Brendan G. Carr

TBD Devastator Units of the US Navy Barrett Tillman,2012-11-20 The first monoplane aircraft ordered by the US Navy for carrier operations, the Douglas TBD Devastator was designed to fulfil a requirement for a new torpedo bomber. Just 129 were built, and when it entered service it was the most modern aircraft of its type anywhere in the world. Its only real taste of action came on 4 June 1942 in the pivotal Battle of Midway, when 35 were shot down in a clash with Japanese A6M Zero fighters. The aircraft was replaced by the Grumman Avenger weeks later.

Devastator Isaac Hooke,2018-10-22 Jain thought he'd never go back.Ten years had passed since he last had dealings with humans and their machines. He was happy. He'd built a base for himself and his Void Warriors around the barren moon of a gas giant, where they planned to live out their

immortal days in peace. And then humanity came looking for them. Hunting them. Now they have no choice but to return. But what they find waiting for them in human territory will make them wish they'd never left their new home.

Carnage and Culture Victor Davis Hanson, 2007-12-18 Examining nine landmark battles from ancient to modern times--from Salamis, where outnumbered Greeks devastated the slave army of Xerxes, to Cortes's conquest of Mexico to the Tet offensive--Victor Davis Hanson explains why the armies of the West have been the most lethal and effective of any fighting forces in the world. Looking beyond popular explanations such as geography or superior technology, Hanson argues that it is in fact Western culture and values--the tradition of dissent, the value placed on inventiveness and adaptation, the concept of citizenship--which have consistently produced superior arms and soldiers. Offering riveting battle narratives and a balanced perspective that avoids simple triumphalism, Carnage and Culture demonstrates how armies cannot be separated from the cultures that produce them and explains why an army produced by a free culture will always have the advantage.

Descent into the Void (An action packed science fiction adventure) Steve P. Vincent, 2022-11-28 Enjoy this explosive science fiction series by USA Today Bestselling author Steve P. Vincent... Sergeant Talon Stiler thought he'd been through hell. Then he got sent to Baker V. In a flash, a war fought on the frontier of human-controlled space comes close to home, pushing humanity to the brink. Now responsible for the development of the Union's most secretive weapon system, Stiler and his ragtag crew of Marines have one chance to turn the tide of the war. Their mission: rescue a stranded scientist who might have discovered the key to winning the war from an occupied planet deep behind

enemy lines. And that's the easy bit... If you like James S.A. Corey's The Expanse series, or novels by Frank Herbert, Kevin J. Anderson or Iain Banks, you'll be right at home in The Frontier Saga.

Codex Space Marines Games Workshop, 1998-10

The Deja Vu Chronicles Billy Bradley, 2014-09-19 What would you do if you knew what was going to happen? Would you use your knowledge of history to change it or would you stand by and allow it to occur? Even small actions could have massive consequences. Lives could be saved or destroyed; choices made could present the possibility that you may never have been born. When the most destructive war in history is about to start, there is no way of telling if your knowledge of it would help. The far reaching consequences provide for an excellent story telling vehicle where the war itself is also a character.

Goodbye, Darkness William Manchester, 2008-12-14 This emotional and honest novel recounts a young man's experiences during World War II and digs deep into what he and his fellow soldiers lived through during those dark times. The nightmares began for William Manchester 23 years after WW II. In his dreams he lived with the recurring image of a battle-weary youth (himself), angrily demanding to know what had happened to the three decades since he had laid down his arms. To find out, Manchester visited those places in the Pacific where as a young Marine he fought the Japanese, and in this book examines his experiences in the line with his fellow soldiers (his brothers). He gives us an honest and unabashedly emotional account of his part in the war in the Pacific. The most moving memoir of combat on WW II that I have ever read. A testimony to the fortitude of man...a gripping, haunting, book. --William L. Shirer
