

Don Hertzfeldt

Bill Plympton

The End of the World Don Hertzfeldt, 2019-10-01 From the imagination of legendary animator and two-time Oscar nominee Don Hertzfeldt comes a hilarious fever-dream vision of the apocalypse, now available in wide release for the first time since the rare original edition sold out. Created during sleepless nights while he worked on his animated films, *The End of the World* was illustrated entirely on Post-It notes over the course of several years, slowly taking shape from all the deleted scenes, bad dreams, and abandoned ideas that were too strange to make it to the big screen, including essential early material that was later developed into the animated classic *World of Tomorrow*. Hertzfeldt's visually striking work transcends its unusual nature and taps into the deeply human, universal themes of mortality, identity, memory, loss, and parenthood . . . with the occasional monstrous biting eel descending from the sky.

The World History of Animation Stephen Cavalier, 2011 Lavishly illustrated and encyclopedic in scope, *The World History of Animation* tells the genre's 100-year-old story around the globe, featuring

key players in Europe, North America, and Asia. From its earliest days, animation has developed multiple iterations and created myriad dynamic styles, innovative techniques, iconic characters, and memorable stories. Stephen Cavalier's comprehensive account is organized chronologically and covers pioneers, feature films, television programs, digital films, games, independent films, and the web. An exhaustive time line of films and innovations acts as the narrative backbone, and must-see films are listed along with synopses and in-depth biographies of individuals and studios. The book explains the evolution of animation techniques, from rotoscoping to refinements of cel techniques, direct film, claymation, and more. A true global survey, *The World History of Animation* is an exciting and inspirational journey through the large and still-expanding animation universe--a place as limitless as the human imagination. - A comprehensive international history of animation, featuring all genres, styles, media, and techniques - Features film, television, and web-based animation - Illustrated in full color throughout - Includes comprehensive biographies of leading practitioners

Mad Eyed Misfits Chris Robinson, 2022-03-31 One of the most stylistically original and provocative

writers in animation returns with this informal sequel to his previous books on indie animation, *Unsung Heroes of Animation* and *Animators Unearthed*. In this collection, award-winning writer Chris Robinson looks at a wide range of films and filmmakers, including cult favourites Don Hertzfeldt, Adam Elliot, Masaaki Yuasa, Wong Ping, Bruce Bickford, Jodie Mack, Rosto, Suzan Pitt, Clyde Henry and Cartoon Saloon. Eclectic, opinionated, passionate and personal, Robinson's writing will amuse, confuse, infuriate and enlighten while introducing readers to some of the most astonishing and important animation artists from around the world.

Directing Animation David B. Levy, 2010-11-02 Dave's book is a terrific collection of real stories from the animation world. Many of them are proof that a director needs to think with both sides of her or his brain. I don't think they teach this stuff in art school.---Brown Johnson, president, Nickelodeon Animation. *Directing Animation* is as much a book on management, leadership, and people skills as it is a book on animation. Any person leading a creative team in any field (or hoping to lead one someday) will be inspired and surprised by David Levy's keen analysis of the human side of the

business of directing animation.---Linda Simensky, vice president, children's programming, PBS The most comprehensive book on directing animation from one of the best writers in the business.---Bill Plympton, Oscar-nominated indie animation director Q: How many books on directing animation does it take to screw in a lightbulb? A: One---David Levy's! And if you read this funny and informative book, you'll learn how to get other people to screw in the lightbulbs For you---and love doing it!---Tom Warburton, TV animation director, creator, Cartoon Network's Codename: Kids Next Door Once again, David Levy has written a book that is an absolutely vital read to anyone interested in starting, or already in the midst of, a career making animated films. Levy has compiled essential information from the industry's top talents, as well as the independent filmmaking community, telling it like it is and offering strong advice from decades of practical experience. A must-have!---Jerry Beck, coeditor of CartoonBrew.com and author of The 100 Greatest Looney Tunes Cartoons Both experienced and aspiring animation professionals will find Directing Animation a comprehensive and entertaining guide to understanding the director's creative role in managing the entire animation process. An animation

director doesn't simply direct animation. He or she directs people who animate and must be equally able to relate to the crew, producers, writers, creators, and clients. In addition to over eighty photographs and illustrations, *Directing Animation* includes insider tips and firsthand experiences from animators, directors, and producers, revealing the best ways to manage the production process while creating a workplace that is both efficient and fun.

