Night Diver Elizabeth Lowell, 2014-04-08 New York Times bestselling author Elizabeth Lowell plunges into the adventurous and deadly world of underwater treasure hunters in a heart-stopping tale that superbly combines atmosphere, action, romance, and suspense. After a family tragedy, Kate Donnelly left the Caribbean behind forever. But a series of bad management decisions has left her family's diving and marine recovery business drowning in red ink. Now her brother pleads with her to come back to the island nation of St Vincent. Without Kate's financial expertise, the iconic treasure-hunting enterprise started by her grandfather will go under. Unable to say no to the little family she has left, Kate heads back to the beautiful and terrifying ocean that still haunts her nightmares. Holden Cameron was addicted to the adrenaline rush of active duty—including narrowly surviving an underwater explosives accident. The last thing the former British military diver wants is to babysit a family of thieves on a tropical island—even if they are the world-famous Diving Donnellys. But in his new civilian job, Holden must investigate the suspicious activity surrounding a Donnelly dive to recover treasure from the ancient wreck of a pirate ship. When equipment, treasure, and even divers begin to disappear, Kate and Holden form an uneasy alliance to uncover the truth. But the deeper they plummet into the mystery, the closer they come to each other. Soon they are sharing their deepest fears and darkest secrets—and a combustible chemistry too hot to ignore.

Caleb West, Master Diver F. Hopkinson Smith, 2021-08-30 Caleb West, Master Diver is the riveting tale of a master diver called upon to lend his expertise in a government project. Dear old Captain Joe, he's found her at

last! he said to himself, and laughed aloud. With a joyous enthusiasm that lent a spring and vitality to every movement, he stepped to the window and raised the sash to let in the morning air. It was a gala-day for the young engineer. For months Captain Joe had been in search of a sloop of peculiar construction,—one of so light a draught that she could work in a rolling surf, and yet so staunch that she could sustain the strain of a derrick-boom rigged to her mast. Without such a sloop the building of the lighthouse Sanford was then constructing for the government on Shark Ledge, lying eight miles from Keyport, and breasting a tide running six miles an hour, could not go on. With such a sloop its early completion was assured. The specifications for this lighthouse provided that the island which formed its base—an artificial one made by dumping rough stones over the sunken rock known as Shark's Ledge—should be protected not only from sea action, but from the thrust of floating ice. This Sanford was to accomplish by paving its underwater slopes with huge granite blocks, to form an enrockment,—each block to be bedded by a diver. As the team was assembled, the master Caleb West was called in...

The Diver Veronica Carratello, 2018-08-07 What could a young girl and a penny have in common? They both have enormous dreams! Emma practices tirelessly to become a great diver, but as competition day approaches, her nerves get the better of her, and her confidence begins to wane. When she picks up a penny for good luck, she has no idea that this little copper coin has dreamed of becoming a diver for his entire life! With a lot of hard work, a little luck advice from Dad, and one big wish, Emma and the penny both live their dreams in their own ways. In this humorous story, we learn that anyone can accomplish their dreams, no matter how small they are, if they practice

and aren't afraid to jump.

The Last Dive Bernie Chowdhury, 2002-02-19 Chris and Chrissy Rouse, an experienced father-and-son scuba diving team, hoped to achieve widespread recognition for their outstanding but controversial diving skills. Obsessed and ambitious, they sought to solve the secrets of a mysterious, undocumented World War II German U-boat that lay under 230 feet of water, only a half-day's mission from New York Harbor. In doing so, they paid the ultimate price in their quest for fame. Bernie Chowdhury, himself an expert diver and a close friend of the Rouses', explores the thrill-seeking world of deep-sea diving, including its legendary figures, most celebrated triumphs, and gruesome tragedies. By examining the diver's psychology through the complex father-and-son dynamic, Chowdhury illuminates the extreme sport diver's push toward—and sometimes beyond—the limits of human endurance.

The Complete Diver Alex Brylske, 2012

Underwater Rodeo: Saga of a Deep Sea Diver Eugene Cicchinelli, 2012-07-19 At times, a man's existence must survive on the blade-thin edge of danger. Voyage with Cole Cronan, as he seeks freedom from the straitjacket of society, living on the fringe of society's outposts. From king crab fishing the brutal icy waters of the Bering Sea, where Death's screeching howl informs him it's time to leave, to the warm seductive currents of the South China Sea working in the hazardous profession of the hard-living, pushing the envelope, commercial deep sea divers. His adventure roams from a steaming jungle river in a dugout canoe traveling to a Iban longhouse, former head hunters of Borneo; flying to Portsmouth England in the dead of winter for diving in the bitterly cold North Sea; to living at the paint peeling former colonial mansion known as the Mitre Hotel, home to a wide assortment of the

diving industries rogues and roustabouts in Singapore. This course leads to the treacherous full moon tides and murky waters off Bombay, in the Arabian Sea. Cronan must test the core of his existence to survive a date with destiny - a stranded saturation diving bell--300 feet underwater.

The Dive Ellen Lewis, 2017-04 Yousuf doesn't know how to swim, so he is scared when it is his turn to go diving for pearls.

