*Acuity* Kendall Donar,2016-03-17 Covering a vast array of experiences, contemplations & conversations, *Acuity* brings the reader behind the eyes of the author. Allowing them to access and assess his perspective; this collection of pieces combine to pursue and reveal that interconnecting thread of humanity which is ever present within us all. I lived this book before I wrote it. All the roads I've traveled from the point I began to walk to present day helped shape and mold me into the man I am today. In writing this book, that truth became more evident than ever before. Ultimately, I was always my Father's Son. There is no higher praise. - Kendall Donar *Acuity* is Kendall Donar's 1st book of poetry. It is dedicated to both his Father & Mother; Ronald & Linda Donar.

**Tru64 UNIX-Oracle9i Cluster Quick Reference** Tim Donar,2002 The Tru64 UNIX-Oracle9i Cluster Quick Reference meets the needs of Tru64 UNIX system administrators everywhere. When a new UNIX server arrives, the sys adm installs and configures everything, using a wide variety of available books. The required information is not available in just one handy reference source. The relevant commands are now documented with clear examples without including every single option for every single command and it contains specifics on Oracle. The Oracle documentation has minimal information on specific platforms and most of the current documentation is not platform specific at all. This text covers only the most common practices and examples, so the task is greatly simplified.

*The Mythology of the Aryan Nations* George William Cox,1870

*Pagan Portals - Thor* Morgan Daimler,2020-03-27 Thor is an immensely popular God but also one of contradictions, whose complexity is sometimes underrated. Often depicted as oafish, he was clever enough to outwit the dwarf Alvis (All-wise). A god of storms and thunder, he brought fertility and blessed brides at weddings and although a defender of civilization and order, he usually travelled with a trickster deity. *Pagan Portals - Thor* is an introductory book that examines both history and mythology, untangling older beliefs from modern pop-culture.

Illustrated Lexicon of Germanic Deities Gunivortus Goos,2022-10-26 This lexicon of Germanic deities fills a gap in its branch. It introduces goddesses and gods of Germanic peoples in the form of a lexicon. These are names of deities in inscriptions from Roman times, as well as deities from mostly medieval literary works from Iceland and Scandinavia, and goddesses and gods that are mentioned

only in sources of later times, where the gathered collection of folk tales from the Renaissance on plays an important role. The quality of these sources varies greatly, all have their shortcomings and leave many questions unanswered. Regardless, this lexicon tries to explain all this as good as possible ... unambiguously and critically. The longer introductory chapter plays a central role in classifying and evaluating the provided information.

Votan John James,2014-06-12 In the second century AD, a Greek nobleman is travelling and living abroad in Germany while carrying on an affair with a military man's wife. When discovered, he takes an emergency business trip to save his life and packs amongst his belongings certain items that lead the people he encounters to think him a Norse God, a fortuitous point of view which he does little to dispel. Forced to keep up the pretence of being a god while staying one step ahead of his lover's jealous husband, Photinus must juggle the severity of his situation with the enjoyment of being a God.
