Draconian Measures Don Perrin,Margaret Weis,2012-01-03 The regiment of draconian engineers featured in The Doom Brigade seek a safe haven for their precious cargo of young draconians. All they have to do is stay alive. Surely that shouldn't be too hard. But Commander Kang puzzles over a sinister mystery. Why are some of his men vanishing? Kang will have to use draconian measures to defeat his foes and save his race. They'd better be enough -- the fate of his entire race hangs in the balance.

Draconian New York Robert Sheckley,2014-04-01 The acclaimed author of The Alternative Detective returns with another twisting tale that “combines ironic wit with suspense to remarkable effect” (John le Carré). Though he was born in America, Hob Draconian feels much more at home on the sunny sands of Ibiza. But the easygoing life of this twenty-first century hippie is turned upside down when he learns that rented island refuge is about to be sold for redevelopment. In need of some quick cash to save his home, Hob returns to the Alternative Detective Agency—and boy do they have a job for him. Escorting an aspiring model from New York to Paris sounds like a delightfully easy way to make ten grand. If only he thought to ask why the gig pays so well. In short order, Hob finds himself embroiled in a criminal plot full of double crosses, From the very beginning of his career, Robert Sheckley was recognized by fans, reviewers, and fellow authors as a master storyteller and the wittiest satirist working in the science fiction field. Open Road is proud to republish his acclaimed body of work, with nearly thirty volumes of full-length fiction and short story collections. Rediscover, or discover for the first time, a master of science fiction who, according to the New York Times, was “a precursor to Douglas Adams.”

Draconian Consciousness Michael Kelly, 2012-08-03 Michael Kelly is a Draconian Initiate, a prophet of the Dragon of the Void. He is passionate about Runes and Wyrmes and the Mysteries that attend them. *Draconian Consciousness* is the fourth book in Michael Kelly's Draconian series, and is intended for advanced students. This is pre-eminently a book of 'doing', a practical manual of Work to be performed by the Initiate. It is a challenging and demanding curriculum which gives no quarter and pitilessly turns many cherished ideas and notions on their heads. This book was penned from the heart of the Void. It is deliberately full of the contradictions and about-faces that characterise the Abyss where time and space no longer exist. Where most occult books fail to deliver, there is REAL power here, use it at your own risk. The time has come for Apep, the Ancient Dragon, to swallow the Sun. Let the consciousness of the Dragon permeate your mind. You will never be the same again. NOTHING will ever be the same again.

Draconian Measures J. C. Owens, 2020-08-20 This unlikely love was going to be a battle from the start... The immortal Finnarians mate for life. They are fierce, protective, and dedicated to their mates. But what happens when that mate is not Finnarian at all, but a stubborn, fiery, extremely irritable Draconian who wants nothing to do with any Finnarian? Not even a prince like Sadan. Fortunately for Sadan, he is just as stubborn and far more persistent than this Draconian has ever had to deal with... And he has his eyes set on the fierce Draconian warrior. Graitaan is the last of his kind, the lone survivor of the Draconian warriors. Humans are too weak for him. Yet among the vast army, there is a group of Finnarians, tall, powerful, and full of magic. Their commander, Sadan, a Finnarian prince, has decided that Graitaan comes under his command. Graitaan has other ideas, especially when the prince seeks to claim him. Their conflict soon becomes a thing of legend in the army, but bit by bit, Sadan forces Graitaan to realize that there is something between them that cannot be denied. Graitaan will not give in without a fight, no matter what his desires might be. But this Finnarian prince is an implacable warrior, and now the battle has begun... Reader note: Previously released. Reader discretion advised: contains intense emotional

elements, gay fantasy romance, and male male love

The Draconian Quadrilogy Michael Kelly, 2014-03-16 This all-in-one volume contains all four core titles in Michael Kelly's series of Draconian initiatory manuals. In Apophis, a clear curriculum of Work based upon the Seven Heads of the Ancient Dragon is described in detail. In Ægishjálmur, this curriculum is interpreted using runes and Norse myth to create a rich and powerful manual of practical Work, using the myth of Sigurd and the Dragon

Fafnir as an initiatory model. *Dragonscales* contains a series of essays which considerably flesh out the themes of the two preceding titles. Finally, in *Draconian Consciousness*, Kelly delivers the most astonishing body blow of all, pushing the Work into experimental fields on the very fringe of the Abyss and beyond, treading in places where few have ever dared to go, but always with enthusiasm and a sense of mischief. These four titles contain materials which will keep you busy for many lifetimes to come.

