Domo Clint Bickham, Lindsay Cibos And Jared Hodges, 2009-09-01 A collection of stories that follow the adventures of Domo, the character that serves as mascot of Japan's NHK television station.

DOMO in the World , 2011-09-01 Domo is the funny, square-ish, brown creature that began life as a mascot for a Japanese TV network, but who has blown up into an international phenomenon. His fuzzy, grinning mug has appeared everywhere from plush toys to figurines, T-shirts to key-chains, as well as on more than a million fansites and an official Facebook page. Featuring original photography and haiku, *Domo in the World* shows him making his way through the world, whether flying a kite, wooing a pillow that looks suspiciously familiar, or eating anything in sight.

Pro Mundo - Pro Domo Bryan R. Simms, 2017-03-01 Pro

Mundo - Pro Domo: The Writings of Alban Berg contains new English translations of the complete writings of the Viennese composer Alban Berg (1885-1935) and extensive commentaries tracing the history of each essay and its connection to musical culture of the early twentieth century. Berg is now recognized as a classic composer of the modern period, best known for his operas *Wozzeck* and *Lulu*. Berg, Anton Webern, and their teacher Arnold Schoenberg constitute the Second Viennese School, which played a major role in the transformation of serious music as it entered the modern period. Berg was an avid and skillful writer. His essays include analytic studies of compositions by Schoenberg, polemics on music and musicians of his day, and lectures and miscellaneous writings on a variety of topics. Throughout his considerable and diverse corpus of writings, Berg alternates between two perspectives: Pro Mundo - Pro Domo, meaning roughly speaking for all - speaking for myself, commenting at one moment on the general state of culture and the world, and the next moment on his own works. In his early years he also tried his hand at fictional writing, using works by Ibsen and Strindberg as models. This new English edition contains 47 essays, many of which are little known and have not been previously available in English.

Yona Friedman / Pro Domo Yona Friedman, 2022-02-16

Yona Friedman presents a personal selection of half a century of his work. In 1958 Yona Friedman published his first manifesto on 'mobile architecture' and founded GEAM (Groupe d'Etude d'Architecture Mobile), which proposed different strategies and actions geared to the adaptation of architectural creation to modern user requirements concerning social and physical mobility. In this initial manifesto, Friedman points out that architectural knowledge cannot be the exclusive property of professionals and specialists, and suggests writing guides ('manuals'), which explain topics related to architecture and urban planning in clear and simple terms. Following some recent

publications that have reasserted the importance of Friedman's work, *Pro Domo* is 'a collection of fragments of scattered topics', a set of 'milestones' selected by the author himself. In his words, these highlights are not meant as a testament nor do they, form a coherent whole.' Instead, they form a personal selection chosen according to their sentimental value and span fifty-year period of production dating from the foundation of GEAM. The book includes building structure studies, urban design theories, observations on regional development, as well as design manuals for self-construction and competition projects.

Domo Flocked Journal Domo,2008-06-24 Japan's favorite furball is invading the United States and Dark Horse is helping to lead the charge by ramping up a special program of officially licensed Domo merchandise - and clever retailers will stock up lest they find their ankles being chomped on! One of Dark Horse's niftiest journals to date, they have worked hard with their printer and the Japanese creative team to come up with this special journal, die-cut into the shape of Domu. The brown fur is a flocked material that resembles fur. It feels good. His mouth is enhanced with spot varnish, and two black plastic eyes are applied, giving the whole journal a 3D quality. Domo pops up unexpectedly on random interior blank pages.

Moravian Falls: The Fantastic Adventures of Dr. Domo M. R. Rodriguez,2021-12-31 Moravian Falls- The Fantastic Adventures Of Dr. Domo This is the story of an old man who is given special powers that he never asked for, and the adventures he encounters while trying to use them to save the people that are dear to him. It is 1965, and the beautiful Taino behique named Guabonito, finally meets with Dr. Domo again. She helped him thirty years earlier, when he was a young Navy diver, lying unconscious in a hospital bed in Puerto Rico, after an underwater attack by a menacing sea monster. While on a school trip to the Dominican Republic, she lures the professor away from his

university students and his wife. Guabonito, who is more than 500 years old, chooses Dr. Domo to share her powers of the heart. He must harness these new powers to find his wife, who has been kidnapped to another Earth in a different dimension, and to protect his grandson, Jani Domo, from the evil forces that are suddenly threatening his family. The clues are in the pouches with the two hundred twenty needles, and the adventures begin when he learns how to travel through the eye of each needle to exotic destinations. Many new characters are introduced in this incredible story, including the Taino Immortals, and the children brought by Sister Bernadette to the orphanage that Dr. Domo opens in North Carolina. Readers will enjoy discovering how Dr. Domo makes the pieces of the puzzle fit.
