*Virtual Cities: An Atlas & Exploration of Video Game Cities* Konstantinos Dimopoulos, 2020-11-10 Immerse yourself in 45 spectacularly imagined virtual cities, from Arkham City to Whiterun, in this beautifully illustrated unofficial guide. Spanning decades of digital history, this is the ultimate travel guide and atlas of the gamer imagination. Dimopoulos invites readers to share his vision of dozens of different gaming franchises like never before: discover Dimopoulos's Half-Life 2's City 17, Yakuza 0's Kamurocho, Fallout's New Vegas, Super Mario Odyssey's New Donk City, and many more. Each chapter of this virtual travel guide consists of deep dives into the history and lore of these cities from an in-universe perspective. Illustrated with original color ink drawings and—of course—gorgeous and detailed maps, readers can explore the nostalgic games of their youth as well as modern hits. Sidebars based on the author's research tell behind-the-scenes anecdotes and reveal the real-world stories that inspired these iconic virtual settings. With a combination of stylish original maps, illustrations, and insightful commentary and analysis, this is a must-have for video game devotees, world-

building fans, and game design experts.

**Virtual Cities** Konstantinos Dimopoulos, 2020-11-12 Virtual cities are places of often-fractured geographies, impossible physics, outrageous assumptions and almost untamed imaginations given digital structure. This book, the first atlas of its kind, aims to explore, map, study and celebrate them. To imagine what they would be like in reality. To paint a lasting picture of their domes, arches and walls. From metropolitan sci-fi open worlds and medieval fantasy towns to contemporary cities and glimpses of gothic horror, author and urban planner Konstantinos Dimopoulos and visual artist Maria Kallikaki have brought to life over forty game cities. Together, they document the deep and exhilarating history of iconic gaming landscapes through richly illustrated commentary and analysis. Virtual Cities transports us into these imaginary worlds, through cities that span over four decades of digital history across literary and gaming genres. Travel to fantasy cities like World of Warcraft's Orgrimmar and Grim Fandango's Rubacava; envision what could be in the familiar cities of Assassin's Creed's London and Gabriel Knight's New Orleans; and steal a glimpse of cities of the future, in Final Fantasy VII's Midgar and Half-Life 2's City 17. Within, there are many more worlds to discover – each formed in the deepest corners of the imagination, their immense beauty and complexity astounding for artists, game designers, world builders and, above all, anyone who plays and cares about video games.

**Legend of the Dragon Slayer** Jonathan Dorr, 2015-08-06 Who was the man in the

vision? Could he possibly be the legendary Dragon Slayer, whose coming the ancient prophets foretold long ago? As an evil empire gathers strength and dragons wake, time is running out. A secret order of knights searches for the Dragon Slayer to prepare him for his destiny. Meanwhile, dozens of slaves march across a scorching desert. One of them has a secret that may shed light on who the Dragon Slayer is-the same man the knights are searching for. This slave tells of two boys from warring nations who befriend each other after a peace treaty is signed. Even though Amaran is a commoner and Rallden is a prince, they become like brothers, and grow up together alongside the future princess Elle. But when tensions erupt between the enemy kingdoms, their friendship is put to the test-especially when Amaran falls in love with Elle, who is promised to Rallden. Amaran is torn between his duty to his own kingdom and his love for Elle, but the danger that finds him then is nothing but a stepping stone to his true destiny-a destiny that brings an ancient legend to the forefront of a battle between good and evil.

**Dark Souls. Beyond the Grave - Volume 1** Damien Mecheri,Sylvain

Romieu,2019-02-19 Story of a saga video games... If the Dark Souls series managed to seduce players and journalists, it was mainly by word of mouth. It was such a great success that Dark Souls 2 was named "Game of the Year" 2014 by the vast majority of gaming magazines and websites. To date, this saga is one of the most important in the gaming industry. The odd thing is that these games are well known for their difficulty and their cryptic universe. This publication narrates the epic success story, but also describes its gameplay

