Doom John Shirley,2005-10-28 Far in the future...an urgent distress signal is received from a classified Union Aerospace Corporation research facility based on Olduvai, Mars -- and is suddenly silenced. Assigned to either contain or quarantine the mysterious threat, a crack strike team comprised of the most hard-bitten marines around believes that this will be another routine seek-and-destroy mission. But they will soon come face-to-face with the hellish nightmares that the researchers' unorthodox experiments have unleashed on Olduvai -- a place where doom is waiting....

Conference Proceedings of The Philosophy of Computer Games 2008 Stephan Günzel,Michael Liebe,Dieter Mersch,2009 This first volume of the DIGAREC Series holds the proceedings of the conference The Philosophy of Computer Games", held at the University of Potsdam from May 8-10, 2008. The contributions of the conference address three fields of computer game research that are philosophically relevant and, likewise, to which philosophical reflection is crucial. These are: ethics and politics, the action-space of games, and the magic circle. All three topics are interlinked and constitute the paradigmatic object of computer games: Whereas the first describes computer games on the outside, looking at the cultural effects of games as well as on moral practices acted out with them, the second describes computer games on the inside, i.e. how they are constituted as a medium. The latter finally discusses the way in which a border between these two realms, games and non-games, persists or is already transgressed in respect to a general performativity.

The Kābôd of Yhwh in the Old Testament P. de Vries,2015-11-24 The peculiarity of Ezekiel is that kābôd is used almost exclusively as a hypostasis of YHWH. This study highlights the dual and paradoxical nature of the divine kābôd as both defying verbal description and being potentially visible.

Plains of the Past Ian Clark,2003-04 The exciting conclusion to the Elder Earth Saga that began in Prophecy of Shadows! The outcast warrior known as K'het tracks the immortal necromancer responsible for the murder of his mother and best friend. The old wizard has journeyed to the Plains of the Past, seeking to put an end to all living things on Elder Earth itself by reuniting the Geminus, one being of pure light, the other of pure shadow. The union of these exiled creatures will cause a cataclysm that would scorch the very heavens and leave all of Elder Earth a barren wasteland. K'het's path will take him through tests of the mind and body in a land where magical energies are still at play and legendary beasts still roam. K'het seeks the aid of allies in the elf kingdom of Tanglewood Forest. He will need their wisdom to catch the necromancer in time and face his destiny.

The 4D Printed Apocalypse Vlad Stoiculescu,2020-10-16 A rejected suicide application, an insight from the devil's image consultant, and the ramblings of the dog who wiped out humanity. In other words, a brief collection of endings, penned by the ones who made them happen. Affectionately dubbed by their author „corporate sci-fi", the stories in The 4D Printed Apocalypse are a blend of office humor, the absurd, and science fiction. While their genre may hit home with amateurs of magical realism and soft sci-fi fans, their topics will likely land on any conoisseur of the mundane. Penned between 2012 and 2016, these stories have never been officially published before, only reaching the awards and honorable mentions lists of a few UK and US competitions. Why now? Because the vanity of corporate life and tone-deaf songs of social media have reached their peak. And also, because the Apocalypse is slowly becoming a historical event.
