Ponyville Confidential Sherilyn Connelly,2017-03-14 Beloved by young girls around the world, Hasbro's My Little Pony franchise has been mired in controversy since its debut in the early 1980s. Critics dismissed the cartoons as toy advertisements, and derided their embrace of femininity. The 2010 debut of the openly feminist My Little Pony: Friendship Is Magic renewed the backlash, as its broad appeal challenged entrenched notions about gendered entertainment. This first comprehensive study of My Little Pony explores the history and cultural significance of the franchise through Season 5 of Friendship Is Magic and the first three Equestria Girls films. The brand has continued to be on the receiving end of a sexist double standard regarding commercialism in children's entertainment, while masculine cartoons such as the Transformers have been spared similar criticism.

I Love Derpy Hooves Daily Daily Notebooks,2019-07-15 ELEGANT SIMPLE DESIGN - Whether on your desk at home or in your bag on the go our professionally designed 6 by 9-inch notebooks are the perfect size for journaling, drawing or notetaking. Fallout Kkat,2017-05-05

EqueTrip Psoras,2014-01-29 Grupa broniaków jedzie do Equestrii na tygodniową wycieczkę. W planach nie ma żadnego ratowania świata, żadnych epickich przygód, żadnych czarnych charakterów ani żadnych magicznych pojedynków. Tylko zwiedzanie krainy przez siedem zwyczajnych dni... Ale czy w Equestrii istnieje coś takiego jak zwyczajny dzień? I czy osoby, dla których kucyki pełnią istotną rolę w życiu, będą się umiały trzymać

z dala od kłopotów?

The Internet as a Game Jill Anne Morris, 2018-08-14 In THE INTERNET AS A GAME, Jill Anne Morris proposes that by defining internet arguments as games, we can analyze ad hominem and ad baculum arguments coming from online mobs and trolls using procedural rhetoric. Building upon and extending Ian Bogost's definition of procedural rhetoric and Jesper Juul's definition of games, Morris extends the usage of the term into human systems and groups that have proceduralized their arguments online. By studying the development of online adhocracies such as 4Chan, Anonymous, and even Reddit during their early development (roughly 2006 to 2014), Morris shows how these groups have proceduralized rhetoric so that thousands of group members can 'speak' with a single voice and singular name that they call anonymous. Morris examines these techniques to reveal their function and purpose as rhetoric. Understanding how internet arguments work can also positively affect pedagogy, especially now as social media and memes have been used to influence national elections, our views of the news, and our views of each other. Can we continue to teach only traditional rhetoric in classrooms when students will face rhetorical tropes and logic in their personal and professional lives? THE INTERNET AS A GAME shows why the stakes are high and the answer to this question is no.

Rise Of Equestria Darth Evill, 2014-07-03 Witam chciałbym zaprezentować opowieść o czarnym pegazie. AJ ujrzała ognistą kulę która wpadła do stajni. Gdy pobiegła zobaczyć co to było, ujrzała nieprzytomnego pegaza o czarnej jak noc skorze i grzywie barwy ognia. Wiadomość o nowym pegazie szybko rozniosła się po miasteczku. Wszyscy chcieli poznać Fire'a. Jednak jego niekucykowe zachowania i brak znaczków zrobiły z niego posmiewisko. Tylko Derpy Hooves i AJ dały mu trochę czułości i zrozumienia. Gdy Twilight otrzymała tajemniczy list od Księżniczki Celestii całe miasto przeprosiło za swoje zachowanie. Czarny pegaz szybko zaaklimatyzował się z otoczeniem i stał się ulubieńcem klaczek, jednak wolął spędzać czas z nieco pokrewną Derpy.

Graphic Novels for Children and Young Adults Michelle Ann Abate, Gwen Athene Tarbox, 2017-04-27 With contributions by: Eti Berland, Rebecca A. Brown, Christiane Buuck, Joanna C. Davis-McElligatt, Rachel Dean-Ruzicka, Karly Marie Grice, Mary Beth Hines, Krystal Howard, Aaron Kashtan, Michael L. Kersulov, Catherine Kyle, David E. Low, Anuja Madan, Meghann Meeusen, Rachel L. Rickard Rebellino, Rebecca Rupert, Cathy Ryan, Joe Sutliff Sanders, Joseph Michael Sommers, Marni Stanley, Gwen Athene Tarbox, Sarah Thaller, Annette Wannamaker, and Lance Weldy One of the most significant transformations in literature for children and young adults during the last twenty years has been the resurgence of comics. Educators and librarians extol the benefits of comics reading, and increasingly, children's and YA comics and comics hybrids have won major prizes, including the Printz Award and the National Book Award. Despite the popularity and influence of children's and YA graphic novels, the genre has not received adequate scholarly attention. *Graphic Novels for Children and Young Adults* is the first book to offer a critical examination of children's and YA comics. The anthology is divided into five sections, structure and narration; transmedia; pedagogy; gender and sexuality; and identity, that reflect crucial issues and recurring topics in comics scholarship during the twenty-first century. The contributors are likewise drawn from a diverse array of disciplines--English, education, library science, and fine arts. Collectively, they analyze a variety of contemporary comics, including such highly popular series as *Diary of a Wimpy Kid* and *Lumberjanes*; Eisner award-winning graphic novels by Gene Luen Yang, Nate Powell, Mariko Tamaki, and Jillian Tamaki; as well as volumes frequently challenged for use in secondary classrooms, such as Raina Telgemeier's *Drama* and Sherman Alexie's *The Absolutely True Diary of a Part-Time Indian*.

