Dead On Arrival Matt Richtel, 2017-08-01 "MICHAEL CRICHTON meets STEPHEN KING at their finest ... with the creepiest opening I've ever read." — Lisa Gardner * "Joins the ranks of classic paranoid thrillers about human achievement run amok, with STEPHEN KING's *The Stand* and Michael Crichton's *Terminal Man*." — Joseph Finder * "A heart-stopping thriller. ... a must-read for MICHAEL CRICHTON fans." — Dallas Morning News * "Similar in atmosphere and style to MICHAEL CRICHTON and STEPHEN KING. ... A race-against-the-clock thriller." — Booklist *FLIGHT 194 LANDED. SOMETHING LETHAL AWAITS OUTSIDE. THIS IS DEAD ON ARRIVAL.* An airplane touches down at a desolate airport in a remote Colorado ski town. Shortly after landing, Dr. Lyle Martin, a world-class infectious disease specialist, is brusquely awakened to shocking news: Everyone not on the plane appears to be dead. The world has gone dark. While they were in the air, a lethal new kind of virus surfaced, threatening mankind's survival, and now Martin—one of the most sought-after virologists on the planet until his career took a precipitous slide—is at the center of the investigation. Moving at lightning pace from the snowbound Rockies to the secret campus of Google X, where unlimited budgets may be producing wonders beyond our capacity to control, *Dead on Arrival* is a brilliantly imaginative, intricately plotted thriller that draws on Matt Richtel's years of science and technology reporting for the New York Times, and establishes him as one of the premier thriller writers working today.

Dead on Arrival in Manhattan Lawrence R. Samuel, 2021-06-14 With more than one million people crammed into just over twenty-two square miles, Manhattan Island is a petri dish for the study of humanity. From murder and suicide to fatal accidents, death takes myriad forms among the hustle and bustle of the city that never sleeps. With the city always a hotbed of mob activity, gangsters have left victims of hits throughout the city. The boom and bust of Wall Street often resulted in tragic

economic desperation. The soaring heights of Manhattan's skyscrapers provided for macabre incidents of New Yorkers falling out of windows--or perhaps mysteriously pushed. Pulling from the pages of New York's heyday of newspapers, author Lawrence R. Samuel reveals the lurid and vivid details of Gotham's deadly past.

Dead on Arrival Roger Royse, 2012-03 *Dead on Arrival: Avoiding the Legal Mistakes That Could Kill Your Start-Up* takes you through the legal mistakes that start-up companies and their lawyers make on their way to success and how to avoid making those mistakes. Some of these missteps can be rectified, but many will result in your start-up company being Dead on Arrival when it looks for financing or acquisition opportunities. Know what those mistakes are and how to avoid falling victim to the blunders that cause companies to fail. This book is a must read for every start-up entrepreneur and lawyer in the start-up space--Unedited summary from book cover.

Dead on Arrival Dorothy Simpson, 2017-06-06 A British detective must find the killer of a much-despised villager in this mystery from "a modern-day version of Agatha Christie" (Booklist). Det. Inspector Luke Thanet is brought in when a dead man is found in bed, apparently killed by a single blow with a blunt object. When the corpse is identified as Steven Long, the question is no longer who wanted to kill him, but who didn't? A troublemaker with enemies wherever he went, Long was loathed by everyone in town, from his long-suffering ex-wife to the man whose family he killed in a driving accident. To find the culprit, Thanet will have to get to the bottom of a lifetime of hate. The long-running series featuring Detective Inspector Thanet, which includes *The Night She Died* and CWA Silver Dagger winner *Last Seen Alive*, is perfect for fans of P. D. James and classic police procedurals. *Dead on Arrival* is "an intriguing tale not to be missed" (Yorkshire Post). *Dead on Arrival* is the 6th book in the Inspector Thanet Mysteries, but you may enjoy reading the series in any order.

Dead on Arrival Lori Avocato,2013-06-11 An insurance fraud investigator goes undercover to expose an aerial ambulance company—only to discover that corruption can kill. Medical insurance fraud investigator Pauline Sokol likes to keep her feet firmly on the ground, but her new undercover assignment has the aero-phobic ex-nurse up in the air. Compelled by her convictions of right and wrong, she takes off in order to investigate a land-and-air ambulance company. They've been doing some rather creative billing, and Pauline needs to go undercover as a nurse—and overcome her fear of flying—to put a stop to their sky-high fraud. But when the company's owner is found dead and Pauline starts to receive threatening phone calls, the air suddenly begins to feel safer than the ground. With the help of Jagger, her irritating but undeniably handsome fellow investigator, Pauline needs to solve this case soon. If she doesn't, not even a jolt of electricity from the sexy paramedic Dano will be enough to revive her.

