**Band on the Bus** Richard King,2017-07-03 When nine friends set out from England in 1969 to travel the world in a double-decker bus called 'Hairy Pillock', little did they know that they would become honorary citizens of Texas, hold the keys to New York, release a record in Australia, perform for the Shah and Empress of Iran, and appear on countless television and radio shows around the world. Their epic three-year journey, which began as a bet with the landlord of their local pub, took them across perilous roads through Europe to Iran and Afghanistan, through the Khyber Pass to Pakistan and India, then to Australia and, finally, the United States and Canada. Initially planning on getting work as export salesmen, they soon had to supplement their meagre funds by performing the folk songs they sang in the pubs back home, after which they achieved minor stardom as The Philanderers throughout Australia and the US. This light-hearted account follows the group on their trip across deserts and mountains, as they undertook an incredible expedition that would be impossible today.

**Double Decked Nature** Marleen Rita Duckhorn,2009-03-28 Now the dawn of her new book, Double-Decked Nature, has arrived. Like its sibling Red Daughters, Double-Decked Nature, also a collection of poems, is a twin in its purpose: to expose the inner workings of her mind's chosen topics coming from the expansion of the ever-inclusive and evolving consciousness she finds through life and meditation. The similarities she invents will hit home as she genuinely welcomes the reader along for the ride. The personality of the poet is the understated spirit that surrounds the work and lends much to its appeal. The topical range will astonish as well as the degree of her prolific style. There is a sense marked with the quality there will always be more poems to come. Show more Show less

**Crossing Continents with Top Deck** Trevor Carroll, 2018-12-01 Top Deck double deckers offered a revolutionary form of long-distance transport from the 70s to the 90s. The large British Loddekkas carried under-35s vast distances through SE Asia, the Middle East and Australia in a new innovative mode of no-frills adventure tourism. Taken on by Top Deck as a double decker bus driver in early 1977, Trevor Carroll conducted European tours for a year before he was set loose on his first overland tour, London to Kathmandu and return. A three-week dash to Kathmandu had the tour stumbling into the start of the civil war in Afghanistan mixing with a government crackdown and soldiers and tanks on the roads. Trevor describes his exciting and sometimes harrowing experiences on six overland trips as both driver and courier. Finally, he embarked on the massive 20-week Sydney to London tour in 1980 with its third and final leg aboard 'Casper' and its 20 occupants across India, Pakistan, Iran, Syria, Jordan, Israel, Turkey, Greece, Yugoslavia and Italy. The tour passed through 21 countries and covered 34,000 kilometres, conquering places where the buses' designers never meant it to go. Trevor met his future wife Hilde on tour, and they have now been married for 34 years. **Dessert First** Hallie Durand, 2012-07-24 Dessert Schneider has her very own personal style. But sometimes walking to the beat of her own drum means walking right into a heap of mischief, especially when it comes to the legendary family recipe (and Dessert's all-time favorite treat), Grandma Reine's Double-Decker Chocolate Bars. As the oldest in a rambunctious, restaurant-owning family, with a four-year-old sister who is going through a "phase" and two little brothers called "the Beasties," Dessert seems to be better at getting into trouble than getting out of it. And that's because for this eight-year-old, saying sorry is definitely not a piece o'cake!

The Routemaster Pocket-Book Matthew Jones, 2020-02-20 Nothing encapsulates the essence of London quite like the red double-decker Routemaster bus. Its iconic design, since its 1956 inception, has become as much a symbol of the capital as St Paul's or Tower Bridge. The design was revolutionary, drawing largely on the many innovative technological advances brought about by the development of aircraft during the Second World War. Boasting a lightweight, two-part sub frame assembly, independent front suspension, an automatic gearbox, power-hydraulic braking and power-steering, this truly modern machine was like nothing seen before in public transport. The Routemaster was specifically designed and constructed for service in the tough operating conditions of London and its suburbs. It served this vast area for nearly half a century and its utility and mechanical reliability made it a dependable workhorse for London Transport, leading to several refurbishments and life extensions before it was finally withdrawn from general service in 2005. Cherished by the public and tourists alike, it is a genuine classic and many heritage examples remain in working order – indeed, you can still hop on a Routemaster on parts of London's number 9 and 15 routes. This book is a delightful celebration of the Routemaster, using authentic material covering its exterior and interior design, technical aspects and operation, and illustrated with diagrams and line drawings throughout. There are sections on learning to be a bus driver (circa 1960), behind the scenes in a bus garage, reports and press releases on the first Routemasters, timetables and bus maps from 1956, instructions for drivers and conductors, and even a user's guide to the Gibson bus ticket machine for all aspiring 'clippies'. As Mayor of London Boris Johnson's 'new' Routemaster takes to the road it is a timely reminder of just how great the original was.
