The Dokdo/Takeshima Dispute Paul Huth,Sunwoong Kim,Terence Roehrig,2021-04-12 In The Dokdo/Takeshima Dispute, Paul Huth, Sunwoong Kim, and Terence Roehrig have assembled top scholars from Japan, South Korea, and the United States to provide a balanced and comprehensive look from multiple perspectives of this long-running island dispute.

Dokdo Seokwoo Lee,Hee Eun Lee,2011-01-11 Utilizing perspectives from international law, international relations, and history, this volume provides a balanced perspective on territorial disputes in Northeast Asia highlighting the issue of Dokdo which is disputed between Korea and Japan.

The Dokdo Story ,2009

The Geography of Dokdo Taehan Chiri Hakhoe,2013 The book is based on geographical information as well as other academic and scientific findings concerning Dokdo's natural and historical characteristics. This book also focuses on the conservation of Dokdo's natural environment together with the survey and research. The Geography of Dokdo will aid all Koreans and the international community in learning about and appreciating Dokdo's cultural and natural heritage and its significance as part of the Korean homeland--Publisher's website.

Dokdo ,2006

Dokdo 1947 Jung Byung-joon,2022-11-11 1947 was a watershed year for the Dokdo issue. Many think that the differences between Korea and Japan over the historical title to the island are what caused the Dokdo issue. From my studies, however, I came to learn that the Dokdo issue is a ramification, or one of the shadows, of the sway and decision power the U.S. exerted on the post-war policies for Northeast Asia. Therefore, it would be more accurate to say that the dispute over the sovereignty of Dokdo after the Second World War involves the U.S. as well and that it is a matter of regional and international politics rather than that of history. \The idea for this book came about in 2001 when I was studying the U.S. State Department’s diplomatic documents from the 1950s in the National Archives and Records Administration. The records were telling a different story from what average Koreans know about Korea-Japan relations and the Dokdo issue. Although much of the documents about Korea-Japan relations and the Dokdo issue were still classified, I was able to see that the 1951 Treaty of San Francisco was the starting point of, as well as a turning point for, the U.S. policies and diplomatic decisions on Dokdo. So I started delving into the archives of the U.S., Japan, Korea, and the UK. I looked into how the San Francisco Treaty—which officially settled the war between Japan and the U.S.-led Allies—relates to Korea and how it became a turning point for Korea-Japan relations, Korea-U.S. relations, and U.S.-Japan relations. I found myself on a journey of exploring how the San Francisco system shaped the new post-war order in Northeast Asia; how Korea, the U.S., Japan, and the UK viewed and responded to Japan’s territorial issues including that of Dokdo; and how Korea-U.S. relations, U.S.-Japan relations, and Korea-Japan relations had changed over the years. This book is a summary of what I learned during my journey, and it delineates how and when Korea, the U.S., and Japan began introducing policies, as they became more aware of Dokdo after the Second World War, and how these policies evolved before and after the San Francisco Treaty.\ (_ Excerpt from the Preface)

Dokdo Hakjoon Kim,2019-12-30 Dokdo, an island in the East Sea, has been an integral and inseparable part of Korean territory since ancient times. Throughout this book, the author attempted to prove this undeniable historical and geographical fact utilizing primary sources, thereby rejecting the Japanese claim that Dokdo is their territory.

The Dokdo/Takeshima Controversy Byoung-sup Park,Pyŏng-sŏp Pak,Seichū Naitō,2009 Draws on original documents to discuss the historical background of the recurrent territorial dispute over Dokdo/Takeshima (aka Tok Island), which is geographically located between Japan and Korea but which has been controlled by Korea since the end of World War II.

The History of Imperial Japan's Seizure of Dokdo Pyŏng-nyŏl Kim,2008 Japan continues to provoke conflict by laying claim to Dokdo, ignoring the fact that historically and legally the island is an integral part of the Korean territory. History clearly shows that the Japanese imperialists illegally seized Dokdo for strategic and military purposes during the Japanese-Russo War (1904-1905). But Japanese politicians today tend to ignore the historical reality and teach the young generation faulty, misleading knowledge... - from the preface.