Crisis Zone Simon Hanselmann, 2021-08-10 In March 2020, as the planet began to enter lockdown, acclaimed cartoonist Simon Hanselmann decided that what the world needed most was free, easily accessible entertainment, so he set out to make the greatest webcomic ever created! The result is also certain to be one of the most acclaimed and eagerly anticipated graphic novels of 2021. As the Covid-19 pandemic continued to escalate far beyond any reasonable expectations, *Crisis Zone* escalated right alongside, in real time, with daily posts on Instagram. *Crisis Zone's* battle mission was to amuse the masses: no matter how horrible and bleak everything seemed, at least Werewolf Jones wasn't in your house! Over the course of 2020, *Crisis Zone* has amassed unprecedented amounts of

new fans to the Megg and Mogg universe and is presented here, unabridged and uncensored, with a slew of added pages and scenes deleted from the webcomic, as well as an extensive “Director’s Commentary” from Hanselmann himself.

Hyperbole and a Half Allie Brosh, 2013-10-29 #1 New York Times Bestseller “Funny and smart as hell” (Bill Gates), Allie Brosh’s *Hyperbole and a Half* showcases her unique voice, leaping wit, and her ability to capture complex emotions with deceptively simple illustrations. FROM THE PUBLISHER: Every time Allie Brosh posts something new on her hugely popular blog *Hyperbole and a Half* the internet rejoices. This full-color, beautifully illustrated edition features more than fifty percent new content, with ten never-before-seen essays and one wholly revised and expanded piece as well as classics from the website like, “The God of Cake,” “Dogs Don’t Understand Basic Concepts Like Moving,” and her astonishing, “Adventures in Depression,” and “Depression Part Two,” which have been hailed as some of the most insightful meditations on the disease ever written. Brosh’s debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or

snob laugh. We dare you not to. FROM THE AUTHOR: This is a book I wrote. Because I wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn't me wrote it—but I soon discovered that I'm not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars* Stories about dogs The secret to eternal happiness* *These are lies. Perhaps I have underestimated my sneakiness!

Parasite Bong Joon Ho, 2020-05-19 Discover the illustrations that inspired the historic, OSCAR®-winning film's every shot in this graphic novel drawn by Director Bong Joon Ho himself. So metaphorical: With hundreds of mesmerizing illustrations, *Parasite: A Graphic Novel in Storyboards* is a behind-the-scenes glimpse at the making of one of the best films in years and a brand-new way to experience a global phenomenon. As part of his unique creative process, Director Bong Joon Ho

storyboarded each shot of PARASITE prior to the filming of every scene. Accompanied by the film's dialogue, the storyboards he drew capture the story in its entirety and inspired the composition of the film's every frame and scene. Director Bong has also written a foreword and provided early concept drawings and photos from the set, which take the reader even deeper into the vision that gave rise to this stunning cinematic achievement. Director Bong's illustrations share the illuminating power of his writing and directing. The result is a gorgeous, riveting read and a fresh look at the vertiginous delights and surprises of Bong Joon Ho's deeply affecting, genre-defying story.

Sick Little Monkeys: The Unauthorized Ren & Stimpy Story Thad Komorowski, The all-time greatest TV cartoon's psychotic saga! In the 1990s animation boom, The Ren & Stimpy Show stood supreme. Animation's most talented and disturbed artists created an entity for the Nickelodeon cable network that pulled the art form out of a 25-year rut. The world has never been quite the same since, and we're eternally grateful! Now you too can join the rollercoaster ride that is the fascinating, insane real-life story of art, money, and ego that gave birth to Ren Höek and Stimpson J. Cat. History Eraser

Buttons need not apply. No stone has been unturned, no magic nose goblin unpicked, in this extensively detailed history of the show that defined a generation and changed an entire medium. Fully revised and bursting with new information, interviews, and illustrations, it's everything you wanted to know about Ren & Stimpy—but were afraid to ask! A compelling cautionary tale of rags to riches success in Hollywood. Thad Komorowski's book documents the entire story behind Nickelodeon's first cartoon hit, *The Ren & Stimpy Show*, utilizing extensive interviews with the program's key players, justifying the show's important role in the recent history of animation. A great read. — Jerry Beck, animation historian and author, proprietor of CartoonResearch.com Animation is a collaborative art form. When inspiration and enthusiasm are ignited among a group of gifted men and women, the results redefine the medium and hold audiences enthralled. In *Sick Little Monkeys*, Thad Komorowski explores the genesis of Nickelodeon's groundbreaking *Ren & Stimpy Show* and details how the talents, passions, and united vision of a once in a lifetime gathering of artists created, and ultimately ended, a cartoon classic. — Paul Dini, animation and comic book writer, author of *Dark Night: A True Batman*

