

Doom

Bethesda Softworks, ID SOFTWARE

Masters of Doom David Kushner,2003-04-24 Masters of Doom is the amazing true story of the Lennon and McCartney of video games: John Carmack and John Romero. Together, they ruled big business. They transformed popular culture. And they provoked a national controversy. More than anything, they lived a unique and rollicking American Dream, escaping the broken homes of their youth to co-create the most notoriously successful game franchises in history—Doom and Quake—until the games they made tore them apart. Americans spend more money on video games than on movie tickets. Masters of Doom is the first book to chronicle this industry's greatest story, written by one of the medium's leading observers. David Kushner takes readers inside the rags-to-riches adventure of two rebellious entrepreneurs who came of age to shape a generation. The vivid portrait reveals why their games are so violent and why their immersion in their brilliantly designed fantasy worlds offered them solace. And it shows how they channeled their fury and imagination into products that are a formative influence on our culture, from MTV to the Internet to Columbine. This is a story of friendship and betrayal, commerce and artistry—a powerful and compassionate account of what it's like to be young, driven, and wildly creative. "To my taste, the greatest American myth of cosmogenesis features the maladjusted, antisocial, genius teenage boy who, in the insular laboratory of his own bedroom, invents the universe from scratch. Masters of Doom is a particularly inspired rendition. Dave Kushner chronicles the saga of video game virtuosi Carmack and Romero with terrific brio. This is a page-turning, mythopoeic cyber-soap opera about two glamorous geek geniuses—and it should be read while scarfing down pepperoni pizza and swilling Diet Coke, with Queens of the Stone Age cranked up all the way."—Mark Leyner, author of *I Smell Esther Williams*

Doom Niall Ferguson,2021-05-04 All disasters are in some sense man-made. Setting the annus horribilis of 2020 in historical perspective, Niall Ferguson explains why we are getting worse, not better, at handling disasters. Disasters are inherently hard to predict. Pandemics, like earthquakes, wildfires, financial crises. and wars, are not normally distributed; there is no cycle of history to help us anticipate the next catastrophe. But when disaster strikes, we ought to be better prepared than the Romans were when Vesuvius erupted, or medieval Italians when the Black Death struck. We have science on our side, after all. Yet in 2020 the responses of many developed countries, including the United States, to a new virus from China were badly bungled. Why? Why did only a few Asian countries learn the right lessons from SARS and MERS? While populist leaders certainly performed poorly in the face of the COVID-19 pandemic, Niall Ferguson argues that more profound pathologies were at work--pathologies already visible in our responses to earlier disasters. In books going back nearly twenty years, including *Colossus*, *The Great Degeneration*, and *The Square and the Tower*, Ferguson has studied the foibles of modern America, from imperial hubris to bureaucratic sclerosis and online fragmentation. Drawing from multiple disciplines, including economics, cliodynamics, and network science, Doom offers not just a history but a general theory of disasters, showing why our ever more bureaucratic and complex systems are getting worse at handling them. Doom is the lesson of history that this country--indeed the West as a whole--urgently needs to learn, if we want to handle the next crisis better, and to avoid the ultimate doom of irreversible decline.

The Legal Code of Ælfred the Great Great Britain,1893

DOOM Dan Pinchbeck,2013-06-18 In December 1993, gaming changed forever. id Software's seminal shooter DOOM was released, and it shook the foundations of the medium. Daniel Pinchbeck brings together the complete story of DOOM for the first time. This book takes a look at the early days of first-person gaming and the video game studio system. It discusses the prototypes and the groundbreaking technology that drove the game forward and offers a detailed analysis of gameplay and level design. Pinchbeck also examines DOOM's contributions to wider gaming culture, such as online multiplayer and the modding community, and the first-person gaming genre, focusing on DOOM's status as a foundational title and the development of the genre since 1993. Pinchbeck draws extensively from primary data: from the game itself, from the massive fan culture surrounding the title, and from interviews with the developers who made it. This book is not only the definitive work on DOOM but a snapshot of a period of gaming history, a manifesto for a development ethos, and a celebration of game culture at its best.

