Life of Doodlebug Isaac B Allen,2023-12

Doodlebug Island William F. Jordan,2007 Through a series of illustrated vignettes, Doodlebug Island chronicles the lives of the slightly off-centered folks who live on the island's scenic shores. Separated from the rest of Arizona by the waters of Oak Creek, Doodlebug Island provides a haven for

the inhabitants and their eccentricities, which mix, clash and create a multitude of comical-and usually chaotic-situations. Written with a slightly acerbic but definitely humorous edge, Doodlebug Island challenges the status quo on a variety of issues and engages readers in the triumphs, trials and frustrations of its characters' daily lives.

Air-Launched Doodlebugs Peter C. Smith, 2007-04-13 The V 1, or Doodlebug or Flying-bomb came into use in June 1944 and, together with the V 2 Rocket, was Hitler's final hope in face of the advancing Allied forces sweeping across Europe towards Germany. Of the 8,000 that were launched within the first 80 days, some 2,300 reached the London area where they caused more death and destruction to its population and buildings. As the front line moved eastwards, many of the ground-based launch ramps became denied to the German forces and the modest range of the missile meant that other means of launching must be considered to continue the threat. An air-launching system, utilizing the Luftwaffe's Heinkel 111 bomber, was developed and operated by the newly formed Kampfgeschwader units. This posed a dramatic new threat to the UK because the V 1's effective range

was considerably increased and its mobile firing point offered a much greater target area when fired from an aircraft flying over the North Sea. This is the story of the development and operation of this new form of attack and also of the Allied reaction and defense-measures taken to minimize damage.

Doodlebug Larry Fangman,Wahoo High School Students,2001-07 These award winning plays were written by Wahoo High School students for the Lincoln (Nebraska) Community Playhouse's, Enersen Playwriting Contest. One of the sixteen plays, Kate Decoste's, Until My Last Breath, is about a girl coping with AIDS after one sexual encounter over summer vacation. Another selection, Amanda Hall and Melissa Swanson's, A Gorilla's Way of Wagging Its Tail, is about five friends visiting a Gypsy. As she predicts the future and reveals secrets buried in the past, the kids learn that everyone's future

starts with today's decisions. In Ian Richmond's, *The Kids Are All Right*, a group of friends write poems and share them with their friends in order to deal with their feelings, express their ideas, and survive family problems. As they try to figure out God and their place in the world, their friendship and poetry allows them to believe that, at least for another day, they will be all right! This book brings together in one place, for the first time, the three Wahoo High School plays that captured first prize in the Enersen Playwriting Contest: *Until My Last Breath*, by Kate DeCoste, *The Locket*, by Peggy Sharp, and *An Identical Stranger*, by Megan Rezac. As you read this book, you will discover the joy of young writers finding their voice for the first time.