Draconian Measures Ward Churchill, 1995

Armed Forces Special Power Act Dr. U C Jha, 2015-03-01 The Armed Forces Special Powers Act (AFSPA) has become one of the most controversial laws, both in India and the world. A few NGOs and human rights activists have described it as draconian, alleging that it gives the armed forces unrestricted power to 'arrest' without warrant, 'destroy property' and 'shoot to kill', besides providing them with complete immunity. The loud and continuous clamour against the Act has drawn the attention of various international organizations. The UN Special Rapporteur on Extrajudicial, Summary or Arbitrary Executions, Christof Heyns, has recently called for the repeal of the law, stating: "AFSPA allows the state to override rights. Such a law has no role in a democracy and should be scrapped." On the other hand, the armed forces hold that the AFSPA is necessary for tackling the growing menace of militancy and protecting their men from the unnecessary harassment caused by litigation. General V K Singh, the former chief of army staff and now a cabinet minister, has emphasized that the AFSPA is a 'functional requirement' of the armed forces. This is the first book in India not only to attempt a complete analysis of the various provisions of the AFSPA, but also to provide an insight into the legislative efforts of other democracies to meet the challenges of growing terrorism. It delves into cases of human rights violations in which members of the armed forces have been implicated, and at the same time, argues that it is equally important to safeguard the human rights of the members of the armed forces. In order to help find an amicable solution, the author makes a few recommendations for the consideration of the government and armed forces.

Draconian Peace Eileen Troemel, 2016-10-03 Racial tension has destroyed the relationship between the Draconians and the humans, leaving thousands of mixed breeds disenfranchised. Prejudice and suspicion mar the joining of Dewi Bradon, half and half, and Lord Lachlan Camdon until they learn to look past their race and trust in each other. As they begin to trust, changes ripple through society and expose rampant corruption and crime. Daughter of Hugh Bradon a human who caused the Draconian people embarrassment in the interstellar arena, Dewi Bradon lives in the squatters' camps to hide from her family and the Draconians. Half human and half Draconian, she fights to survive and stay out of the brothels. Son of the Lord whose grief caused anti-human laws, Lachlan Camdon, Draconian Lord, is willing to sacrifice taking a true mate to promote Draconians and gain entry to a lucrative trade alliance with the human race. Bias and prejudice have ripped Draconian and human relations apart for the last fifteen years but when Dewi is forced to become the mate of Lord Lachlan Camdon change ripples through their society. Corruptions and crime are profitable. Ridding their current society of the worst corruptions and crimes creates a storm of conflict with Dewi and Lachlan at the center of it all. Can they overcome their own prejudices to create a better society for their two kinds?

Draconian B. C. Durbin,2018-06-25 When a plane carrying a few Alaska State Troopers gets caught in a terrible storm, it crash lands on an island just far enough away from civilization that getting help will be difficult. The survivors must battle not only the wild elements, but each other. Since half of the people aboard are actually arrested criminals who don't want to go back to prison, the police have their work cut out for them as they try to uphold the law in the back country. Things get more complicated when Doris Osborne, a veteran law enforcement officer, battles her own demons as the incident continues on. As if that were not enough, a certain grizzly bear known for craving human flesh is roaming the island. When it smells the survivors, it will come hungry. Meanwhile, a hermit who left his past life behind is hunting the man eating bear for sport. Nothing goes as planned when you are trying to survive. And if the prisoners escape, that will make it all the much harder on the officers. This is the story of fate and philosophy from the eyes of men and women who are stuck in a harsh situation. How will they come out?