Doctor Whooves: A Thief at the Gala Simon Woodington, 2014-11-24 Forelock Holmes and Doctor John Trotson are on the case of a mysterious threat to the princesses on the night of the Galloping Gala! Suspecting that he is out of his depth, Doctor Whooves and his companion Ditzzy Do are called in to assist. What can be made of a villain whose cutie mark is a planet rent in twain, and of the amorous desire he shows toward Ditzzy?

Holmes' boundless confidence is unhindered, but how will he overcome this strange new opponent?

Social Media Discourse, (Dis)identifications and Diversities Sirpa Leppanen, Elina Westinen, Samu Kytola, 2016-12-08 This volume serves as an in-depth investigation of the diversity of means and practices that constitute (dis)identification and identity construction in social media. Given the increasing prevalence of social media in everyday life and the subsequent growing diversity in the types of participants and forms of participation, the book makes the case for a rigorous analysis of social media discourses and digital literacy practices to demonstrate the range of semiotic resources used in online communication that form the foundation of (dis)identification processes. Divided into two major sections, delineating between the (dis)identification of the self across various social categories and the (dis)identification of the self in relation to the other, the book employs a discourse-ethnographic approach to highlight the value of this type of theoretical framework in providing nuanced descriptions of identity construction in social media and illuminating their larger, long-term societal and cultural implications. This volume is a key resource for researchers, and students in sociolinguistics, discourse studies, computer-mediated communication, and cultural studies.

Transmediating the Whedonverse(s) Juliette C. Kitchens, Julie L. Hawk, 2019-10-29 This book explores the transmedial nature of the storyworlds created by and/or affiliated with television auteur, writer, and filmmaker, Joss Whedon. As such, the book addresses the ways in which Whedon's storyworlds, or 'verses, employ transmedia, both intrinsically as texts and extrinsically as these texts are consumed and, in some cases, reworked, by audiences. This collection walks readers through fan and scholar-fan engagement, intrinsic textual transmediality, and Whedon's lasting influence on televisual and transmedia texts. In closing, the editors argue for the need to continue research into how the Whedonverse(s) lend themselves to transmedial study, engage audiences in ways that take advantage of multiple media, and encourage textual internalization of these engagements within audiences.

Fractured Fandoms CarrieLynn D. Reinhard, 2018-06-13 This book explores the communication issues and power dynamics in fandoms and fan communities to understand the problems fans experience when they interact with one another. It uses fractured fandoms as the case study to consider how these problems relate to all areas of people's lives.

Meet the Bronies Patrick Edwards, Daniel P. Chadborn, Courtney N. Plante, 2019-08-28 In 2010, My Little Pony: Friendship is Magic premiered on television. A large, avid fandom soon emerged--not the pre-teen female demographic earlier versions of the franchise had been created for, but a roughly 80 percent male audience, most of them age 14-24. With this came questions about the nature of the audience who would come to call themselves bronies. Brony Studies was born. Approaching the fandom from a perspective of clinical, social and experimental psychology, this study presents eight years of research, written for academics and fans alike. An understanding of the brony fan culture has broader application for other fan communities as well.

My Little Pony: The Manga - A Day in the Life of Equestria David Lumsdon, 2019-06-18 The land of Equestria comes alive in this one-of-a-kind My Little Pony manga spotlighting each of the Mane 6 and planet of their friends! The land of Equestria comes alive in this distinctive My Little Pony manga series that spotlights each of the Mane 6 and a host of other characters from the exciting world around them! When Pinkie Pie lends a hoof to

help Twilight Sparkle and Spike clean up the Golden Oak Library, she discovers a mysterious mirror with the power to gaze into alternate realities. Upon entering the mirror and traveling to alternate realities, Pinkie Pie sets off a chain of events that will bring doom to Equestria! Follow this adventure--and many more--in this hilarious new My Little Pony manga series.

How to Draw: My little Pony Thomas Wagner,2015-04-03 How to Draw: My Little Pony created by the programmers in collaboration with the best artists in this area, who have not only the visual flair and skill, but can also explain complicated things easy and accessible. Basic step by step instructions are designed to teach you how to create unique pictures (fits even for the novice artists!). Many people think that painting is too tricky to begin studying it. Via Drawing Lessons: My Little Pony at the very first lesson you will understand how easy to draw with step-by-step tutorials. The whole collection is based on detailed instructions. Who will be really fascinated by Drawing Tutorials book? It raises a lot of delight among adults and children. Drawing Book is ideal for the development of child's visual skills. Kids can draw with the parents supervision or by their own. It also develops the ability to follow instructions, attention, visual and tactile memory. Teachers will be able to use the method of tuition for their lessons, which is applied in this Book. Drawing themes are selected so that everyone can draw them according to the received practice skills. You can use the book with the whole family at leisure or with children during the trip. It will also be fun and interesting to do for the small group of friends. A wide selection of pictures and their instructions is main distinguishing feature from the other books. We are offering pictures of the different subjects.