mechanics and its specific lore across more than 300 pages. Characters, plots and the scenario of the three Souls (Demon's Souls, Dark Souls and Dark Souls II) are deciphered by Damien Mecheri and Sylvain Romieu, who spent a long year studying these dense and enigmatic games down to the smallest detail. The serie Dark Souls and her spiritual father Demon's Souls will not have secrets for you anymore! EXTRACT In May 2014, Hidetaka Miyazaki succeeded Naotoshi Zin as president of FromSoftware, after the studio was purchased by Kadokawa Shoten. This was a highly significant promotion for the person who had led the company's most successful project, Dark Souls. And yet, he did not lose from view what had attracted him to the field: an insatiable creative drive. In spite of his new status within the studio, one of the conditions he requested and was granted was to remain creative director of his new project: Bloodborne. This allowed him to successfully design this spiritual successor to the first Souls game, while also assuming his new responsibilities. Given his drive to work and create, it is not surprising how quickly Miyazaki moved up through the ranks. ABOUT THE AUTHORS Passionate about films and video games, Damien Mecheri joined the writers team of Gameplay RPG in 2004, writing several articles for the second special edition on the Final Fantasy saga. He continued his work with the team in another publication called Background, before continuing the online adventure in 2008 with the site Gameweb.fr. Since 2011, he has come aboard Third Éditions with Mehdi El Kanafi and Nicolas Courcier, the publisher's two founders. Damien is

also the author of the book Video Game Music: a History of Gaming Music. For Third Éditions, he is actively working on the “Level Up” and “Année jeu vidéo” collections. He has also written or co-written several works from the same publisher: The Legend of Final Fantasy X, Welcome to Silent Hill: a journey into Hell, The Works of Fumito Ueda: a Different Perspective on Video Games and, of course, the first volume of Dark Souls: Beyond the Grave. Curious by nature, a dreamer against the grain and a chronic ranter, Sylvain Romieu is also a passionate traveler of the real and the unreal, the world and the virtual universes, always in search of enriching discoveries and varied cultures. A developer by trade, he took up his modest pen several years ago to study the characteristics and richness of the marvelously creative world of video games. He writes for a French video game site called Chroniques-Ludiques, particularly on the topic of RPGs, his preferred genre.

**Legend of the Dragon Slayer** Brandon Mull, 2021-05-04 The beautifully illustrated edition of the origin story of Dragonwatch--the #1 New York Times best-selling series--is an extraordinary collaboration between writer Brandon Mull and series illustrator Brandon Dorman. This exclusive volume also features a never-before-published dragon slayer genealogy, a detailed map of the Kingdom of Selona, and more than fifty full-color illustrations. In ancient times dragons were the ultimate threat to the rest of the mythical world. At the height of the Age of Dragons, it appeared that dragons might not only gain dominion over the magical races, but could potentially overrun

the nonmagical world as well. A group of specially-trained dragon slayers called Dragonwatch banded together to stand against the dragons. Together, these dragon slayers confined the majority of them to dragon sanctuaries. Legend of the Dragon Slayer is the illustrated story of the very first dragon slayer who took to battle. This epic legend comes to life with imaginatively rendered full-color illustrations. Powerful monsters have surrounded the Kingdom of Selona. A naïve and unlikely hero named Konrad, the cobbler's son, accepts the king's challenge to defeat the monsters: fierce yeti, a merciless vampire, a dangerous gorgon, and a deadly phoenix. Even still, Selona's biggest threat will come from the Dragon, and it will take every ounce of wit and experience that Konrad's acquired to stand a chance against such a formidable foe. Legend of the Dragon Slayer is a stand-alone tale of valor, destiny, and magic sure to reward fantasy lovers.

**Dragon Slayer: Beginnings** Carey Green, 2014-03-10 Dragons have been forgotten, relegated to the realm of legend and myth. But tales of horror circulate among the common people. Rumors of their attacks float on the night

wind. They are a fearsome presence that haunts the memories of the old and the nightmares of the young. They are forgotten, but they are not gone. The dragon masters wait, a dark force lurking in the shadows of every land. They will have their opportunity. They will rise. A young boy is stripped violently from his family and thrust into the conflict between dragon masters and feudal lords. Through tragedy and loss Hon is swept into the conflict while battling the fear and pain that grips his own soul. Dragon Slayer: Beginnings is a story of life and the growth of faith in the midst of loss. It's about the battle every person goes through to become more than their past has destined them to be. He is the first. He will be the best. He is the Dragon Slayer. a note from the author I'm continually amazed at the grace of God that He's enabled me to write this novel. I've always had a great desire to write and as a youngster I read a ton. Combining my love of reading with the creation process of writing a book like this as a Christian fiction author has been incredible! Thanks God! About the Dragon Slayer series These books come from stories I told to my older three kids when they were small. Bedtime, road trips, and many other times I can remember hearing kids ask, Dad, can you tell us a Hon story? I did... and they finally convinced me to put them into book form. I'm planning on a series of 5 books, hopefully being able to publish a couple per year. Yes, I'm very optimistic!

**Lays of the Dragon Slayer** Maxwell Gray, 2012-08-01 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character

Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