Story

Becoming Steve Jobs Brent Schlender, Rick Tetzeli, 2015-03-24 The #1 New York Times

bestselling biography of how Steve Jobs became the most visionary CEO in history. Becoming Steve Jobs breaks down the conventional, one-dimensional view of Steve Jobs that he was half-genius, half-jerk from youth, an irascible and selfish leader who slighted friends and family alike. Becoming Steve Jobs answers the central question about the life and career of the Apple cofounder and CEO: How did a young man so reckless and arrogant that he was exiled from the company he founded become the most effective visionary business leader of our time, ultimately transforming the daily life of billions of people? Drawing on incredible and sometimes exclusive access, Schlender and Tetzeli tell a different story of a real human being who wrestled with his failings and learned to maximize his strengths over time. Their rich, compelling narrative is filled with stories never told before from the people who knew Jobs best, including his family, former inner circle executives, and top people at Apple, Pixar and Disney, most notably Tim Cook, Jony Ive, Eddy Cue, Ed Catmull, John Lasseter, Robert Iger and

many others. In addition, Schlender knew Jobs personally for 25 years and draws upon his many interviews with him, on and off the record, in writing the book. He and Tetzeli humanize the man and explain, rather than simply describe, his behavior. Along the way, the book provides rich context about the technology revolution we've all lived through, and the ways in which Jobs changed our world. A rich and revealing account, *Becoming Steve Jobs* shows us how one of the most colorful and compelling figures of our times was able to combine his unchanging, relentless passion with an evolution in management style to create one of the most valuable and beloved companies on the planet.

Animation Sketchbooks Laura Heit, 2013-07-23 In *Animation Sketchbooks*, fifty of the leading contemporary talents working in independent animation offer a glimpse into their private sketchbooks. During the conceptual stages of their projects, these groundbreaking and award-winning artists employ a variety of mediums to exercise their creativity, including pencil, paint, collage, puppetry, and photography. Each artist shares a selection of their craft along with personal insights into their

influences and the artistic processes behind their unique sketches, character studies, storyboards, and doodles. The range of visions and techniques on display provide endless inspiration and allow a rare insight into the scope of the animator's art.

The Education of Little Tree Forrest Carter, 2001-08-31 The Education of Little Tree has been embedded in controversy since the revelation that the autobiographical story told by Forrest Carter was a complete fabrication. The touching novel, which has entranced readers since it was first published in 1976, has since raised questions, many unanswered, about how this quaint and engaging tale of a young, orphaned boy could have been written by a man whose life was so overtly rooted in hatred. How can this story, now discovered to be fictitious, fill our hearts with so much emotion as we champion Little Tree's childhood lessons and future successes? The Education of Little Tree tells with poignant grace the story of a boy who is adopted by his Cherokee grandmother and half-Cherokee grandfather in the Appalachian Mountains of Tennessee during the Great Depression. "Little Tree," as his grandparents call him, is shown how to hunt and survive in the mountains and taught to respect

nature in the Cherokee Way—taking only what is needed, leaving the rest for nature to run its course. Little Tree also learns the often callous ways of white businessmen, sharecroppers, Christians, and politicians. Each vignette, whether frightening, funny, heartwarming, or sad, teaches our protagonist about life, love, nature, work, friendship, and family. A classic of its era and an enduring book for all ages, *The Education of Little Tree* continues to share important lessons. Little Tree’s story allows us to reflect on the past and look toward the future. It offers us an opportunity to ask ourselves what we have learned and where it will take us.