The Doomsday Equation Matt Richtel,2015-02-24 From the Pulitzer Prize-winning New York Times journalist and author of *A Deadly Wandering* comes a pulse-pounding technological thriller—as ingenious as the works of Michael Crichton and as urgent and irresistible as an episode of *24*—in which one man has three days to prevent annihilation: the outbreak of World War III. Computer genius Jeremy Stillwater has designed a machine that can predict global conflicts and ultimately head them off. But he's a stubborn guy, very sure of his own genius, and has wound up making enemies, and even seen his brilliant invention discredited. There's nowhere for him to turn when the most remarkable thing happens: his computer beeps with warning that the outbreak of World War III is

imminent, three days and counting. Alone, armed with nothing but his own ingenuity, he embarks on quest to find the mysterious and powerful nemesis determined to destroy mankind. But enemies lurk in the shadows waiting to strike. Could they have figured out how to use Jeremy, and his invention, for their own evil ends? Before he can save billions of lives, Jeremy has to figure out how to save his own.

Dead on Arrival David L. Gray, 2010-09-13 The Doctrine of Sola-Scriptura (Bible Only) teaches that Scripture (the Bible) alone is the sole source of authority for the Christian and the Church. Coined and promulgated by Martin Luther and John Calvin (1500's), this doctrine has become the ground-floor upon which all of the doctrine of Protestant-Christianity has been built. If it can be proven that Sola-Scriptura is in error and that it is an innovation to orthodox Christianity, the entire body of purely Protestant doctrine will be, subsequently, rendered void. Using Scripture itself, reason, and a spoon full of humor, David L. Gray (also called Yoseph Daviyd) brilliantly reduces the doctrine of Sola-Scripture to absolute absurdity; thus rendering all of Protestantism Dead on Arrival. This book is a must have for all Christians who love sacred Scripture and desire to use it as God intended. This the Second Edition - The changes to the text from the previous version include additional material, modification to images, and correction of typos.

Undead on Arrival L. A. Banks, 2009-03-31 In this darkly sexy novel from New York Times bestselling author L.A. Banks, danger and desire combine with deadly consequences. .. Just one month ago, secret government operative Sasha Trudeau thought she'd tasted victory. Orchestrating détente between the warring factions of the supernatural world had nearly cost her life—but it also opened the door to a future with Max Hunter, her mate and fellow Shadow Wolf. Until now. A poisonous virus is wreaking havoc on Hunter's immune system. And the passionate man who Sasha

loves has become unpredictable, dangerous—and possibly deadly. When Hunter disappears the night a human is found ravaged, Sasha is thrust into a race against the clock to find the cure for her mate...and the traitor who's determined to see them both dead.

Dead on Arrival Colin Gordon, 2003 Why, alone among industrial democracies, does the United States not have national health insurance? While many books have addressed this question, *Dead on Arrival* is the first to do so based on original archival research for the full sweep of the twentieth century. Drawing on a wide range of political, reform, business, and labor records, Colin Gordon traces a complex and interwoven story of political failure and private response. He examines, in turn, the emergence of private, work-based benefits; the uniquely American pursuit of social insurance; the influence of race and gender on the health care debate; and the ongoing confrontation between reformers and powerful economic and health interests. *Dead on Arrival* stands alone in accounting for the failure of national or universal health policy from the early twentieth century to the present. As importantly, it also suggests how various interests (doctors, hospitals, patients, workers, employers, labor unions, medical reformers, and political parties) confronted the question of health care--as a private responsibility, as a job-based benefit, as a political obligation, and as a fundamental right. Using health care as a window onto the logic of American politics and American social provision, Gordon both deepens and informs the contemporary debate. Fluidly written and deftly argued, *Dead on Arrival* is thus not only a compelling history of the health care quandary but a fascinating exploration of the country's political economy and political culture through the American century, of the role of private interests and private benefits in the shaping of social policy, and, ultimately, of the ways the American welfare state empowers but also imprisons its citizens.