Game Engine Black Book: DOOM Fabien Sanglard, It was early 1993 and id Software was at the top of the PC gaming industry. Wolfenstein 3D had established the First Person Shooter genre and sales of its sequel Spear of Destiny were skyrocketing. The technology and tools id had taken years to develop were no match for their many competitors. It would have been easy for id to coast on their success, but instead they made the audacious decision to throw away everything they had built and start from scratch. *Game Engine Black Book: Doom* is the story of how they did it. This is a book about history and engineering. Don't expect much prose (the author's English has improved since the first book but is still broken). Instead you will find inside extensive descriptions and drawings to better understand all the challenges id Software had to overcome. From the hardware -- the Intel 486 CPU, the Motorola 68040 CPU, and the NeXT workstations -- to the game engine's revolutionary design, open up to learn how DOOM changed the gaming industry and became a legend among video games.

Shadows of Doom Ed Greenwood,2011-11-08 When the gods are stripped of their powers, Elminster must carry the weight of Mystra's magic upon his mortal shoulders It was the eve of the Time of Troubles. The chaos of spilled blood, lawless strife, monsters unleashed, and avatars roaming Faerûn was still to come. Unbeknownst to mortals, the gods had been summoned together—and among them was Mystra, grown proud and willful in the passing eons. With the others, she was about to be stripped of her godhood. The secret of her power gave her an idea. She made certain preparations, looking always for one who would be her successor . . . But until that person's ascension, her power must be preserved. A lone mortal must carry the greater share of her divine energy until the power could be reclaimed, and it was the fate of this mortal to risk being destroyed or driven wild, involuntarily and without warning. This was the occasion of Elminster's Doom.

Knee-Deep in the Dead Dafydd ab Hugh,Brad Linaweaver,2016-08-08 From two Nebula nominees—the first novel in a terrifying space epic based on the classic game featuring Marine Corporal Flynn Taggart . . . The Gates were there on Phobos when mankind first arrived. Inert, unyielding, impossibly alien constructs, for twenty years they sat lifeless, mute testaments to their long-vanished creators, their secrets hidden. Then one day, they sprang to life . . . Meet Corporal Flynn Taggart, United States Marine Corps; serial number 888-23-9912. He's the best warrior the twenty-first century has to offer, which is a damn good thing. Because Flynn Taggart is all that's standing between the hell that just dropped in on Mars and an unsuspecting planet Earth . . .

Fantastic Four ,2007-01-17 Presents the adventures of the Fantastic Four's battles with their enemy Von Doom.

Doom John Shirley,2005-10-28 Far in the future...an urgent distress signal is received from a classified Union Aerospace Corporation research facility based on Olduvai, Mars -- and is suddenly silenced. Assigned to either

contain or quarantine the mysterious threat, a crack strike team comprised of the most hard-bitten marines around believes that this will be another routine seek-and-destroy mission. But they will soon come face-to-face with the hellish nightmares that the researchers' unorthodox experiments have unleashed on Olduvai -- a place where doom is waiting....

The Art of DOOM: Eternal Bethesda Softworks, ID SOFTWARE, 2020-03-24 A full-color digital art book containing concept art and commentary from the development of DOOM Eternal, the next entry in the iconic first-person shooter series. The newest chapter in the quintessential game franchise from id Software is here. Witness DOOM Eternal! This epic volume explores the art and development of the hotly anticipated sequel to the 2016 Game Award-winner for Best Action Game! Explore the twisted demonic invasion of Earth, the cultist UAC facilities, and plunge into otherworldly and unknown locations new to the DOOM universe. Admire the dangerous glimmering edges of the Slayer's arsenal and armor. Examine the ancient designs and breeds of Hell's soldiers and lords--all in gloriously designed full color images straight from the files of the game's artists themselves! Dark Horse Books and id Software join forces to present The Art of DOOM Eternal, encompassing every detail you've come to love from DOOM!

