ahead and written his autobiography anyway. It wasn't the book they tried to stop - it was more like the book they didn't want him to start. An aspiring singer-songwriter, once dubbed Woking's answer to Bob Dylan (by his mum, who once heard a Bob Dylan song), Peter actually penned a hit for Dave Clark but soon swapped a life on the pub circuit to tread the boards. From colonial roots - his dad was Guyanese and his mother was born in India - the family settled in Surrey where Peter's academic achievements were unspectacular - he even managed to fail CSE woodwork, eliciting a lament from his astonished teacher ('All you have to do is recognise wood!'). Despite this, Peter has secured his place in science fiction history, becoming the fifth Doctor Who, although he nearly turned down the role. The Time Lord connection continued with the marriage of his daughter Georgia to Dr Who number ten, David Tennant. The artist formerly known as Peter Malcolm Gordon Moffett has starred in a number of television series including Love for Lydia, A Very Peculiar Practice, At Home with the Braithwaites and The Last Detective and became a national treasure for having his arm up a cow in his role as Tristan Farnon in All Creatures Great and Small. He was also in a Michael Winner movie... He made his first stage appearance with an amateur dramatic company, but The Byfleet Players' loss was the West End's gain as

he now has a number of musicals to his name, including Legally Blonde, Chicago and Spamalot. Most recently he starred in the box office record-breaking Gypsy where he rubbed shoulders backstage with Dames Meryl Streep, Maggie Smith and Judi Dench – all asking him for directions to Imelda Staunton's dressing room. One thing is for sure: of all the British screen and stage actors of the last fifty years, Peter Davison is certainly one of them and, within these pages, intrepid readers will at last have the dubious honour of sharing in his life and times – as he despairs over whether there truly ever can be life outside the box.

**Jack Draws Anything** Jack Henderson, 2011-10-04 After a family friend bought one of his drawings for 20p, six-year-old Jack came up with the idea to draw anything in return for donations to the hospital that treats his two-year-old brother. His parents set up a website and thought they might make £100. After two weeks, Jack had over 500 picture requests and had raised over £22,000 for the Sick Kids Friends Foundation. Parents Ed and Rose with Jack, Toby and Noah appeared on the Fern Britton Show and Jack's project was featured on Russell Howard's Good News four times. Coverage by STV news, BBC news, and CBBC Newsround have all helped spread the word about this creative and generous little boy. Jack is slowly but steadily drawing the requested pictures which range from a dinosaur diving into a pool of jelly (#1) to my (extremely bald) friend Brian dancing like a crazy man (#80). He doesn't draw every day, only when he wants to, and his parents estimate that he'll finish at the end of August. For the latest drawings, or to make a donation yourself, visit [jackdrawsanything.com](http://jackdrawsanything.com).

*The Spies of Warsaw* Alan Furst, 2008-06-03 NOW A MINISERIES ON BBC AMERICA STARRING DAVID TENNANT An autumn evening in 1937. A German engineer arrives at the Warsaw railway station. Tonight, he will be with his Polish mistress; tomorrow, at a workers' bar in the city's factory district, he will meet with the military attaché from the French embassy.

Information will be exchanged for money. So begins *The Spies of Warsaw*, the brilliant new novel by Alan Furst, lauded by *The New York Times* as “America’s preeminent spy novelist.” War is coming to Europe. French and German intelligence operatives are locked in a life-and-death struggle on the espionage battlefield. At the French embassy, the new military attaché, Colonel Jean-Francois Mercier, a decorated hero of the 1914 war, is drawn into a world of abduction, betrayal, and intrigue in the diplomatic salons and back alleys of Warsaw. At the same time, the handsome aristocrat finds himself in a passionate love affair with a Parisian woman of Polish heritage, a lawyer for the League of Nations. Colonel Mercier must work in the shadows, amid an extraordinary cast of venal and dangerous characters—Colonel Anton Vyborg of Polish military intelligence; the mysterious and sophisticated Dr. Lapp, senior German Abwehr officer in Warsaw; Malka and Viktor Rozen, at work for the Russian secret service; and Mercier’s brutal and vindictive opponent, Major August Voss of SS counterintelligence. And there are many more, some known to Mercier as spies, some never to be revealed. *The Houston Chronicle* has described Furst as “the greatest living writer of espionage fiction.” *The Spies of Warsaw* is his finest novel to date—the history precise, the writing evocative and powerful, more a novel about spies than a spy novel, exciting, atmospheric, erotic, and impossible to put down. “As close to heaven as popular fiction can get.” —*Los Angeles Times*, about *The Foreign Correspondent* “What gleams on the surface in Furst’s books is his vivid, precise evocation of mood, time, place, a letter-perfect re-creation of the quotidian details of World War II Europe that wraps around us like the rich fug of a wartime railway station.” —*Time* “A rich, deeply moving novel of suspense that is equal parts espionage thriller, European history and love story.” —Herbert Mitgang, *The New York Times*, about *Dark Star* “Some books you read. Others you live. They seep into your dreams and haunt your waking hours until eventually they seem the stuff of memory and experience. Such are the novels of

