**P-39/P-400 Airacobra vs A6M2/3 Zero-sen** Michael John Claringbould,2018-07-26 After the huge advances made in the early months of the Pacific war, it was in remote New Guinea where the advance of Imperial Japanese Naval Air Force (IJNAF) A6M Zero-sen fighters was first halted due to a series of offensive and defensive aerial battles ranging from treetop height up to 30,000 ft. Initially, the IJNAF fought Australian Kittyhawks, but by May 1942 they had fought themselves into oblivion, and were relieved by USAAF P-39 and P-400 Airacobras. The battles unfolded over mountainous terrain with treacherous tropical weather. Neither IJNAF or USAAF pilots had been trained for such extreme conditions, incurring many additional losses aside from those that fell in combat. Using specially commissioned artwork and contemporary photographs and testimony, this fascinating study explains how, despite their initial deficit in experience and equipment, the Airacobras managed to square the ledger and defend New Guinea.

**Isaiah 1-39** Steven A. McKinion,Thomas C. Oden,2014-02-19 For to us a child is born, to us a son is given; and the government will be upon his shoulder and his name shall be called Wonderful Counselor, Mighty God, Everlasting Father, Prince of Peace. For the early church fathers the prophecy of Isaiah was not a compendium of Jewish history or theology but an announcement of the coming Messiah fulfilled in the life and ministry of Jesus of Nazareth. As such, the prophet's words were a rich source of theological reflection concerning their Lord and a vital aid in their defense against the objections of the Jews that Jesus was the promised Messiah. The interpretation of Jesus' ministry in light of Isaiah's prophecy was not a theological innovation on their part but rather a following of the path blazed by the New Testament writers and Jesus himself. Among passage-by-passage commentaries cited here are those by Eusebius of Caesarea, Jerome, Cyril of Alexandria, and Theodoret of Cyr, as well as one attributed to Basil of Caesarea. John Chrysostom preached a series of homilies on Isaiah of which most of those extant concern the first eight chapters, though Chrysostom frequently cites Isaiah in numerous homilies on other books. Augustine of Hippo, Gregory the Great, and Bede the Venerable frequently cite passages from Isaiah 1-39, as did many other fathers in defending the Christian faith from Jewish critics. In this Ancient Christian Commentary on Scripture volume, readers will find materials ranging from East to West and from the first through the eighth centuries, some appearing here in English translation for the first time. Within this treasure house are riches to illumine the mind and fire the heart.

**The 39-Story Treehouse** Andy Griffiths,2015-04-07 Having expanded their treehouse to an astonishing 39 stories, Andy and Terry describe the invention of their Once-Upon-a-Time machine, which they have designed to write and illustrate their stories for them. By the author of Killer Koalas From Outer Space.

**Isaiah 1-39** Walter Brueggemann,1998-10-01 In this volume, Walter Brueggemann writes on Isaiah 1-39, which many scholars believe had a single author, Isaiah, of the eighth century BCE, who wrote in the context of the Assyrian empire between 742 and 701. Books in the Westminster Bible Companion series assist laity in their study of the Bible as a guide to Christian faith and practice. Each volume explains the biblical book in its original historical context and explores its significance for faithful living today. These books are ideal for individual study and for Bible study classes and groups.

**Modern Aspects of Electrochemistry 39** Constantinos G. Vayenas,Ralph E. White,2006-12-22 This volume of Modern Aspects covers a wide spread of topics presented in an authoritative, informative and instructive manner by some internationally renowned specialists. Professors Politzer and Dr. Murray provide a comprehensive description of the various theoretical treatments of solute-solvent interactions, including ion-solvent interactions. Both continuum and discrete molecular models for the solvent molecules are discussed, including Monte Carlo and molecular dynamics simulations. The advantages and drawbacks of the resulting models and computational approaches are discussed and the impressive progress made in predicting the properties of molecular and ionic solutions is surveyed. The fundamental and applied electrochemistry of the silicon/electrolyte interface is presented in an authoritative review by Dr. Gregory Zhang, with emphasis in the preparation of porous silicon, a material of significant technological interest, via anodic dissolution of monocrystalline Si. The chapter shows eloquently how fundamental electrokinetic principles can be utilized to obtain the desired product morphology. Markov chains theory provides a powerful tool for modeling several important processes in electrochemistry and electrochemical engineering, including electrode kinetics, anodic deposit formation and deposit dissolution processes, electrolyzer and electrochemical reactors performance and even reliability of warning devices and repair of failed cells. The way this can be done using the elegant Markov chains theory is described in lucid manner by Professor Thomas Fahidy in a concise chapter which gives to the reader only the absolutely necessary mathematics and is rich in practical examples.

