**Dorothy Holder's Ultimate Guide to Reading Cards** Dorothy Holder, The first and last book you will ever need for any deck of cards. Step by step guide to layouts and questions along with a comprehensive chapter on common symbols. The planetary influences and Zodiac symbols add to an information rich resource that will be invaluable to any reader, learner or advanced. This comprehensive guide encourages you to mix things up and try different uses for your cards that will inject that wonderful air of excitement when delving into the mystique of divination cards. With chapters covering spells/affirmations and the all important timing layouts you can work your way through this book and at the same time gain intimate knowledge of your own cards leading to exceptional reading skills but we don't stop there. Use your cards for chakra healing and development along with spiritual development exercises. Tree of Life Spread for ongoing personal development is complex and in depth, you would have to go far to find a more interesting layout that could easily take you a month to work through. Learn about Horary Rolling layouts and much more to encourage you to explore your cards fully and discover/develop a skill set that sets you apart from other readers.

*Sacred Souls Oracle* Dorothy Holder,2019-07-16 Easy to read picture cards that are modern, relevant and require no learning. If you like to read for yourself this book allows you to use the Sacred Souls Oracle Deck in a way that gives you objectivity and over 260 possible answers whenever you decide to draw one card. Take the guess work out of your readings. Every single card has it's own element, card meaning and on average 6 symbols. When you draw a card, your eye will be drawn to an aspect of the card which means you can draw the same card over time and be attracted to different elements. You can look up the card, the symbol or a combination of both. There is special attention given to timings, many of the cards have planetary and astrological references, they also have seasonal elements. When timing is part of your query, seeing patterns in the layout offers information that you might struggle to find in other decks. You can easily draw one card or ten, there are example layouts on offer and advice for working with three card draws. For professional readers or those who read for others, you can make this deck your own, there is no need to ever look at a book, the card interpretations or any of the symbols. You are well able to draw your own conclusions based on what you are attracted to and your own inner direction. Every reader can have an individual experience with these cards and interpret them however feels right making them completely user friendly. The cards are available on <https://www.makeplayingcards.com/sell/energytherapies> and the ebook is available on amazon also. Add to all this there is a colour guide. with all the bright colours you may find a layout presents a dominance of one colour or in a single card you might be drawn to a particular colour. As an aura reader Dorothy is mindful that these have meanings on their own as a characteristic or as part of the whole. Following the modern theme, this book offers suggestions for checking in on transits as when you ask a question, the timing itself has a lot of significance that is largely ignored in western astrology and readings. This is a bright complex deck that doesn't ask you to recite the authors interpretations and directions unless that feels right for you. You can bring your self, experiences and understandings into your readings without being limited by a need to conform. Take your readings for yourself or others to the next level.
