**When Dragons Rage** Michael A. Stackpole, 2003-11-04 Michael A. Stackpole, New York Times bestselling author and master of epic fantasy, continues his unforgettable chronicle of a world divided by war, betrayal, desire, and two rival magicks. . . . As her merciless armies sweep from the north, the tyrant Chytrine pursues her quest to become empress of the world in a brutal campaign of unspeakable bloodshed and unholy sorcery. While cities and kingdoms topple, her agents, both living and dead, search for fragments of the shattered DragonCrown—which, when reassembled, will make her unstoppable. Opposing Chytrine is the beautiful and determined Alexia, Princess of Okrannel. As she struggles to save the life of Kedyne's Crow, a mysterious human warrior accused of treachery, she gathers around her an alliance of unlikely heroes, including Resolute, an exiled Vorquell out for vengeance; Kerrigan Reese, a mage with uncertain potential; and last but not least, young Will, an orphan thief from the slums of Yslin, who may be the fulfillment of an ancient prophecy—or its innocent victim. Alexia and her friends will need all their courage and magick, their only advantage the secret possession of a vital fragment of the DragonCrown. But when Chytrine's terrifying horde of cruel warriors, voracious minions, and remorseless undead slaves join the battle against them, even courage and magick may not be enough to stem the tide of ultimate darkness.

The Sheltered City John Tristan, 2014-07-07 Amon Vraja, last of the halfdead, tries to

stay out of sight. His kind, twisted by the gift that grants them superhuman strength, are loathed and shunned. Under the enchanted leaves of the Last City, ruled by imperious elves whose love of beauty leaves little room for his ugliness, he's not much more than the ghost of a dragon-haunted past. When the young, headstrong elf-lord Caedian takes an interest in Amon, however, Amon's days in the shadows may be over. Caedian needs Amon to find Caedian's missing twin, and a halfdead brothel guard can't just refuse an elf's desires. Throughout the search, Caedian and Amon rely on each other's strength and generosity, and Amon is struck by an impossible yearning for his elvish patron. As they peel away layers of deceit and spiral closer to one another, they also near the horrifying truth of the elves' protection. And when they discover it, they'll face a choice: step outside the shelter of the world's last city, or die where they stand. 90,000 words

The news has thrown the Council of Kings into a furor and drained the spirit from once united factions. As questions swirl about as to Will's legacy, and even his identity, one thing is clear: a divided alliance lacks power. And this may be exactly the opening Chytrine needs to seize control-and capture the empowering artifact, the DragonCrown—once and for all. Still, Will's friends and comrades remain true to his cause, preparing to continue the fight. Among them is the Vilwanese hero, Kerrigan

Reese, and Alyx, groomed to lead an army. Sayce, pregnant with Will's child, must remain behind as the new custodian of the Norrington future in case they fail. **Magic, Television, & Marijuana** Matthew Berkman, 2022-04-20 The stories you read change you. But what if those stories were literally magic? Mark is a former film student now stuck as a deli cashier. Hannah is a dissatisfied teenager obsessed with fantasy novels and unimpressed with real life. These two disaffected yet sympathetic characters are ripped away from their avenues of escape—fiction, pop culture, and legalized weed—and thrust into a world where giant media conglomerates commit supernatural corporate espionage and the few remaining members of an ancient magic race know as much about human pop culture as Quentin Tarantino. Full of insight, humor, humanity, action, and magic; *Magic, Television, & Marijuana* explores the consequences of the stories we grew up with and all the ways in which our media-driven world can change a person, for good or ill.

*Fortress Draconis* Michael A. Stackpole, 2002-10-29 In an age of treachery and peril, a

young thief may be the prophesied savior . . . or the betrayer of the world. Once one of the grandest of human cities, Yslin now has a dark heart known as the Dimandowns. And when Will, an orphaned young thief from the Dim, plots to prove himself to his master by stealing a prize from the exiled Elves who share the fetid slums, his theft of the strange artifact snares him in a web of prophecy. It also brings him together with Kedyn's Crow, a shadowy human warrior, and Resolute, a Vorquelf determined to redeem his long-lost island home. To them, Will could be the fulfillment of a long-held dream and the last chance the world has to save itself from Chytrine, the northern tyrant who would be empress of the world. But their belief in Will finds few allies in a world torn by war and magick. Preoccupied with their own internecine struggles, the world's leaders see Will as a pawn. Only Chytrine seems able to recognize Will's destiny, and she sends her Dark Lancers to destroy him. For who better to destroy a hero than the ill-fated heroes of the previous generation, survivors of a failed war to exterminate Chytrine, now corrupted to her service? Yet even as Will is tested, a new generation takes up arms where their predecessors failed. Alexia, princess of a dead nation, leads an army to oppose Chytrine. And the sorcerers of Vilwan have fashioned their own hero, Kerrigan Reese, bestowing upon him powers and abilities no human has held for centuries. Together these heroes travel to the mysterious Fortress Draconis to stop Chytrine from stealing more fragments of the DragonCrown—a powerful artifact that, once in her control, will guarantee her dominion forever.
