Stephanie Tyler

Dire Wolf Marc Zabludoff, 2010 Another bright, warm day and the sunlight sparkles off the ripples on the surface of the sea. It practically hums with the busy motion of life. Fish of all sizes and colors glisten as they dart about, their bodies and tails vibrating from side to side. A giant is gliding through the water as well just below the surface. Its head rises above the water. The ancient king of the seas has arrived—Basilosaurus! Book jacket.

Dire Wolf Project Jennifer Stoeckl, 2019-04 Not just another dog breeding book, *Dire Wolf Project: Creating an Extraordinary Dog Breed* is a rare and unique glimpse into the minds that began creating the American Alsatian dog over thirty years ago. Jennifer Stoeckl, the co-founder of the Dire Wolf Project, shares intriguing stories, refutes critical arguments from skeptics, and fully explains the breed's most controversial breeding practices. Backed by scientific research, the Dire Wolf Project breaks the mold formed by the most rigid dog breeding minds in order to think outside the proverbial whelping box. The Dire Wolf Project is a much needed comprehensive solution to the most heartbreaking health issues experienced in purebred dogs today. The project draws on age old breeding practices that have long been forgotten by today's standards while at the same time develops revolutionary new ideas that bring this unique companion dog into the limelight of today's most prestigious dog breeds. Enter the extraordinary world of the Dire Wolf Project and learn how a new dog breed begins, what it takes to sustain a diverse population over time, and how to travel from purebred to strongbred on the road to healthy, long-lived dogs.

Once they were many, but now only a few remain, a dangerous wolfpack forever on the hunt... Jinx is a Dire wolf without a pack. Kicked out of the house by his king, and living with a vampire named Jez, Jinx has been trying to undo the damage he'd unintentionally caused during the reign of the Dire ghost army, which unleashed some of Purgatory's worst monsters on the world at large. But when he hears that an unshifted Were is being held in a psychiatric hospital, he immediately drops everything to help her. Gillian Black has no idea what's happening to her—and Jinx discovers that she's not just any Were, but a Dire wolf from the original Greenland pack. He helps her escape and promises to keep her safe from the men—and wolves—who are hunting her, and teach her everything about being a wolf. He must also fight his feelings, wanting to claim her as his mate...at least until after he defeats the supernatural enemies that threaten all of them.

As turned on as Skyla is by Nic's intoxicating presence, she knows they first have to survive long enough to get free. Unfortunately, threats continue to escalate. In their escape, Skyla is sent somewhere else, and Nic has no idea where or what trouble she might be in. He must find her before the wizards do, plus figure out how to work together if they're going to crack the secrets of a mysterious new-old town. Introduces the physical characteristics, habitat, and behavior of the prehistoric dire wolf.

Dire Wolf Rumpel Stiltskin, A gipsy man arrives in town to bury his aunt. On the way, he discovers the forest hiding the secret of how she died. There is a legend of creatures that are part men and part wolves, and there are some signs that they were involved. He never saw a werewolf before, but they had never met anyone of his people either. Rom is tall, fit and muscular, attracting young women from the little town. Soon they discover that he is different, stronger and darker and loves to run naked. There is something bestial in Rom's character. He is in love with his forest, and his people are one with nature. They would never allow the werewolves to hide there. The forest rejected them. The clash between the two tribes becomes inevitable, the werewolves and something else. As the two groups lay claim to one land, Rom wonders if he could survive. One man against the werewolves. Undoubtedly he must lose. This is a full-length novel intended for a mature audience. It contains a graphic description of consensual sex between adults.

His inner beasts say Rayne is their mate, but he realizes he must track down his dark, forgotten past if he hopes to have a future with her. However, when the auction house falls, they open a whole new can of worms. War is coming.
