Hell's Blade R.L. Pool,2021-05-05 Over a millennium ago, demons from the sixth and seventh level of Hell fought their way to the third level... the level made up of mostly soldiers from the many wars mankind had waged throughout history. There, the lower demons were stopped, but not before over a thousand escaped into an alter world to wreak havoc on the human populace. The reigning Lord of the Third Level was tasked by the Guardians of the Gates to pursue those demons, return them to Hell or leave them doomed to roam endlessly without form or substance. The demons from the third level were sorely taxed, with little to show for a millennium of fighting... until she showed up. 1LT Sarah MacLocklin is the commander of a combat medical/surgical team on her way to a fourth tour in the “Big Sand-Box”. All she wanted was to do a little hiking in Virginia to calm the nightmares from watching her friends die in her arms. She laid down in the forests of Virginia, and woke in the middle of a new nightmare not of her making. The question is not whether she is ready to stand against the demons escaped so long ago into a world of flintlocks and swords, or walk the dark corridors of Hell to the Gates of Heaven. The question is...are they ready for her?! Hell's Blade will take you on a roller-coaster ride through the passages of Hell, to the gates of Heaven and into a storm of demons bringing pain and horror to the inhabitants of an alter Earth.

Hell Blade Peter Meredith,2011-12-21 And he lived happily ever after. For just the briefest time, Will Jern thought there could be a chance at the perfect fairy tale ending, but then he discovers that there is a stranger in his home and that his wife is being held captive by a witch bent on vengeance and who is desperately in need of a soul. And she lived happily ever after. These are the words that Talitha Jern wishes to be applied to her headstone, but it will never happen. Heaven is for those whose hands aren't stained with the blood of loved ones, it's for those whose ears don't still ring with their screams. When her demon was banished back to the Void, it left behind the gift that keeps on giving: memories. Now Talitha can see herself as she murdered and maimed for all those years. And soon she can't tell which memories are of her making and which came from the demon, it's enough to drive a person crazy. And they all lived happily ever after. Not for a moment did Katie Jern believe this; she knew her family was good and cursed. At the age of six, she saw the demon and peered with innocent eyes through the gate to Hell. They are innocent no more. They are guarded lest anyone can look past her perky features and see the raging paranoia beneath. But at least she gets the answer to the question that all paranoids ask: Am I paranoid enough? Not nearly.

Purgatori: Hell And Back Aaron Gillespie,2015-11-25 Behold... Purgatori, the vampire goddess! Born a slave in ancient Alexandria, she refused the life of servitude, rising up against her masters and claiming an unnatural power as her own. In her long life, she has dined on kings and queens, and toppled countless empires across the globe... but now, she finds herself again on her knees, a slave to her unquenchable thirst! Lucifer, the lord of Hell, has stripped Purgatori of most of her power and exiled her to Earth, where her insatiable need for blood threatens to overwhelm her sanity. Her only hope for regaining her full stature is by acquiring the Chalice of Regeneration, a cup from antiquity lost to the desert sands. But Purgatori has a rival for the prize, an old enemy with an intense grudge. And even if the vampire goddess can once again attain her former glory, can she withstand the machinations of Lucifer, the weaponsmith Cremator, and Purgatori's own blood clone?

Dead Is Dead Rue Volley, 2017-12-14 Revisited and revised. We return to the Hellhound universe in which USA Today Bestselling Author, Rue Volley took the original version of Hellhound and turned it upside down. For fans of the original, be prepared. This book takes you back to the beginning with Halo Bay and gives you an entirely NEW journey. One in which you will never forget. Halo Bay has never had it easy. She lost her mother when she was a teenager. Her father is incarcerated, and her brother was taken in a terrible accident. She grew up in an abusive home only to continue that abusive cycle with a string of dangerous men who stepped in and out of her life. Until David Weller came along. David worked alongside her as a fellow nurse at Mercy General Hospital. Biding his time, testing her restraint and reminding her of how beautiful life could be. David was kind and giving. Everything she should have wanted but never felt like she deserved. Travis was dangerous and abusive. Something she understood all too well. One man would break her heart, the other, her body. But both would lead her down a path she never intended to walk on. A path filled with the hidden truths of an age-old war between heaven and hell. A battle between darkness and light. But is it real or does it only exist in her now damaged mind? Every legend has a dark past. This is her story and how the end became the beginning. I was left absolutely speechless! I loved the original series, but this...THIS is exceptional storytelling. Just when you thought this series couldn't get any better! Rue Volley took one of my all-time favorite stories and made it even better! My GOD! What can I say? Well, do yourselves a HUGE favor and get this book. Trust

me, it's unbelievable. I can't wait to see where it goes from here. A quick hard read that left my jaw dropped. BRING IT ON, RUE! This author is an AUTOMATIC ONE CLICK for me. She moves from one genre to the next so effortlessly it's scary. OMG! Dorin. Enough said. Halo is the kind of woman that makes me stand up and take notice. BIG heart. BIGGER gun.

Fall; Or, Dodge in Hell Neal Stephenson, 2020-06-02 In his youth, Richard Dodge Forthrust founded Corporation 9592, a gaming company that made him a multibillionaire. Now in his middle years, Dodge appreciates his comfortable, unencumbered life, managing his myriad business interests, and spending time with his beloved niece Zula and her young daughter, Sophia. One beautiful autumn day, while he undergoes a routine medical procedure, something goes irrevocably wrong. Dodge is pronounced brain dead and put on life support, leaving his stunned family and close friends with difficult decisions. Long ago, when a much younger Dodge drew up his will, he directed that his body be given to a cryonics company now owned by enigmatic tech entrepreneur Elmo Shepherd. Legally bound to follow the directive despite their misgivings, Dodge's family has his brain scanned and its data structures uploaded and stored in the cloud, until it can eventually be revived. In the coming years, technology allows Dodge's brain to be turned back on. It is an achievement that is nothing less than the disruption of death itself. An eternal afterlife -- the Bitworld -- is created, in which humans continue to exist as digital souls. But this brave new immortal world is not the Utopia it might first seem...--provided by publisher.
