The '45 Christopher Duffy, 2004-06-03 Written by the world's greatest authority on 18th century warfare, this fast-paced, exciting narrative will completely revise popular opinion

about Bonnie Prince Charlie, the Duke of Cumberland (The Butcher), and the other major players in the Scottish uprising of 1745. Christopher Duffy's original research reveals evidence of a wider plot against the Hanoverians and more support for the risings in Scotland, than had been suspected before. Manhattan '45 Jan Morris,1998-07-23 She tours the tenements of Hell's Kitchen and the Gashouse district, as well as the Foundling Hospital, where the crushing realities of poverty belie the unchallenged exuberance of the age. Taking into account both Social Register and slum, Manhattan '45 celebrates New York's Golden Age as a time when, for one unrepeatable moment in history, anything seemed possible.

The Heroes of '45 Ron Mielech,2017-01-05 The Heroes of '45 by Ron Mielech The Heroes of '45 by Ron Mielech is an enchanting tale of historical fiction; however, this could very easily be a story told about life in a small Kentucky town during the war. The action takes place in 1945, following thirteen-year-old Richard Townsend. During the war,

Richard's father, C.F., continues his legal practice on the home front, while others of Richard's family and friends are serving their country at war. Richard is pleased that his father is safe but is disappointed that he has not served in the military. Richard could not possibly have known at the beginning of summer how much his life would change. Through a course of events that took place by summer's end, he would realize that you don't have to fight a war to be a hero. He witnessed the heroic acts of others, including his father. Once he realized all of the truly good things his father did for others, he was proud to follow in his footsteps. And then, came the end of the war and life went on and the past gave way to the future.

45 RPM Spencer Drate, 2002-10-25 Singles, 45s, 7-inchers: they have many names, but

they only come in one package (a square of folded cardboard with a miniature poster on either side). The gold standard of Top 40 playlists for decades, these small albums have long been favourites of DJs and collectors who prize them for their small-scale graphic design. Organized chronologically, 45 RPM brings together more than 200 albums from all genres of music, chosen for their innovative design. Included are albums by Paul Anka, The Beatles, Boston Pops, Clash, Donovan, Dizzy Gillespie, Jerry Lee Lewis, Dean Martin and REM. Music historian Chuck Granada presents the history of the 45, its place in the music business and its designers. Each decade of design is introduced by a specialist of that period: Eric Kohler (1950s), Spencer Drake (1960s), Roger Dean (1970s), Bruce Licher (1980s) and Jeff Kleinsmith (1990s).

45 Master Characters Victoria Schmidt, 2007-08-01 Create unforgettable characters your readers will love! *45 Master Characters* will make your characters and their stories more compelling, complex and original than ever before. You'll explore the most common male and female archetypes—the mythic, cross-cultural models from which all characters originate—and learn how to use them as foundations for your own unique characters. Examples culled from literature, television and film illustrate just how memorable and effective these archetypes can be—from Gladiators and Kings like Rocky Balboa and Captain Ahab to Amazons and Maidens like Xena and Guinevere. The mythic journeys of heroes and heroines—the progression of events upon which each archetype's character arc develops—are also examined. Building such a journey into your character's story will enable you to stop worrying about what happens next and get on with telling your tale. It's a power-packed method for creating characters that stand the test of time!
