People Like Us Dominick Dunne, 2009-09-08 Before they had Too Much Money, the inhabitants of Dominick Dunne's glitzy, gossipy New York Times bestselling novels were People Like Us. The way journalist Gus Bailey tells it, old money is always preferred, but occasionally new money sneaks in—even where it is most unwelcome. After moving from Cincinnati, Elias and Ruby Renthall strike it even richer in New York, turning their millions into billions. It would be impolite for high society to refuse them now. Not to mention disadvantageous. As long as the market is strong, there's absolutely nothing to worry about—except for those nasty secrets from the past. Scandal, anyone?

**The Winners** Dominick Dunne, 1982 Mana Berg knows she will never be a Hollywood star, but she is determined to achieve power in other ways, and prepares for battle in the world of glamour, power and sex. Dominick Dunne is the author of People Like Us, which was highly successful in both Britain and America.

**All the Way to #1** Timothy L. Hudak,John R. Pflug (Jr.),2015 The 20th century was the defining era of high school football, and during that time a select group of programs across the country solidified their reputations as the nation's greatest. These programs--with legendary coaches like Paul Brown, Wright Bazemore, Gerry Faust, and Bob Ladouceur--produced national championship teams at schools with names like Massillon, Valdosta, Moeller, and De La Salle. But which of these teams was the greatest? **All the Way to #1** is the first book to thoroughly document the nation's top high school football teams from the 20th century. Identifying seventeen legendary programs, football historian Timothy Hudak tells the exciting and entertaining stories of how these teams came to prominence on the

national stage. Fans will be particularly interested in Hudak's conclusion about which of these teams was the best. Filled with 330 black and white photos, statistics, and the most comprehensive listing of the 20th century's high school football champions found anywhere, *All the Way to #1* is a one-of-a-kind book that will be perfect for fans across the country.

It brings together several global and transnational issues from an interdisciplinary perspective. It exposes students to a wide range of political, economic, social and cultural problems across different world regions, including migration, climate change, mass violence, and pandemics. **Master Your World** Mary Kelly, 2011-04 Master Your World is a concise, engaging book on business management, people management, and of course, a bit of dog management.

Funny, serious, and thoughtful, Kelly's book can change how you interact with the people around you. The ten inspired lessons are designed to simplify the role of leading people, even during difficult times, and in any business organization. The book starts with the top three golden rules: Reward Good Behavior, Do Not Reward Bad Behavior, and Be Consistent. Dr. Kelly emphasizes what every manager should know: You get the behavior that you reward. The next seven lessons are how to communicate, enforce, and maintain the first three lessons while building morale, improving productivity, and ultimately, increasing the bottom line. One of the major strengths of the book is Kelly's writing. She keeps readers interested with true stories, real-life situations, and pragmatic solutions to the daily challenges managers and leaders face in today's evolving workplace. Kelly's techniques were refined during her 21 years as an officer in the U.S. Navy, but Master Your World is clearly not a military book. It is humorous, entertaining, and inspirational. Every aspiring CEO can learn something from this book. This book is highly recommended for new supervisors, seasoned managers, and senior leadership who could benefit from a refresher on how to engage their teams. Her points make busy people think, and make thoughtful people smile and think again.