Animators Unearthed Chris Robinson, 2010-06-03

Antkind Charlie Kaufman, 2021-07-06 The bold and boundlessly original debut novel from the Oscar®-winning screenwriter of *Being John Malkovich*, *Adaptation*, *Eternal Sunshine of the Spotless Mind*, and *Synecdoche, New York*. **LOGLISTED FOR THE CENTER FOR FICTION FIRST NOVEL PRIZE** • “A dyspeptic satire that owes much to Kurt Vonnegut and Thomas Pynchon . . . propelled by Kaufman’s deep imagination, considerable writing ability and bull’s-eye wit.—The Washington Post “An

astounding creation . . . riotously funny . . . an exceptionally good [book].”—The New York Times Book Review • “Kaufman is a master of language . . . a sight to behold.”—NPR NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND MEN’S HEALTH B. Rosenberger Rosenberg, neurotic and underappreciated film critic (failed academic, filmmaker, paramour, shoe salesman who sleeps in a sock drawer), stumbles upon a hitherto unseen film made by an enigmatic outsider—a film he’s convinced will change his career trajectory and rock the world of cinema to its core. His hands on what is possibly the greatest movie ever made—a three-month-long stop-motion masterpiece that took its reclusive auteur ninety years to complete—B. knows that it is his mission to show it to the rest of humanity. The only problem: The film is destroyed, leaving him the sole witness to its inadvertently ephemeral genius. All that’s left of this work of art is a single frame from which B. must somehow attempt to recall the film that just might be the last great hope of civilization. Thus begins a mind-boggling journey through the hilarious nightmarescape of a psyche as lushly Kafkaesque as it is atrophied by the relentless spew of Twitter. Desperate to impose order on an increasingly nonsensical

existence, trapped in a self-imposed prison of aspirational victimhood and degeneratively inclusive language, B. scrambles to re-create the lost masterwork while attempting to keep pace with an ever-fracturing culture of “likes” and arbitrary denunciations that are simultaneously his *bête noire* and his *raison d’être*. A searing indictment of the modern world, *Antkind* is a richly layered meditation on art, time, memory, identity, comedy, and the very nature of existence itself—the grain of truth at the heart of every joke.

Heavy Weather Bruce Sterling, 2020-08-11 A near-future eco-thriller from the bestselling author of *Schismatrix Plus* and *The Difference Engine*. The Storm Troupers are a group of weather hackers who roam the plains of Texas and Oklahoma, hopped up on adrenaline and technology. Utilizing virtual reality, flying robots, and all-terrain vehicles, they collect data on the extreme storms ravaging an America decimated by climate change. But even their visionary leader can’t predict the danger on the horizon when a volatile new member joins their ranks and faces a trial by fire: a massive tornado unlike any the world has seen before. “A remarkable and individual sharpness of vision . . . Sterling

hacks the future, and an elegant hack it is.” —Locus “Lucid and tremendously entertaining. Sterling shows once more his skills in storytelling and technospeak. A cyberpunk winner.” —Kirkus Reviews “So believable are the speculations that . . . one becomes convinced that the world must and will develop into what Sterling has predicted.” —Science Fiction Age “A very exciting coming-of-age story in a wild future America . . . What’s it got? Cyberpunk attitude, genuine humor, nanotechnology, minimal sex but some cool medications and very big weather systems.” —SFReviews.net “Brilliant . . . Fascinating . . . Exciting . . . A full complement of thrills.” —The New York Review of Science Fiction

Guillermo del Toro's The Devil's Backbone Matt Zoller Seitz, Simon Abrams, 2017-11-28 Explore the creation of Guillermo del Toro’s early masterpiece through this visually stunning and insightful look at the spine-chilling classic. Released in 2001, Guillermo del Toro’s *The Devil’s Backbone* announced the director as a singular talent with a unique ability to mix the macabre with the sublime. A spiritual companion piece to his Oscar-winning *Pan’s Labyrinth* (2006), the film shares similar themes and is also set against the backdrop of the Spanish Civil War, a brutal conflict that turned ordinary men into

monsters. Through a series of in-depth and extremely candid interviews with the director, this deluxe volume not only explores the shooting of the film but also delves into a range of other topics with del Toro, including his influences, his uniquely nuanced approach to filmmaking, and the traumatic personal events that colored the creation of *The Devil's Backbone*. The book also draws on interviews with key contributors in the film's creation, including cinematographer Guillermo Navarro and composer Javier Navarrete, to give readers an exclusive, behind-the-scenes look at how this gothic horror masterpiece was crafted. Featuring a wealth of exquisite concept art and rare unit photography, Guillermo del Toro's *The Devil's Backbone* is the ultimate behind-the-scenes look at an unforgettable Spanish-language classic.