Doom 3: Worlds on Fire Matthew Costello, 2008-02-26 The year is 2144...and the battle over Earth's precious resources has raged for a century. With global economies in ruins and all-out world war more than a possibility, the U.S government turned to the Union Aerospace Corporation, giving it carte blanche on the legendary red planet of Mars in a desperate bid to construct an off-world outpost that might provide resources, a military advantage...as well as something so secret that even members of government don't have a clue about it.... Special Ops Marine Lieutenant John Kane was once a careerist simply glad to have a job, and couldn't care less about politics just as long as Uncle Sam's check cleared. But that was before he listened to his conscience and disobeyed a direct order. Busted down to private, Kane has been reassigned to the U.S. Space Marines -- the private army of the UAC -- with the prospect of becoming little more than a glorified security guard on Mars.... Now Lt. Kane's fate leads him to Mars City -- part environmental community, part lab center, and all owned and protected by the UAC. It's a strange world with a fatal environment, and the thousands who live and work within the city have already begun to think of themselves as Martians. And away from Mars City, at the strange ancient sites uncovered on the planet, a small squad of marines stand guard while scientists uncover wall glyphs and search for artifacts, having already found something that is so far amazing and inexplicable -- including the relic called U1, nicknamed the Soul Cube -- and unknown to all, the bringer of destructive chaos and unspeakable horror....

The Harrowing of Doom David Annandale, 2020-12-01 Our thrilling new line bringing new tales of Marvel's Super Heroes and villains begins with the infamous Doctor Doom risking all to steal his heart's desire from the very depths of Hell. Notorious villain Doctor Victor von Doom has finally found a solution for his oldest obsession: rescuing his mother's soul from the clutches of Hell. An alliance with the reclusive sage, Maria von Helm, has provided the key to Doom's latest invention. Fusing their super-science and sorcery, Doom has created the Harrower, a device that will open a rift and wrench his mother's soul from the netherworld. Back in the human world, however, rebel forces threaten to overrun Latveria and topple its dark leader -- and revolution couldn't come at a more dangerous time than when the gates of Hell itself have been unlocked

Tricks of the Doom Programming Gurus Steve Benner, 1995 This all-inclusive source for creating WAD, PWAD, and other files for use with DOOM covers the most popular utilities available. It also serves as a tutorial for creating a new world to play in DOOM. The CD contains all the utilities and programs necessary to customize and create new worlds for DOOM.

The Art of DOOM: Eternal Bethesda Softworks, ID SOFTWARE, 2020-03-24 Witness DOOM Eternal! This epic volume explores the art and development of the hotly anticipated sequel to the 2016 Game Award-winner for Best Action Game! Explore the twisted demonic invasion of Earth, the cultist UAC facilities, and plunge into the otherworldly and unknown locations new to the DOOM universe. Admire the dangerous glimmering edges of the Slayer's arsenal and armor. Dissect the chaotic viscera of Hell's soldiers and lords - all in gloriously designed full color images straight from the files of the game's artists themselves!

The Day of Doom Michael Wigglesworth, 1867

Prep For Doom ER Arroyo, Laura Albins, Amy Bartelloni, Brea Behn, Casey L. Bond, TK Carter, Kate Corcino, Harlow C. Fallon, Kelsey D. Garmendia, Caroline A. Gill, DelSheree Gladden, John Gregory Hancock, Casey Hays, Kate L. Mary, Jon Messenger, Monica Enderle Pierce, Cameo Renae, Hilary Thompson, Yvonne Ventresca, Megan White, 2015-06-18 From the imaginations of twenty authors of dystopian and post-apocalyptic fiction comes PREP FOR DOOM - an integrated collection of short stories that tell the tale of a single catastrophe as experienced by many characters, some of whom will cross paths. What begins with a seemingly innocuous traffic accident soon spirals into a global pandemic. The release of Airborne Viral Hemorrhagic Fever upon New York City's unsuspecting populace brings bloody suffering within hours, death within a day, and spreads worldwide within a month. An online community called Prep For Doom has risen to the top of a recent doomsday preparation movement. Some have written them off as crazy while others couldn't be more serious about the safety the preppers could provide in a global disaster. But when AVHF strikes, their preparation may not be enough to save them. From authors Laura Albins, ER Arroyo, Amy Bartelloni, Brea Behn, Casey L. Bond, TK Carter, Kate Corcino, Harlow C. Fallon, Kelsey D. Garmendia, Caroline A. Gill, DelSheree Gladden, John Gregory Hancock, Casey Hays, Kate L. Mary, Jon Messenger, Monica Enderle Pierce, Cameo Renae, Hilary Thompson, Yvonne Ventresca, and Megan White.