High on Arrival Mackenzie Phillips,2011-08-04 Not long before her fiftieth birthday,Mackenzie Phillips walked into Los Angeles International Airport. She was on her way to a reunion for One Day at a Time, the hugely popular 70s sitcom on which she once starred as the lovable rebel Julie Cooper. Within minutes of entering the security checkpoint, Mackenzie was in handcuffs, arrested for possession of cocaine and heroin. Born into rock and roll royalty, flying in Learjets to the Virgin Islands at five, making pot brownies with her father's friends at eleven, Mackenzie grew up in an all-access kingdom of hippie freedom and heroin cool. It was a kingdom over which her father, the legendary John Phillips of The Mamas & the Papas, presided, often in absentia, as a spellbinding, visionary phantom. When Mackenzie was a teenager, Hollywood and the world took notice of the charming, talented, precocious child actor after her star-making turn in American Graffiti. As a young woman she joined the nonstop party in the hedonistic pleasure dome her father created for himself and his fellow revelers, and a rapt TV audience watched as Julie Cooper wasted away before their eyes. By the time Mackenzie discovered how deep and dark her father's trip was going, it was too late. And as an adult, she has paid dearly for a lifetime of excess, working tirelessly to reconcile a wonderful, terrible past in which she succumbed to the power of addiction and the pull of her magnetic father. As her

astounding, outrageous, and often tender life story unfolds, the actor-musician-mother shares her lifelong battle with personal demons and near-fatal addictions. She overcomes seemingly impossible obstacles again and again and journeys toward redemption and peace. By exposing the shadows and secrets of the past to the light of day, the star who turned up High on Arrival has finally come back down to earth -- to stay.

This Coven Won't Break Isabel Sterling, 2021-08-31 Isabel Sterling's gripping sequel to *These Witches Don't Burn* is equal parts sweet romance and thrilling mystery. Hannah Walsh just wants to finish high school. It's her senior year, so she should be focusing on classes and hanging out with her new girlfriend, Morgan. But it turns out surviving a murderous Witch Hunter doesn't exactly qualify as a summer vacation, and now the rest of the Hunters seem more intent on destroying her magic than ever. Of course, Hannah knows a thing or two about juggling romance and recon missions, so when she learns the Hunters have armed themselves with a serum capable of taking out entire covens at once, she doesn't think twice about helping. Hannah could be the best shot at finally defeating the Hunters. After all, she's one of the only Witches to escape a Hunter with her magic intact. Or so everyone believes... As the Hunters get dangerously close to their final target, and Hannah is at risk of losing everything she's ever known, will all the witches in Salem be enough to stop an enemy determined to destroy magic for good?

D.O.A. Dave Pedneau, 1988 The team: Whit Pynchon, the D.A.'s top cop (and bane of the town's police force) is back on another murder case, more heinous than any he can remember. Dogging his footsteps is Annie Tyson-Tyree, local crime reporter and Whit's lover as well, determined to report the story even at the cost of her job. The case: A young girl brutally murdered, her pregnant mother blasted into a coma. Why was the woman silenced? What did she know? If the mother doesn't regain

consciousness, the answers will die with her. The choice: More than a horrifying crime, more than a classic puzzle begging to be solved, news of the double shooting spreads to neighboring states -- and confronts one young girl, an innocent bystander, with a dangerous choice that will rob her of that innocence forever.

Dead on Arrival Kiki Swinson, 2019-02-26 Desperate to pay off gambling debts, Dawn and Reese Spencer get drawn into a lucrative illegal-immigrant-smuggling ring, but after several immigrants turn up dead on arrival and Reese bets more than he can ever repay, the Feds and cold-blooded loan sharks begin closing in.

Left for Dead Beck Weathers, Stephen G. Michaud, 2000-09-21 With a new preface by the author • As featured in the upcoming motion picture Everest, starring Jason Clarke, Josh Brolin, John Hawkes, Robin Wright, Emily Watson, Keira Knightley, Sam Worthington, and Jake Gyllenhaal "I can tell you that some force within me rejected death at the last moment and then guided me, blind and stumbling—quite literally a dead man walking—into camp and the shaky start of my return to life." In 1996 Beck Weathers and a climbing team pushed toward the summit of Mount Everest. Then a storm exploded on the mountain, ripping the team to shreds, forcing brave men to scratch and crawl for their lives. Rescuers who reached Weathers saw that he was dying, and left him. Twelve hours later, the inexplicable occurred. Weathers appeared, blinded, gloveless, and caked with ice—walking down the mountain. In this powerful memoir, now featuring a new Preface, Weathers describes not only his escape from hypothermia and the murderous storm that killed eight climbers, but the journey of his life. This is the story of a man's route to a dangerous sport and a fateful expedition, as well as the road of recovery he has traveled since; of survival in the face of certain death, the reclaiming of a family and a life; and of the most extraordinary adventure of all: finding the courage to say yes when

life offers us a second chance. Praise for Left for Dead “Riveting . . . [a] remarkable survival story . . . Left for Dead takes a long, critical look at climbing: Weathers is particularly candid about how the demanding sport altered and strained his relationships.”—USA Today “Ultimately, this engrossing tale depicts the difficulty of a man’s struggle to reform his life.”—Publishers Weekly
