**It's Kind of a Funny Story** Ned Vizzini,2010-09-25 Like many ambitious New York City teenagers, Craig Gilner sees entry into Manhattan's Executive Pre-Professional High School as the ticket to his future. Determined to succeed at life—which means getting into the right high school to get into the right college to get the right job—Craig studies night and day to ace the entrance exam, and does. He soon sees his once-perfect future crumbling away.

**Wisecracks** David Shoemaker,2024-05-06 A philosopher's case for the importance of good—if ethically questionable—humor. A good sense of humor is key to the good life, but a joke taken too far can get anyone into trouble. Where to draw the line is not as simple as it may seem. After all, even the most innocent quips between friends rely on deception, sarcasm, and stereotypes and often run the risk of disrespect, meanness, and harm. How do we face this dilemma without taking ourselves too seriously? In *Wisecracks*, philosopher David Shoemaker examines this interplay between humor and morality and ultimately argues that even morally suspect humor is an essential part of ethical life. Shoemaker shows how improvised “wisecracks” between family and friends—unlike scripted stand-up, sketches, or serials—help us develop a critical human skill: the ability to carry on and find the funny in tragedy. In developing a new ethics of humor in defense of questionable gibes, *Wisecracks* offers a powerful case for humor as a healing presence in human life.

**Comparing Texts** Nicola Onyett,2005-02-25 Routledge A Level English Guides equip AS and A2 Level students with the skills they need to explore, evaluate, and enjoy English. Books in the series are built around the various skills specified in the assessment objectives (AOs) for all AS and A2 Level English courses. Focusing on the AOs most relevant to their topic, the books help students to develop their knowledge and abilities through analysis of lively texts and contemporary data. Each book in the series covers a different area of language and literary study, and offers accessible explanations, examples, exercises, summaries, suggested answers and a glossary of key terms. *Comparing Texts*: provides students with the skills they need to compare and contrast texts explores and compares texts from a wide range of genres and periods draws on a large number of literary and non-literary texts, from Chaucer's *Wife of Bath* to *The Good Wife's Guide*, from *Frankenstein* to poetry by Carol Ann Duffy, and from Nigella Lawson to *Fast Food Nation* introduces the main themes and issues students need to consider when comparing texts: themes, genre, time and place, form and structure, and intertextuality.

*Undercover Prophets* Jelani Greenidge,2023-11-09 Are you looking for a way to overhaul your communication style? Do you struggle to connect with people outside of church? Do you need more practice delivering hard truths? Or do you need more joy in your life? If you're answered yes to any of these questions, you might be a candidate to join the ranks of the Undercover Prophets. Go on a journey of self-discovery and comedic innovation as you learn to grab ahold of your story and transform it into a tool you can use to connect with people, both onstage and off. This book is one part cultural diagnostic, one part memoir, and one part instructional manual. With accessible, funny prose, Jelani Greenidge does a deep dive into an obvious truth hidden in plain sight—that pastors and other Christian leaders need help in connecting with unchurched audiences, and that stand-up comedy can be a great way to do just that.

*Planet Funny* Ken Jennings, 2019-07-09 A Kirkus Reviews Best Book of the Year The witty and exuberant New York Times bestselling author and record-setting Jeopardy! champion Ken Jennings relays the history of humor in “lively, insightful, and crawling with goofy factlings,” (Maria Semple, author of *Where’d You Go Bernadette*)—from fart jokes on clay Sumerian tablets to the latest Twitter gags and Facebook memes. Where once society’s most coveted trait might have been strength or intelligence or honor, today, in a clear sign of evolution sliding off the trails, it is being funny. Yes, funniness. Consider: Super Bowl commercials don’t try to sell you anymore; they try to make you laugh. Airline safety tutorials—those terrifying laminated cards about the possibilities of fire, explosion, depressurization, and drowning—have been replaced by joke-filled videos with multimillion-dollar budgets and dance routines. Thanks to social media, we now have a whole Twitterverse of amateur comedians riffing around the world at all hours of the day—and many of them even get popular enough online to go pro and take over TV. In his “smartly structured, soundly argued, and yes—pretty darn funny” (Booklist, starred review) *Planet Funny*, Ken Jennings explores this brave new comedic world and what it means—or doesn’t—to be funny in it now. Tracing the evolution of humor from the caveman days to the bawdy middle-class antics of Chaucer to Monty Python’s game-changing silliness to the fast-paced meta-humor of *The Simpsons*, Jennings explains how we built our humor-saturated modern age, where lots of us get our news from comedy shows and a comic figure can even be elected President of the United States purely on showmanship. “Fascinating, entertaining and—I’m being dead serious here—important” (A.J. Jacobs, author of *The Year of Living Biblically*), *Planet Funny* is a full taxonomy of what spawned and defines the modern sense of humor.

**Poetic Castles in Spain** Diego Saglia, 2000 Saglia, a scholar of some sort whose academic affiliations are not noted, charts the various ways in which, between the 1810s and 1820s, Spain figured in British literary culture. Mainly concerned with narrative versions of Spain, specifically metrical tales and verse romances, he traces the contours of the Spanish imaginary in British Romanticism, offering a cultural geography of Romantic Spain as a space of war involving not only France and Britain or the Spanish and Moorish armies, but ideological conflicts between public and private; republicanism, nationalism, and imperialism; and competing models of masculinity and femininity.
