De Lorean John Lamm,2003

The DeLorean Story Nick Sutton,2013-03-01 This is the inside story of the DeLorean saga written by a senior manager who worked with the company from beginning to end and saw it all. The short life of the DeLorean DMC-12 sports car – a vision of the future with its gullwing doors and stainless steel body – began after John DeLorean secured financial backing from the British government for his car-making venture in Northern Ireland. Four years and nearly 9,000 cars later the company went bust and DeLorean faced questions about fraud against the British taxpayer, and his big ally, Colin Chapman of Lotus, also drew scrutiny. As an insider's account, this book contains a great deal of new information about the DeLorean scandal.

Dream Maker Ivan Fallon,1983 This is the story of a man who created his own strange version of the American dream - and was ultimately ruined by it. John Zachard DeLorean is one of the most fascinating figures ever to enter the fast tracks of big money and international celebrity. With nothing more than his own forceful personality, DeLorean created a business empire that, at its zenth, controlled \$500 million of other people's money - then threw it all away.

DeLorean Andrew Withers,Chris Parnham,2015-01 This work has been complied as a tribute to the DMC-12 sports car and the people and events that made it possible. It details the history from initial design phase to production and finally the demise and factory closure in 1982.

Delorean, the Rise and Fall of a Dream-maker Ivan Fallon,James Srodes,1983

DeLorean Matt Stone,2024-09-17 Glory, scandal, downfall, fame, and rebirth—discover the dramatic story of the rebel auto industry titan behind the stainless-steel-bodied, gull-winged sports car we all know and love from Back to the Future. The tale you thought you knew: DeLorean recounts the life and career of John Z. DeLorean, from his successful career with General Motors, where he was instrumental in launching the Pontiac GTO and jump-starting the '60s muscle car phenomenon, to the founding in 1975 of the DeLorean Motor Company and its 1981 launch of the now-iconic sports car bearing his name. Although a decidedly American car and company, the DeLorean story blends an interesting cocktail of Italian design, British financial backing, and a built-from-the-ground-up factory in politically fraught Belfast. The story turns, beginning in 1982, as DeLorean is entrapped in a drug sting and the company goes into bankruptcy. Though John DeLorean was acquitted ultimately, the original DMC was done all too soon. After the Los Angeles drug-trafficking trial, John DeLorean worked tirelessly, for the rest of his life, to revive his car, his name, and his company—unfortunately with limited success. Unexpectedly, the DeLorean car gained a new following based on its starring role in the 1985 movie hit Back to the Future(and its two sequels). Since DMC's bankruptcy in 1982, several entities have continued efforts to revive the brand for modern times, today's marketplace, and new audiences. Rather than consignment to the dustbin of automotive history, the DeLorean has achieved pop-culture status and remains well recognized, with growing appreciation today. Dispelling common misconceptions about DMC, DeLorean gives you the complete story in one handsomely designed volume illustrated throughout with historic images, period ads, and contemporary photos. Whether you are a car enthusiast, automotive historian, or a pop-culture fan, you are sure to enjoy the ride.
