**Being Dragonborn** Mike Piero, Marc A.

Ouellette, 2021-09-28 The Elder Scrolls V: Skyrim is one of the bestselling and most influential video games of the past decade. From the return of world-threatening dragons to an ongoing civil war, the province of Skyrim is rich with adventure, lore, magic, history, and stunning vistas. Beyond its visual spectacle alone, Skyrim is an exemplary gameworld that reproduces out-of-game realities, controversies, and histories for its players. Being Dragonborn, then, comes to signify a host of ethical and ideological choices for the player, both inside and outside the gameworld. These essays show how playing Skyrim, in many ways, is akin to playing 21st century America with its various crises, conflicts, divisions, and inequalities. Topics covered include racial inequality and white supremacy, gender construction and misogyny, the politics of modding, rhetorics of gameplay, and narrative features.

*Achtung-Panzer!* Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of

independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Within the ranks of the Stormcast Eternals, there is one who is greater than all others. He is the Celestant-Prime. For centuries he slumbered, until the great hammer of Sigmar, Ghal Maraz, was returned. But a warrior born must still be tempered, and so unto the swamps of Krahl does Sigmar cast his scion to destroy a powerful creature called the Prismatic King.