Alan Furst, who uses the shadowy world of espionage to illuminate history and politics with immediacy.” –Nancy Pate, Orlando Sentinel

*Completely Staged* Simon Evans,Phin Glynn,2021-10-26  
Starring David Tennant and Michael Sheen, along with A-list guests, the award-winning and critically acclaimed British television comedy series *Staged* was an instant hit. Launched during the global coronavirus pandemic, the show follows the two thespians playing fictionalised versions of themselves as they try to rehearse a play during lockdown... over Zoom. *Completely Staged* presents the complete text of the BBC screenplays from *Staged*’s writer and director Simon Evans and co-creator Phin Glynn, illustrated throughout in full colour with stills from the show, original drawings, sheet music for the theme tune, Georgia Tennant's carrot cake recipe, tips on how to draw a pineapple and much more. This treasure trove is a must-have for every fan of *Staged*, a show which perfectly combines comedy and poignancy to encapsulate the collective feelings of a reluctantly virtual world.

Doctor Who Alan Kistler,2013-10-01 Premiering the day after the JFK assassination, *Doctor Who* humbly launched one of the entertainment world’s first super-brands. We begin with a look at TV programming of the day and the original pitch documents before delving into the Daleks, which almost didn’t make the cut but inspired many monsters to follow. After three years, First Doctor William Hartnell left, prompting the BBC to recast their hit rather than end it, giving us the first “regeneration” and making TV history. We follow the succession of Doctors—including Third Doctor Jon Pertwee, exiled to Earth and targeted by the Master—and see how the program reflected the feminism of the 1970s while gaining mainstream popularity with Fourth Doctor Tom Baker . . . until declining support from the BBC eventually led to cancelation. Fan outcry saved the series only for it to suffer a repeat cancelation. Yet many continued to enjoy the Whoniverse in syndication, novels, audio dramas, and *Doctor Who Magazine*.

Paul McGann impressed many as the Eighth Doctor in a 1996 TV movie, but it failed to reignite the series. A new age dawned in 2005 with Ninth Doctor Christopher Eccleston and a serious special effects budget before Tenth Doctor David Tennant helped rocket the series to international popularity and a new era of spinoffs. With Eleventh Doctor Matt Smith, the show became a bona fide success here in America. Following the program's fiftieth anniversary, Whovians will meet the Twelfth Doctor, ushering in yet another era for the unstoppable Time Lord. Featuring discussions of concepts and characters, with insights from producers, writers, and actors from across the years, here is a rich, behind-the-camera investigation into the dazzling multiverse of Doctor Who.

**Don Juan in SoHo** Patrick Marber, 2021-02-09 DJ will go to bed with anything that breathes. His lust is so unquenchable that he's employed his friend and assistant, Stan, to organize his ever-growing digital Rolodex of partners. As the two of them romp the streets of London's Soho seeking DJ's next conquest, they leave a wreckage of heartbreak and betrayal in their wake. A racy twist on Molière's Don Juan, Patrick Marber's irresistible adaptation imagines the classic antihero in the twenty-first century, where idiocy, masculinity, and hubris still reign.

Stonemouth Iain Banks, 2021-11-15 Stewart Gilmour is back in Stonemouth. After five years in exile his presence is required at the funeral of patriarch Joe Murston, and even though the last time Stu saw the Murstons he was running for his life, staying away might be even more dangerous than turning up. Although there's supposed to be a temporary truce between Stewart and the town's biggest crime family, it's soon clear that only Stewart is taking this promise of peace seriously. As he steps back into the minefield of his past to confront his guilt and all that it has lost him, Stu uncovers ever darker stories, and his homecoming takes a more lethal turn than even he had anticipated. Tough, funny, fast-paced and touching, Stonemouth cracks open adolescence, love,

brotherhood and vengeance in a rite of passage novel like no other.