**KALMYKIAN and MONGOLIAN TRADITIONAL FAIRY TALES - 39 Kalmyk and Mongolian Children's Stories** Anon E. Mouse,2020-03-13 Herein are 39 Kalmyk-Mongolian children's fairy and folktales which are Mongolian in origin. Herein you wind stories like: The Saga Of The Well-And-Wise-Walking Khan The Woman Who Sought Her Husband In The Palace Of Erlik-Khan The Gold-Spitting Prince Five To One The Fortunes Of Shrikantha The Use Of Magic Language The Wife Who Loved Butter Bhixu Life The Saga Of Ardschi-Bordschi And Vikramâditja's Throne The Boy-King Schalû the Wolf-boy Vikramâditja acquires another Kingdom The Voice-charmer How Naran Gerel swore falsely and yet told the Truth ....plus many, many more.

Kalmyk folklore, fairy tales, omens and sayings are a little-researched genre of folklore. Since early times the Kalmyk people, surveyed nature, animals, and the birds around them, from which they created tales, legends, myths, songs, proverbs, and sayings that are notable for their keen observation, which, over time, have been infused with a healthy dose of deep wisdom, which is highly complementary to their commonly held practise of Tengric Bhuddism, or Mongolian Buddhism. The Kalmyk people are members of the Oirat clan which is Mongolian in origin. The Kalmyks (also spelled Kalmouk) migrated 3,700km/2,300miles from the steppes of southern Siberia on the banks of the Irtysh River to the Lower Volga region, bordering on the northern Caspian sea, arriving in about 1630AD. The most compelling reason was to escape the growing dominance of the neighboring Dzungar Mongol tribe. Along the route of their migration, the Kalmyks would have met and mixed with pagans and shamans, the Jewish Khazars, Islam from the Alans and Nogais, and Christianity from the Russians and other Slavic tribes. As such their folklore and fairytales are interwoven with elements of all these cultures creating a rich and diverse tapestry of lore which is reflected in this volume. ===== KEYWORDS/TAGS: Kalmykian, Mongolian, folklore, fairytales, Ananda, ancient, ape, Ardschi-Bordschi, ARDSCHI, BORDSCHI, arrows, ass, barley-corns, beasts, beautiful, birdcatcher, bird, catcher, Bodhisattva, bones, Boy-king, Buddha, Buddhist, butter, capital, caravan, chief, children, children's books, children's stories, Churmusta, companions, cunning, dancing, demons, eight, endowed, enemy, feathers, fifteenth century, 15th C., free, friends, Gandharva, garuda-bird, Gerel, grandparents with children, gratitude, Hermit, honour, horse, India, jewel, Khan, Khanin, King, kingdom, Kun-dgah, Lama, lioness, love, magicians, magnanimous, maiden, majesty, mango tree, marry, Massang, Master, merchandize, merchandise, merchant, Minister, Moonshine, mother-o'-pearl, mothers to be, mothers with children, mountain, Nâgârg'una, Naran, Naran-Dâkinî, Naran Dâkinî, noble, oxen, palace, parents to be, parents with children, parrot, peace, possessed, Prince, Princess, Queen, reading to children, sacred, sacrifice, Schimnu, Schimnu Khan, Schimnus, Serpent, Serpent king, seventy-one, Shanggasba, Siddhi-kür, soothsayer, Ssaran, Sunshine, Suta, tales, talisman, Teacher, temple, thousand, throne, token, transform, treasure, Vikramâditja, water, Well-and-wise-walking, Well and wise walking, weep, wisdom, wise, wolves, wood-carver, wood carver, youth

*Mark 15:39 as a Markan Theology of Revelation* Brian K. Gamel,2017-10-19 In the Gospel of Mark, Jesus' arrest, trial and execution ends with the Roman centurion who oversees the death process proclaiming Jesus as God's son. Gamel explores two key questions in relation to this moment: what does the centurion mean when he says that Jesus is God's son, and why does he say it? The confession is not made on the basis of any signs nor from any indication that he perceives Jesus' death as honourable or exemplary. This apparent lack of motivation itself highlights a key Markan theme: that this insight is revealed by an apocalyptic act of God, signalled by the tearing of the temple veil. Thus the confession, which we can understand to be made sincerely and knowledgeably, is the result of an act of God's revelation alone. Gamel explores the theory of Mark depicting a story in which all human characters exhibit varying levels of blindness to the spiritual realities that govern their lives. By making a thorough examination of Mark's Gospel - while placing primary focus on the centurion, the study is unlimited and presents a serious examination of the whole Gospel - Gamel concludes his argument with the point that, at the foot of the cross, this blindness is decisively confronted by God's apocalyptic act. The offer of sight to the centurion demonstrates the reconciliation of God and humanity which are otherwise in Mark's Gospel repeatedly presented as antagonistic spheres. Finally, the fact that revelation is offered to a Gentile highlights the inclusion of the nations into the promises of Israel.
