The Woman Suffrage Statue Sandra Weber,2016-03-30 Relegated to the Crypt of the Capitol building for 76 years, the Portrait Monument has stood in the Rotunda since 1997. Often referred to as the Suffrage Statue, it memorializes pioneering feminists Lucretia Mott, Elizabeth Cady Stanton and Susan B. Anthony and is the sole sculptural representation of women in the Rotunda. From its conception by sculptor Adelaide Johnson as three separate busts to its laborious execution and celebrated placement in the Rotunda, the seven-ton sculpture has provoked frustration, jubilation and hullabaloo. Drawing on diaries, letters, newspapers and historic photographs, this first-ever history of the monument explores the controversy, myths and artistry behind this neoclassical yet unconventional work of art.

Enid Yandell Juilee Decker,2019-10-15 The life and work of a sculptor who pushed both aesthetic and social boundaries at the turn of the twentieth century is explored in this in-depth study. Working in the late nineteenth and early twentieth centuries, Louisville-born sculptor Enid Yandell developed a distinctly physical and masculine style that challenged the gender norms of artistic practice. An award-winning sculptor with numerous commissions, she was also an activist for women's suffrage and other political movements. This study examines Yandell's evolution from a young, Southern dilettante into an internationally acclaimed artist and public figure. Yandell found early success as one of a select group of female sculptors at the World's Columbian Exposition in Chicago in 1893. She was then commissioned to create a twenty-five foot figure of Pallas Athena for Nashville's Centennial Exposition in 1897. Yandell's command of classical subject matter was matched by her abilities with large-scale, figurative works such as the Daniel Boone statue in Cherokee Park, Louisville. Part of the art worlds of New York and Paris, Yandell associated with luminary sculptors like Frederick MacMonnies and Auguste Rodin. She became one of the first female members of the National Sculpture Society in 1898. This authoritative study explores the many ways in which Yandell was a pioneer.

Racial Spectacles Jonathan Markovitz,2011-06 *Racial Spectacles: Explorations in Media, Race, and Justice* examines the crucial role the media has played in circulating and shaping national dialogues about race through representations of crime and racialized violence. Jonathan Markovitz argues that mass media racial spectacles often work to shore up racist stereotypes, but that they also provide opportunities to challenge prevalent conceptions of race, and can be seized upon as vehicles for social protest. This book explores a series of mass media spectacles revolving around the news, prime-time television, Hollywood cinema, and the internet that have either relied upon, reconfigured, or helped to construct collective memories of race, crime, and (in)justice. The case studies explored include the Scottsboro interracial rape case of the 1930s, the Kobe Bryant rape case, the Los Angeles Police Department's Rampart scandal, the Abu Ghraib photographs, and a series of racist incidents at the University of California. This book will prove to be important not only for courses on race and media, but also for any reader interested in issues of the media's role in social justice.

Artistic Circulation between Early Modern Spain and Italy Kelley Helmstutler Di Dio,Tommaso Mozzati,2020-01-27 This collection of essays by major scholars in the field explores how the rich intersections between Italy and Spain during the early modern period resulted in a confluence of cultural ideals. Various means of exchange and convergence are explored through two main catalysts: humans—their trips or resettlements—and objects—such as books, paintings, sculptures, and prints. The visual and textual evidence of the transmission of ideas, iconographies and styles are examined, such as triumphal ephemera, treatises on painting, the social status of the artist, collections and their display, church decoration, and funerary monuments, providing a more nuanced understanding of the exchanges of styles, forms and ideals across southern Europe.