The Deep Sea Diver's Syndrome Serge Brussolo, 2016 In *The Deep Sea Diver's Syndrome*, lucid dreamers called mediums dive into their dreams to retrieve ectoplasms - sticky blobs with curiously soothing properties that are the only form of art in the world. David Sarella is a medium whose dream identity is a professional thief. Only the dives require an extraordinary amount of physical effort, and as David ages, they become more difficult. David decides to go down one final time, in the deepest, most extravagant dive ever attempted...

Diving off the Oregon Coast Tom Hemphill, Floyd Holcom, 2016-10-10 The Oregon Coast is well known for its beauty. The rugged coastline with its constant wave and surf action provides the calming sounds of the ocean that all can hear, but a diver also sees the giant kelp forests and gets excited about the promise of abundant marine life, brilliantly colored anemone, sponges, cute little reef fish and huge ling cod, large plate-sized rock scallops, abalone, giant Pacific octopus, and friendly wolf eel. This is truly a diver's paradise. There are no stories of skin divers prior to World War II, but with the development of rubber dry suits and neoprene wetsuits in the early 1950s, divers began to explore the reefs out past the surf and in protected coves

near the shoreline. Images of Modern America: Diving off the Oregon Coast showcases the images of a few diving pioneers, early and current dive stores, the beautiful coastline, and the colorful world underwater.

Where Divers Dare Randall Peffer, 2016-04-05 In the tradition of Shadow Divers, this is the gripping true account of the search for German U-boat U-550, the last unfound, diveable wreck of a U-boat off the United States coast, and the battle in which it was sunk. On April 16, 1944, the SS Pan Pennsylvania was torpedoed and sunk by the German submarine U-550 off the coast of Nantucket, Massachusetts. In return the sub was driven to the surface with depth charges, and then sent to the bottom of the ocean by three destroyer escorts that were guarding the naval convoy. For more than sixty years the location of the U-boat's wreck eluded divers. In 2012, a team found it—the last undiscovered U-boat in dive-able waters off the Eastern Seaboard of the United States, more than three hundred feet below the surface. This is the story of their twenty-year quest to find this Holy Grail of deep-sea diving and their tenacious efforts to dive on this treacherous wreck—and of the stunning clash at sea that sealed its doom and brought the Battle of the Atlantic to America's doorstep.

Fireside Diver Bonnie J. Cardone, 1995 To Do...Doing...Done!: A Creative Approach to Managing Projects and Effectively Finishing What Matters Most focuses on the skills required to manage any project without getting bogged down in conflicts or sidetracked by unexpected changes or developments. In this book are proven techniques for bringing any project to a successful and satisfying conclusion. The techniques provided in To Do...Doing...Done! are based on Franklin Quest's highly successful Planning for Results seminar, which has boosted the productivity of thousands of

employees in corporations across the country, as well as in Europe and Asia.

To Kill a Diver Mike Hughes, 2013-08 Clues and evidence discovered at an underwater park in the Puget Sound of Washington State lead divers and police officials to the conclusion that the accidental death of a diver was no accident at all. While the murder may be fictional, Bruce Higgins Underwater Trails in Edmonds, WA is the largest volunteer diver constructed and maintained underwater park on the west coast. The backgrounds on the local sea creatures will bring new divers up to speed quickly on cold water species, and hopefully the information will be found to be interesting to seasoned divers. Hopefully, this book is best read between dives, while crossing on a ferry, while on a live aboard vessel, before visiting the Puget Sound, or just when you feel like diving, but can't get the time off from the real world.

U.S. Navy Diver Mark V. Lonsdale, 2005

Descent into Darkness Edward C. Raymer, 2012-03-15 On December 7, 1941, as the great battleships Arizona, Oklahoma, and Utah lie paralyzed and burning in the aftermath of the Japanese attack on Pearl Harbor, a crack team of U.S. Navy salvage divers headed by Edward C. Raymer are hurriedly flown to Oahu from the mainland. The divers have been given a Herculean task: rescue the sailors and Marines trapped below, and resurrect the pride of the Pacific fleet. Now for the first time, the chief diver of the Pearl Harbor salvage operations, Cmdr. Edward C. Raymer, USN (Ret.), tells the whole story of the desperate attempts to save crewmembers caught inside their sinking ships. Descent into Darkness is the only book available that describes the raising and salvage operations of sunken battleships following the December 7th attack. Once Raymer and his crew of divers entered the interiors of the

sunken shipwrecks—attempting untested and potentially deadly diving techniques—they experienced a world of total blackness, unable to see even the faceplates of their helmets. By memorizing the ships' blueprints and using their sense of touch, the divers groped their way hundreds of feet inside the sunken vessels to make repairs and salvage vital war material. The divers learned how to cope with such unseen dangers as falling objects, sharks, the eerie presence of floating human bodies, and the constant threat of Japanese attacks from above. Though many of these divers were killed or seriously injured during the wartime salvage operations, on the whole they had great success performing what seemed to be impossible jobs. Among their credits, Raymer's crew raised the sunken battleships West Virginia, Nevada, and California. After Pearl Harbor they moved on to other crucial salvage work off Guadalcanal and the sites of other great sea battles.