The Sober Lush Amanda Eyre Ward, Jardine Libaire, 2020-06-02 A sober hedonist's guide to living a decadent, wild, and soulful life--alcohol-free. In a culture where sipping rosé all day is seen as the epitome of relaxation, grabbing a drink the only way to network; and meeting at a bar the quintessential first date, many of us are left wondering if drinking alcohol really is the only way to

cultivate joy and connection in life. Jardine Libaire and Amanda Eyre Ward wanted to live spontaneous and luxurious lives, to escape the ordinary and enjoy the intoxicating. Their drinking, however, had started to numb them to the present moment instead of unlocking it. Ward was introduced to Libaire when she first got sober. As they became friends, the two women talked about how they yearned to create lives that were Technicolor, beautifully raw, connected, blissed out, and outside the lines . . . but how? In *The Sober Lush*, Libaire and Ward provide a road map for living a lush and sensual life without booze. This book offers ideas and instruction for such nonalcoholic joys as: • The allure of the Vanish, in which one disappears early from the party without saying goodbye to a soul, to amble home under the stars • The art of creating zero-proof cocktails for all seasons • Having a fantastic first date while completely sober • A primer on setting up your own backyard beehive, and honey tastings For anyone curious about lowering their alcohol consumption or quitting drinking altogether, or anyone established in sobriety who wants inspiration, this shimmering and sumptuous book will show you how to keep indulging in life even if you stop indulging in alcohol.

Make Toons That Sell Without Selling Out Bill Plympton, 2022-01-26 The King of Independent Animation has returned with this 10th anniversary edition of *Make Toons That Sell Without Selling Out*. Delve into the secrets behind creating poignant indie animation without compromising or sacrificing your own ideals and visions. World-renowned animator, author, and Academy Award-nominated Bill Plympton will help guide you in how to make a career in animation. With time-saving techniques, secrets on crafting a good narrative, and more, Plympton will teach you how to breathe life into your own animated films. By studying and deconstructing his lessons from his own works and styles, you too will be able to carve out a career in animation without betraying yourself.

Watch My Smoke Eric Dickerson, Greg Hanlon, 2022-01-18 His style was iconic, and vintage '80s: aviator goggles, Jheri curls, neck roll, boxy pads. Eric Dickerson is the greatest player in Los Angeles Rams history and the NFL's single season record holder for most rushing yards. In 2019, Dickerson was named to the National Football League's 100th Anniversary All-Time Team. With an elegant upright running style that produced some of football's most-watched highlights, it was said he was so

smooth you couldn't hear his pads clack as he glided past you. But during his Hall of Fame career, his greatness was often overshadowed by his contentious disputes with Rams management about his contract. In the pre-free agency era, tensions over his exploitative contract often overshadowed his accomplishments. What's his problem? went the familiar refrain from the media. Can't he just shut up and run? It's time to reexamine how Eric Dickerson was portrayed. For the first time, he's telling his story. And he's not holding anything back.

Movies Are Prayers Josh Larsen, 2017-06-13 Movies are our way of telling God what we think about this world and our place in it. . . . Movies can be many things: escapist experiences, historical artifacts, business ventures, and artistic expressions, to name a few. I'd like to suggest that they can also be prayers. Movies do more than tell a good story. They are expressions of raw emotion, naked vulnerability, and unbridled rage. They often function in the same way as prayers, communicating our deepest longings and joys to a God who hears each and every one. In this captivating book, Filmspotting co-host Josh Larsen brings a critic's unique perspective to how movies function as

expressions to God of lament, praise, joy, confession, and more. His clear expertise and passion for the art of film, along with his thoughtful reflections on the nature of prayer, will bring you a better understanding of both. God's omnipresence means that you can find him whether you're sitting on your sofa at home or in the seats at the theater. You can talk to him wherever movies are shown. And when words fail, the perfect film might be just what you need to jump-start your conversations with the Almighty.

Re-Imagining Animation: The Changing Face of the Moving Image Paul Wells, Johnny

Hardstaff, 2008-10-14 What's new in animation? Find out! * Works from artists, animators, film-makers, scholars, archivists * Ideal for serious students of film making and animation In this detailed look at animation today, a series of intriguing case studies are explored from production to final outcome. Each one is considered in terms of meaning, purpose, and effect, then put into context as part of today's animation culture. Hundreds of illustrations make it easy to follow experimental work from script to screen, exploring the intersections between animation, film, graphic design, and art. With

insights from leading U.K. authors on animation, as well as Oscar-winning animators, artists, film makers, scholars, and archivists, Re-Imagining Animation offers the definitive look at animation today.

The Top Books of the Year Don Hertzfeldt The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. Don Hertzfeldt : Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Don Hertzfeldt : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and

self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young

woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
