Dirge for a Doge Elizabeth Eyre,1997-01 When aristocrat Niccolo Ermolin is stabbed to death in his own study, even Italian Renaissance detective Sigismondo wonders if Venice will sink beneath the weight of its Machiavellian intrigues and machinations before he can solve the crime.

Venetians Lodovico Pizzati,2017-01-11 Two brothers were raised on a remote farm, their identity hidden and their nobility claim unknown to them. The day they discovered who their true parents were, a barbarian horde abruptly pillaged their farmhouse. The brothers miraculously escaped, but in opposite directions and unaware of each others survival. The younger brother reached the capital Byzantium hoping for the Emperors support, only to find out that in seventh century Europe his titles could only be defended with the sword. The older brother was rescued by Cimbrians, a mountain community that sheltered him from the Longobards, a Germanic tribe that at the time ruthlessly ruled most of Italy. As the Longobards and the Byzantines clashed, the two brothers managed to overcome life-threatening challenges, and thrived as merchants in an age of perpetual war. The younger brother succeeded in reopening sea routes from the northern shores of the Adriatic to the Middle East. The older brother expanded the river trade that connected the Alps to the sea. It was only natural that where rivers meet the sea, the two brothers would reunite. In that swampy marshland, too deep for Longobard horses and too shallow for Byzantine ships, they found the ideal cove to lay the foundations for a future commercial empire. Those few huts on stilts were the beginning of a trading community that would become the city of Venice. One of the two brothers became the first Doge, one of several historical figures depicted in this epic.

Daughters of the Doge Edward Charles,2008 Love and intrigue in Tintoretto's Venice . . .Venice, 1556: a wealthy, bustling, multi-cultural city, with a standard of living four times that of anywhere else in Europe. Into this exciting world comes twenty-year-old English protestant Richard Stocker, recovering from the execution of his friend Lady Jane Grey (a friendship recounted in Edward Charles's debut novel In the Shadow of Lady Jane.) Soon Richard finds himself caught up in the complexities of La Serenissima, and involved with three of the city's most remarkable women: Faustina Contarini, a nun imprisoned in a convent by her noble family; Yasmeen Ahmed, Muslim clerk and book-keeper to the great artist Tintoretto; and Veronica Franco, artists' model, courtesan and poet. Each has her own story to tell, but they have one thing in common: they are all daughters of the Doge, held captive by the contradictory laws and regulations of this teeming city. This is a thrilling account of a young man's transformation, as he discovers love, faith and deception in a colourfully evoked Renaissance Venice.

The Doge and Dogess E.T.A. Hoffmann,2022-06-13 ‘The Doge and Dogess’ (1885) is a ‘weird tale’ written by the German Romantic author E. T. A. Hoffmann, most famous for his novella ‘The Nutcracker and the Mouse King’ (1816) which inspired Tchaikovsky’s opera ‘The Nutcracker’. This classic fantasy short story is perfect for fans of horror and fantasy fiction and the authors H. P. Lovecraft and Neil Gaiman. Ernst Theodor Wilhelm Hoffmann (1776-1822), better known as E. T. A. Hoffmann, was a German Romantic author of fantasy and gothic horror. He was also a composer, music critic, draftsman and caricaturist. Hoffmann's stories inspired several famous operatic composers, including Richard Wagner, Jacques Offenbach and Léo Delibes. He is also the author of the novella ‘The Nutcracker and the Mouse King’, on which Tchaikovsky’s famous ballet, ‘The Nutcracker’ is based. The story also inspired the film ‘The Nutcracker and the Four Realms’ (2018), starring Keira Knightley, Morgan Freeman, Helen Mirren.

Days Spent on a Doge's Farm Margaret Symonds,2013-09 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1908 edition. Excerpt: ... chapter xviii on the banks of the adige and palazzo rosso Guai a voi quel giorno quando l'Adige s'alza dal letto.--Paleocapa. V77E always found a cool wind there--a breath of melting icicles carried down on the back of the river from the eternal snows where its waters had found their birth some days, some hours back. Right through Gromboolia it runs, a mighty body covering a tempestuous soul. Lombard grasses, Lombard willows, rank tangles of a hundred southern plants flourish along its banks and bend to kiss the cooling flood. But it, remembering a mountain flora, bearing the embrace of primulas, of gentian, and of white sprayed saxifrage upon its lips, brushes these coarse plants a little roughly, as it seems, and goes its terrific way, swelling in enormous curves, with never a sound of wave, with no ripple against a stone, for its bed is spread with sand. A huge power suppressed, moving always onward to explore the Adriatic. Perhaps the same drops which filtered through a wooden pump in some distant village of the Tyrol will play about the feet of the Rialto or lap the steps of Doges' palaces in Venice. For hours one can lie and wonder near those green shores. There is something undeniably enlarging to the human mind in the contemplation of big rivers. This platitude is so stale that I ought not to dish it up to a satiated public; only the

Adige, in its crossing of the plain, filled my mind with large and strange comparisons. A road runs along the top of either bank; and here for ever the donkey-carts crawl slowly, and the white oxen lumber by--great quiet beasts with an interminable calm in their dark eyes. Here small gigs rattle through the dust--a farmer or a bersagliere loun

The Likeness of Venice Dennis Romano,2007 Immortalized in later centuries in works by Lord Byron, Giuseppe Verdi, Eugène Delacroix, and others, Francesco Foscari reigned as the powerful doge of Venice during tumultuous years from 1423 to 1457. The stuff of legends, his life was marked by political conflict, vengeful enemies, family heartbreak, and, at the end, the forced relinquishment of the ducal throne. Yet Foscari left behind no personal papers, and until now, no complete biography of him has been written. This book, a thorough and fascinating biography, fills that longstanding gap, illuminating not only the life of the man but also the history and culture of fifteenth-century Venice. Dennis Romano reconstructs Foscari’s life through careful reading of extant governmental records and chronicle sources. He also uses architectural monuments built by Foscari and his heirs as critical interpretive keys for unlocking the personality and policies of the doge. Romano analyzes how art and power intersected in Renaissance Italy and how the doge came to represent and even embody the state. With this biography, Romano clears away longstanding myths, fills in previously unknown details about Foscari’s triumphs and ordeals, and allows to emerge the first intimate portrait of this singular doge.
